ORDER OF THE BOARD OF
AGRICULTURE AND FISHERIES.

(DATED 11TH NOVEMBER 1914.)

ANIMALS (LANDING FROM IRELAND)
CONSOLIDATION AND AMENDMENT
ORDER OF 1914.

The Board of Agriculture and Fisheries, by virtue and in exercise of the powers vested in them under the Diseases of Animals Acts, 1894 to 1914, and of every other power enabling them in this behalf, do order, and it is hereby ordered as follows :

PART I.

LANDING REGULATIONS.

*Regulation of Landing of Irish Animals
in Great Britain.*

1—(1) Cattle, sheep, goats or swine brought from Ireland shall not be landed in Great Britain unless—

(a) the animals have been put on board at a port specified in the First Schedule to this Order ; and

(b) the landing is at a Landing Place defined by Order of the Board as a Landing Place for Irish animals.

(2) The animals shall be landed in such manner and at such times as the Superintendent of the Landing Place shall direct.

(3) When landed they shall be under the supervision and control of an Inspector of the Board ; and, until his arrival, they shall be under the supervision and control of the Superintendent of the Landing Place.

Restrictions on Use of Landing Places.

2. Subject to the provisions of the Order defining a Landing Place for Irish animals, no cattle, sheep, goats or swine other than such as are landed under this Order shall be landed at or be moved into the Landing Place.

Examination of Animals.

3.—(1) Each cargo of animals landed at a Landing Place under this Order shall on landing be driven to a reception lair or reception lairs approved by an Inspector of the Board for reception of the cargo, and the animals shall be there detained until their

movement from the Landing Place is permitted by an Inspector of the Board, which permission shall not be granted unless and until the whole cargo has been examined by a Veterinary Inspector of the Board, and until the expiration of ten hours after the landing of the last animal of the cargo.

(2) If two or more cargoes or parts of cargoes are permitted to be in a reception lair at the same time, they shall for the purposes of this Order be treated as one cargo.

(3) Until permission has been given for the removal of an animal from the Landing Place it shall not be allowed to come in contact with any animal which does not form, or is not teated as, part of the same cargo.

(4) If an animal forming part of a cargo dies or is slaughtered on board or before its examination the carcass shall not be removed from the Landing Place where the animal or carcass is landed without the permission of a Veterinary Inspector of the Board.

(5) The occupier of a Landing Place shall afford such assistance to the Veterinary Inspector as he may require to enable him to examine the animals.

Removal of Animals from Landing Place.

4. All animals landed at a Landing Place shall, subject to permission being given under this Order, be removed by the owner or person in charge thereof from the Landing Place forthwith if such removal is directed by the Superintendent of the Landing Place, and if an animal is not so removed by the owner or person in charge thereof, the occupier of the Landing Place, or the Superintendent thereof acting on behalf of the occupier, shall have power to remove the animal from the Landing Place, and to recover from the owner of the animal at the time of default the costs of and incidental to the removal.

Restrictions on Access to Landing Place.

5. No person, except the officers of Customs and Excise, lairage-men, the Superintendent of the Landing Place, Inspectors of the Board, and such other persons as may be specially authorised in writing by an Inspector of the Board, shall during the time of the landing of the animals be admitted to the landing-stage, pier, quay, or other part of the Landing Place at which the animals are landed, and no person except as aforesaid shall at any time be admitted to any part of the Landing Place which is being used as a reception-lair.

Landing Place Charges.

6. Charges made by the occupier of a Landing Place in respect of animals landed under this Order shall be sanctioned by the Board where the charges relate to the following matters, *i.e.*, landing, lairage, slaughter, or dipping.

*Provisions for Movement through District
in which a Landing Place is Situate.*

7. Regulations made by a Local Authority of the District in which a Landing Place is situate as to movement into or within the District of that Local Authority shall not apply to the landing of animals at the Landing Place, or to their removal therefrom if the animals

are consigned from Ireland or from the Landing Place to a place of destination outside the District of such Local Authority, and are moved from a railway loading bank in or adjoining the Landing Place forthwith by railway out of the District of the Local Authority.

Special Provisions Applicable to Landing of Swine.

