FRIDAY, MAY 27, 1910.

WHITEHALL, May 23, 1910.

THE following Letter from the King has been received by the Secretary of State for the Home Department :—

*Marlborough House, Pall Mall, S.W.,
22nd May 1910.*

TO MY PEOPLE.

The voice of affection and of loving devotion to the memory of my dear Father which has come from every part of the Empire, the outward public demonstrations, especially those in the Capital during the two stages of His passing to His last resting place, and the pathetic manner in which vast multitudes of His loving subjects patiently and reverently awaited opportunity to pay a last tribute to His memory, have profoundly touched me and my whole Family.

A sorrow so sudden and unlooked for might well have been overwhelming. But the sentiments evoked by it have made me realise that it is a loss common to me and my people: they share it with me. I do not stand alone.

With such thoughts I take courage, and hopefully look into the future: strong in my faith in God, trusting my people, and cherishing the Laws and Constitution of our beloved Country.

GEORGE R.I.

DOWNING STREET, May 23, 1910.

The following gracious Message has, by His Majesty's Command, been communicated to the Officers Administering the Governments of all

British Dominions beyond the Seas, British Colonies and Protectorates :—

TO MY PEOPLE BEYOND THE SEAS.

The innumerable messages of kindness from my loyal subjects beyond the Seas have deeply touched my heart and have assured me that I have in full measure their sympathy in the great trial which has befallen me and them, that my sorrow is their sorrow, that we share a common loss.

The happiness of all His people throughout His dominions was dear to the heart of my beloved Father. For them He lived and worked, in their service He died, and I cannot doubt that they will hold His name in grateful remembrance. I am now called to follow in His footsteps and carry on the work which prospered in His hands.

As a sailor, I have been brought into constant touch with the oversea dominions of the Crown, and I have personally realised the affectionate loyalty which holds together many lands and diverse peoples in one glorious fellowship.

Nine years ago I travelled through the Empire, accompanied by my dear wife, and, had the late King lived, we should together at His expressed wish have visited South Africa in the coming Autumn to open the first Parliament of the South African Union, the latest and greatest evidence of that peace and harmony which my Father ever loved to promote.

It will be my earnest endeavour to uphold Constitutional Government and to safeguard in their fullness the liberties which are enjoyed throughout my dominions, and under the good guidance of the Ruler of all men I will maintain upon the foundation of freedom, justice, and

peace the great heritage of the united British Empire.

GEORGE R.I.

INDIA OFFICE, May 23, 1910.

The King Emperor has been pleased to send the following Letter to the Princes and Peoples of India :—

The lamented and unlooked-for death of my dearly loved Father calls me to ascend the Throne that comes to me as the heir of a great and ancient line.

As King and Emperor I greet the Princes, the Ruling Chiefs, and all the other dwellers in my Indian dominions. I offer you my heartfelt thanks for the touching and abundant manifestation that this event has called forth from all the diverse races, classes, and faiths in India, of loyalty to the Sovereign Crown, and personal attachment to its wearers.

Queen Victoria of revered memory addressed her Indian subjects and heads of Feudatory States when she assumed the direct government in 1858; and her august son, my Father, of honoured and beloved name, commemorated the same most notable event in His Address to you fifty years later. These are the charters of the noble and benignant spirit of Imperial rule, and by that spirit in all my time to come I will faithfully abide.

By the wish of His late Majesty, and following His own example, I visited India five years ago, accompanied by my Royal Consort. We became personally acquainted with great kingdoms known to history, with monuments of a civilisation older than our own, with ancient customs and ways of life, with native Rulers, with the peoples, the cities, towns, villages, throughout those vast territories.

Never can either the vivid impressions or the affectionate associations of that wonderful journey vanish or grow dim.

Firmly I confide in your dutiful and active co-operation in the high and arduous tasks that lie before me, and I count upon your ready response to the earnest sympathy with the well-being of India, that must ever be the inspiration of my rule.

GEORGE R.I.

NORFOLK, Earl Marshal.

LORD CHAMBERLAIN'S OFFICE,

Notice is hereby given that the Levées, announced to be held on the 30th inst. and the 7th June next, will not take place.

WHITEHALL, May 23, 1910.

His Majesty the King has been graciously pleased to award the Edward Medal of the Second Class to Mr. Evan Owen, Mr. Edmund Davies, and Mr. William Wagner Turner, M.B., under the following circumstances :—

On the 29th October 1909, an explosion of coal dust occurred at the Darran Colliery, Deri, in the Cardiff district, by which 27 persons lost their lives, five succumbing during the rescue operations.

Mr. Evan Owen, the Under Manager of the Colliery, was one of the first to enter the mine after the explosion. In the course of the day he accompanied several of the rescue parties to the furthest points it was possible to reach, and several times he was partially overcome by the effects of the poisonous gases. He persisted in his efforts until late in the day, when he was persuaded to go home.

Mr. Edmund Davies, the day fireman employed at the Colliery, was also among the first to enter the mine and made determined and continued attempts to succour the unfortunate men who had been affected by the explosion. Like Mr. Owen he was at times seriously affected by the noxious air, and only desisted when his services were no longer of any avail.

Dr. Turner, who was the first medical man to reach the mine, displayed great courage by promptly going down the ladders in the upcast and pumping-shaft—an awkward descent to anyone unacquainted with mining work. He rendered all the assistance he could, and nearly paid for his bravery with his life, as he was severely affected by afterdamp.
