**BOARD OF TRADE ANNOUNCEMENT.**

**LICENCES FOR THE IMPORTATION INTO FRANCE AND ALGERIA OF GOODS THE IMPORT OF WHICH INTO THOSE COUNTRIES IS PROHIBITED.**

In agreement with the British Government, the French Government has set up at King's House, Kingsway, London, W.C., a special office for the issue of licences for the importation into France and Algeria of goods of *British* production or manufacture which are included in the list of articles prohibited to be imported into those countries.

The following procedure has been laid down for the working of this service:—

The application for a licence must be drawn up strictly in accordance with the annexed form, and must include a certificate to the effect that the place of production or manufacture of the goods is situated within the British Empire, that is to say, either in the United Kingdom or in a British Dominion, Colony or Protectorate. This certificate (which is to be inserted on the form of application itself) must be signed on behalf of the Chamber of Commerce of the district or town in which the merchant concerned carries on his business.

The form should then be forwarded by the applicant to the Board of Trade, Gwydyr House, Whitehall, London, S.W., which Department, after examining the application, will "viser"

the same and forward it to the French Office in London. On receipt of this document the French Office will, unless there are reasons to the contrary, issue an import licence, which will be dispatched in original to the actual consignee of the goods in France, and of which a copy will be addressed to the exporter in this country.

In order to prevent delays and difficulties, applicants for licences are specially recommended—

(1) to draw up their applications in as precise a form as possible as regards the number and description of the packages, the marks and numbers thereon, the description of the goods, and the quantities to be exported;

(2) to specify on the application, in a legible manner, the name and address of the consignee, and the port of discharge in France or Algeria; and to furnish the description of the goods in both French and English.

The French Office in London will not grant licences for the import into France or Algeria of diamonds, woods and metals, and those parts or accessories of automobiles of which the importation is prohibited. In these cases applications for import licences should be made by the consignee to the competent authorities in France.

\* \* \* \*

FORM OF APPLICATION FOR LICENCE TO IMPORT INTO FRANCE OR ALGERIA.

Admiralty, 6th September 1916.

The KING has been graciously pleased to give orders for the appointment of the undermentioned Officers to be Companions of the Distinguished Service Order:—

Lieut.-Cdr. Thomas Stephen Lewis Dorman, R.N.

For his gallant conduct at Reshire on the 9th September 1915, when he volunteered and endeavoured to bring a machine-gun into action, exposed to a heavy fire from the enemy, at about 300 yards range. A Yeoman of Signals who accompanied Lieut.-Cdr. Dorman was mortally wounded.

Eng. Lieut.-Cdr. William Howard Clarke, R.N.

After his ship had been holed below the water-line in action off the Belgian coast, he kept the engines running under most difficult conditions.

Lieut.-Cdr. William Markham Egerton, R.N.V.R.

St.-Surg. Aloysius Francis Fleming, R.N.  
 Capt. (temp. Maj.) Reginald Dawson Hopcraft Lough, R.M.L.I.

In recognition of their services with the Royal Naval Division in the Gallipoli Peninsula.

The KING has further been graciously pleased to give orders for the award of the Distinguished Service Cross to the undermentioned Officers:—

Lieut. Frederick Septimus Kelly, R.N.V.R.

Capt. Bernard George Weller, R.M.L.I.

Temp. Lieut. Thomas Nixon Riley, R.M.

In recognition of their services with the Royal Naval Division in the Gallipoli Peninsula.

Flight Sub-Lieut. Roderic Stanley Dallas, R.N.A.S.

Flight Sub-Lieut. Dallas, in addition to performing consistently good work in reconnaissances and fighting patrols since December 1915, has been brought to notice by the Vice-Admiral, Dover Patrol, for the specially gallant manner in which he has carried out his duties. Amongst other exploits is the following: On the 21st May 1916 he sighted at least 12 hostile machines, which had been bombing Dunkerque. He attacked one at 7000 feet, and then attacked a second machine close to him. After reloading, he climbed to 10,000 feet, and attacked a large hostile two-seater machine off Westende. The machine took fire and nose-dived seawards. Another enemy machine then appeared, which he engaged and chased to the shore, but had to abandon owing to having used all his ammunition.

Sub-Lieut. (now Act. Lieut.) Christopher Bernard Oxley, R.N.

Sub-Lieut. Oxley was acting as Observer with Flight-Lieut. Edward H. Dunning, D.S.C., as Pilot, on escort and reconnaissance patrol for a flight of bombing machines on the Bulgarian coast, on the 20th June 1916. Two

enemy machines were engaged at close range and forced to retire, and as our machine withdrew Flight-Lieut. Dunning was hit in the left leg and the machine itself was badly damaged. Sub-Lieut. Oxley, having first improvised a tourniquet, which he gave to Flight-Lieut. Dunning, took control of the machine, whilst the latter put on the tourniquet. The pilot was obliged to keep his thumb over a hole in the lower part of the petrol tank in order to keep enough fuel to return to the aerodrome, where he made an exceedingly good landing.

Flight Sub-Lieut. Donald Ernest Harkness, R.N.A.S.

Flight Sub-Lieut. Ralph Harold Collett, R.N.A.S.

In recognition of their services on the morning of the 9th August 1916, when they dropped bombs on the airship sheds at Evere and Berchem St. Agathe. Flight Sub-Lieut. Collett dropped all his bombs on the shed at Evere from a height of between 300 and 500 feet, under very heavy rifle, machine-gun and shrapnel fire from all directions. Flight Sub-Lieut. Harkness could not descend so low owing to the very heavy anti-aircraft fire which had by this time been opened on the machines, but he dropped some of his bombs on the shed, and then proceeded to Berchem St. Agathe, which he also bombed.

Act. Lieut. Frank Stewart Lofthouse, R.N.R.

Lieut. Lofthouse showed admirable presence of mind on the occasion of the attack by an Austrian cruiser on a group of drifters in the Adriatic on the 9th July 1916. When the cruiser opened fire on his drifter at point-blank range, this officer ordered the crew to put on lifebelts, and immediately went to the wireless apparatus himself and twice sent out a message as to the presence of the cruiser. Whilst he was sending this message three shots hit the ship. He then came on deck and, finding his ship was sinking, he got his crew overboard and by his example and behaviour kept them together until they were picked up six hours later.

Skipper Harold John Goldspink, R.N.R., 1937 W.S.A.

Skipper James Ritchie, R.N.R., 1271 W.S.A.

Skipper Ritchie behaved in an admirable manner and displayed great coolness under fire on the occasion of the attack by an Austrian cruiser on a group of drifters in the Adriatic on the 9th July 1916. He was instrumental in saving many lives by taking his drifter alongside damaged drifters and by picking up men who were in the water.

Skipper Frederick George Harris, R.N.R., 1147 W.S.A.

Skipper Harris showed most seamanlike qualities on the occasion of the attack by an Austrian cruiser on a group of drifters in the Adriatic on the 9th July 1916. He went to the assistance of the damaged drifters, took them in tow, and brought them safely into harbour.

The following awards have also been approved:—