8. Nothing in this Order shall be deemed to authorise landing in Great Britain of swine brought from Ireland otherwise than in accordance with the Swine-Fever (Movement from Ireland) Orders of 1904 and 1906, but such landing, and the movement of the swine out of the Landing Place, shall be subject to the regulations imposed by this Order.

Restriction on Movement of Store Sheep.

9. Sheep shall not be permitted by an Inspector of the Board to be moved out of the Landing Place unless and until they have been caused to be dipped in the Landing Place, to the satisfaction of the Inspector, by a thorough immersion in a sheep-dip approved by the Board for sheep-scab or purporting to be so approved: Provided that this Article shall not apply to sheep which, in the opinion of the Inspector, are fit and intended for immediate slaughter or are declared in writing by the owner or person in charge thereof to be intended for immediate slaughter. Every such declaration shall be given to the Inspector and retained by him.

Prohibition of Movements of Diseased Animals.

10. An animal which in the opinion of a Veterinary Inspector of the Board, is affected with, or suspected of, disease as defined in this Order, shall not be moved out of a Landing Place.

PART II.

PROCEDURE IN CASES OF DISEASE OR CALVING.

Procedure in Case of Cattle-Plague, Pleuro-Pneumonia, Foot-and-Mouth Disease, or Sheep-Pox.

11.—(1) If a Veterinary Inspector of the Board is of opinion that an animal in a Landing Place is affected with or suspected of cattle-plague, pleuro-pneumonia, foot-and-mouth disease, or sheep-pox, he shall so certify and forthwith direct the Landing Place to be closed, and the Inspector shall give notice of such closing to such persons and in such manner as he may think expedient for the purposes of carrying into effect the provisions of this Article.

(2) Where a certificate has been so made the following Rules shall apply to the Landing Place until the Board by Order otherwise direct:—

Rule 1. Animals shall not be landed at, or moved into or out of, the Landing Place except with, and subject to the conditions imposed by, a Licence of an Inspector of the Board.

Rule 2. Carcases shall not be removed from the Landing Place except with the per-

mission in writing of an Inspector of the Board.

Rule 3. Fodder, litter, dung, utensils, pens, hurdles, or other things shall not be removed from the Landing Place except with the permission in writing of an Inspector of the Board, which permission shall not be granted until such things have been thoroughly disinfected to the satisfaction of the Inspector.

Rule 4. No person shall, unless authorised in writing by an Inspector of the Board, enter any shed or other place, being part of the Landing Place, in which the diseased or suspected animal is or recently has been.

Rule 5. Every person upon leaving any such shed or other place shall thoroughly wash his hands with soap and water and disinfect his boots and clothes.

Rule 6. A person tending a diseased or suspected animal shall not tend any animal not so diseased or suspected except with the permission in writing of an Inspector of the Board.

Rule 7. Where the disease is sheep-pox, Rules 1, 2, and 6 shall apply only to sheep and the carcases of sheep.

Provision as to Disinfection where Foot-and-Mouth Disease exists.

12.—(1) If an animal brought from Ireland for the purpose of being landed in Great Britain is affected with or suspected of foot-and-mouth disease, the following provisions shall apply whether the animal is so landed or not.

(2) The animal or its carcase and all animals carried in the same vessel shall only be landed at such place and at such time and in such manner as an Inspector of the Board may direct.

(3) The parts of the vessel in which the animals have been carried shall be cleansed and disinfected by the owner or charterer of the vessel to the satisfaction of an Inspector of the Board as soon as practicable, and, if so required by a notice given by an Inspector of the Board to the master of the vessel, before any cargo, other than the animals or their carcases, is removed from the vessel.

(4) All dung of animals, and all partly consumed fodder that has been supplied to the animals, and all litter that has been used for or about the animals, shall be landed, and disposed of by destruction or otherwise by the owner or charterer of the vessel in such manner as an Inspector of the Board shall direct.

(5) Every person who has tended the animals or who shall land from the vessel shall, if so required by an Inspector of the Board, thoroughly wash his hands with soap and water and disinfect his boots and clothes in such manner as the Inspector may direct.

(6) If any person acts in contravention of this Article, or fails to comply with the provisions thereof, he shall, according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

Procedure in case of Sheep-Scab.

