

they are employed in accordance with the following conditions:—

- (1) The period of employment shall not exceed 12 consecutive hours, and shall begin and end at the hours specified in the notice in the Act mentioned; and
- (2) The provisions of Part One of the Act with respect to the allowance of times for meals to young persons during the period of employment shall be observed, with the necessary modifications as to the hour at which the times allowed for meals are fixed; and
- (3) A male young person employed during any part of the night shall not be employed during any part of the 12 hours preceding or succeeding the period of employment; and
- (4) A male young person shall not be employed on more than 6 nights, or in the case of blast furnaces or paper mills 7 nights, in any two weeks:

And the said Act declares that the provisions of the Act with respect to the period of employment on Saturday, and with respect to the allowance to young persons of 8 half holidays in every year, or of whole holidays in lieu of them, shall not apply to a male young person employed in day and night turns in pursuance of this exception:

And whereas this special exception is by the Act applied to the factories specified in Part Six of the Third Schedule thereto; but power is given to a Secretary of State to extend such exception to other classes of non-textile factories and workshops:

And whereas it has been proved to my satisfaction that in non-textile factories of the class mentioned in the schedule hereunder it is necessary, by reason of the nature of the business requiring the process to be carried on throughout the night, to employ male young persons of sixteen or upwards at night, and that such employment will not injure the health of the male young persons employed:

Now I, the Right Honourable Herbert Henry Asquith, one of Her Majesty's Principal Secretaries of State, by this Order, made under section 58 of the said Act, extend the said exception to factories of such class so far as regards male young persons of sixteen or upwards.

This Order shall come into effect on 5th July 1894, and shall continue in force until revoked.

H. H. ASQUITH.

Whitehall, 25th June 1894.

*Schedule.*

The process of Iron Ore Washing.