13.—(1) A sheep shall not be moved out of a Landing Place if and so long as it is, in the opinion of a Veterinary Inspector of the Board, affected with or suspected of sheep-scab.

(2) If a Veterinary Inspector of the Board is of opinion that a sheep in a Landing Place is affected with or suspected of sheep-scab, any other sheep which were brought in the same vessel with the diseased or suspected animal, or which, in the opinion of the Inspector, have been exposed to infection by contact with the diseased or suspected animal or otherwise, shall not be moved out of the Landing Place unless they are accompanied by a licence authorising such movement granted by an Inspector of the Board.

(3) Sheep authorised by a licence so granted to be moved to a slaughterhouse shall before movement out of the Landing Place be caused to be marked by and at the expense of the owner by the painting or stamping with an indelible composition of red colour of a broad line down the back, and another broad line across the loins of each sheep thus +, each line being not less than nine inches long, and on arrival at the slaughterhouse shall be there detained and be slaughtered by the owner within four days after their arrival at the slaughterhouse.

(4) Sheep authorised by a licence so granted to be moved to any premises other than a slaughterhouse shall not be moved out of the Landing Place unless and until they have been caused to be dipped in the Landing Place, to the satisfaction of an Inspector of the Board by a thorough immersion in a sheep-dip approved by the Board for sheep-scab or purporting to be so approved; and sheep moved under the authority of any such licence shall after their arrival at the place of destination specified in the licence, be there detained and isolated from other sheep until an Inspector of the Local Authority is satisfied that they have been dipped, between the seventh and fourteenth days after the date of their previous dipping in the Landing Place, by a thorough immersion in a sheep-dip approved by the Board for sheep-scab or purporting to be so approved, and the movement licence is endorsed by the Inspector with the word "Released": Provided that sheep required to be detained and dipped under this provision may before the expiration of the period within which their dipping is required at the place of destination be moved, without having been so dipped in the place of destination, to a slaughterhouse for immediate slaughter, if such movement is authorised by a licence granted by an Inspector of the Local Authority of the District in which the premises from which the sheep are to be moved are situate. Sheep so moved shall be detained at the slaughterhouse and there slaughtered by the owner within four days after their arrival at the slaughterhouse.

(5) Sheep moved with a licence under this Article shall be moved by the nearest available route and without avoidable delay to the place of destination specified in the licence, and not elsewhere, and during the movement the sheep shall, as far as practicable, be kept separate from sheep which are not being moved with a similar licence.

(6) Every licence under this Article shall forthwith after completion of the movement be delivered up at, or sent by post to, the nearest police station of the District by the person in charge of the sheep at the time of completing the movement.

(7) A copy of every licence granted under this Article shall be sent by the Inspector granting the same to the Local Authority of the District in which the place of destination is situate.

(8) Where under any Order relating to sheep-scab, or any regulation made thereunder, sheep are required to be dipped under prescribed conditions, the dipping of any sheep under this Order shall, for the purposes of such Order or regulation, be treated as a dipping of the sheep under the prescribed conditions.

(9) An Isolation Notice under Article 5 of the Sheep-Scab Order of 1905 shall not be served on sheep to which this Article relates in respect of their exposure to the infection of sheep-scab in the Landing Place or previously.

Provision where Sheep-Scab is found on Examination before Shipment.

14.—(1) Where in the opinion of a Veterinary Inspector of the Department of Agriculture and Technical Instruction for Ireland an animal intended for conveyance to Great Britain is affected with or suspected of sheep-scab, it shall be unlawful to land the animal in Great Britain, and the provisions of Article 13 of this Order shall apply to sheep which have been exposed to infection by contact with the diseased or suspected animal intended for conveyance to Great Britain.

(2) For the purposes of this Article a certificate by an Inspector of the said Department that an animal is affected with, or suspected of, sheep-scab, or that an animal has been exposed to infection by contact with an animal so affected or suspected, shall be conclusive evidence of those facts.

Procedure in Case of Anthrax.

15.—(1) If a Veterinary Inspector of the Board is of opinion that an animal in a Landing Place is affected with, or suspected of, anthrax, he shall so inform the Local Authority and the Medical Officer of Health of the Sanitary District.

(2) Article 10 (*Disposal of Carcases*) and Article 11 (*Precautions to be adopted with respect to Milk*) of the Anthrax Order of 1910 shall apply, but otherwise that Order shall not apply.

Procedure in Case of Calving Cows.

16. A cow which has calved during the voyage from Ireland or in the Landing Place or port of landing shall not be moved from the Landing Place until such movement is permitted by an Inspector of the Board, which permission shall in no case be granted until the Inspector is satisfied that twenty-four hours have expired since the time of calving.

Exemption of Landing Places from Certain Provisions in Orders of the Board.

17.—(1) A Landing Place shall not be declared to be an Infected Place under any Order of the Board, and any provision in any such Order which relates to Infected Places shall not apply to a Landing Place.

(2) A Detention Notice or Isolation Notice under the Sheep-Scab Order of 1905, or any Order amending that Order, shall not be served in relation to any sheep in a Landing Place.

PART III.

18. Sheep which are being moved from a Landing Place for immediate slaughter under a licence granted by an Inspector of the Board, and swine which are being so moved to a bacon factory or slaughterhouse under a licence granted under the Swine-Fever (Movement from Ireland) Order of 1904, shall not be subject to any restriction on movement imposed by regulations made by the Local Authority of any District.

Provision of Overall Clothes.

19. The occupier of a Landing Place shall at all times provide to the satisfaction of the Board proper and suitable suits of overall clothes for the use of lairage-men and other persons entering the Landing Place, to be worn at such times as an Inspector of the Board may direct.

20.—(1) Animals landed under this Order at a Landing Place shall, until they are taken charge of by the owners or consignees, be supplied by the occupier of the Landing Place, or the Superintendent thereof acting on behalf of the occupier, with a proper and sufficient supply of food and water, and the expenses incurred by them in respect thereof shall be defrayed by the owners or consignees of the animals, and may be recovered by such occupier from the owners or consignees in any court of competent jurisdiction.

(2) The animals shall, after they have been taken charge of by the owners or consignees, be supplied by the owners or consignees with a proper and sufficient supply of food and water.

(3) If an animal remains without a proper and sufficient supply of food or water in contravention of the provisions of this Article, the occupier of the Landing Place and the Superintendent thereof, and the owner and the consignee and the person in charge of the animal, shall, each according to and in respect of his own acts or omissions, be deemed guilty of an offence against the Act of 1894; and it shall lie on the person liable to supply food and water to the animal when charged to prove the proper and sufficient supply of food or water or both, and the time when the same was so supplied.

(4) An Inspector of the Board may in any such case require the detention of the animal in the Landing Place until it has received a proper and sufficient supply of food and water; and, until the Inspector is satisfied that the animal has received it, the animal shall not be moved from the Landing Place.

Disinfection of Landing Place, &c.

21. An Inspector of the Board may give notice to the occupier or Superintendent of a Landing Place requiring the cleansing and disinfection by such occupier of any portion of the Landing Place, or any fittings, pens, hurdles or other things that have been used in connection with the landing of animals brought

from Ireland, and when such notice shall have been given, that portion of the Landing Place, or those things, as the case may be, shall not be used for animals unless and until the same shall have been cleansed and disinfected to the satisfaction of an Inspector of the Board.

Power to exclude Persons.

22.—(1) An Inspector of the Board or the Superintendent of a Landing Place is hereby empowered to affix at or near the entrance thereof or of any building therein a notice forbidding persons to enter therein without the permission mentioned in the notice; and thereupon any person who enters or goes into, on, or over such premises without that permission shall be deemed guilty of an offence against the Act of 1894.

(2) An Inspector of the Board or the Superintendent of a Landing Place is hereby empowered to direct any person to quit such Landing Place, or any particular building, lair, landing-stage, pier, quay, or other portion thereof; and thereupon any person who fails to quit such premises on direction as aforesaid shall be deemed guilty of an offence against the Act of 1894.

23. An Inspector of the Board or the Superintendent of a Landing Place is hereby empowered to affix at or near the entrance thereof or of any building therein a notice to the effect that persons before leaving such Landing Place or building will be required to disinfect themselves and their clothes in the manner specified in such notice, and thereupon every person shall disinfect himself and his clothes accordingly.
