TENDERS FOR TREASURY BILLS AND
TREASURY BONDS.

1. The Lords Commissioners of His Majesty's Treasury hereby give notice, that Tenders will be received at the Chief Cashier's Office, at the Bank of England, on Friday the 14th November 1924, at 1 o'clock, for:—

(a) Treasury Bills to be issued under the Treasury Bills Act, 1877, The National Debt Act, 1889, and the War Loan Acts, 1914-1919; and

(b) £4 per cent. Treasury Bonds, repayable at par on the 15th April 1933.

2. The maximum amount of Treasury Bills and Treasury Bonds to be issued will be £30,000,000. The amount of Treasury Bonds issued will not exceed £3,000,000, but subject to that limit the total amount issued will be divided between Bills and Bonds in such proportions as Their Lordships may determine.

TREASURY BILLS.

3. The Bills will be in amounts of £5000 or £10,000. They will be dated at the option of the Tenderer on any business day from Monday the 17th November 1924, to

Saturday the 22nd November 1924, inclusive, and will be payable at three months after date.

4. The Bills will be issued and paid at the Bank of England.

5. Each Tender must be for an amount not less than £50,000, and must specify the date on which the Bills required are to be dated, and the net amount per cent. (being an even multiple of one penny) which will be given for the amount applied for. Separate Tenders must be lodged for Bills of different dates.

4 PER CENT. TREASURY BONDS, 1933.

6. The Bonds will be in denominations of £50, £100, £200, £500, £1000 and £5000. They will be exempt from Corporation Profits Tax, and will, as indicated in the notice of 30th September 1924, rank *pari passu* with those issued under the Prospectus of the 23rd March 1923. They will be dated at the option of the Tenderer on any business day from Monday the 17th November 1924, to Saturday the 22nd November 1924, inclusive; the first dividend payable on the 15th April, 1925, will represent in the case of each Bond, interest to that date from the date of the Bond.

7. Each Tender must be for an amount not less than £50,000, and must specify the date on which the Bonds required are to be dated, and the net amount per cent. (being an even multiple of one shilling) which will be given for the amount applied for. Separate Tenders must be lodged for Bonds of different dates.

8. Tenders must be made through a London Banker, Discount House or Broker.

9. The persons whose Tenders are accepted will be informed of the same not later than the following day, and payment in full of the amounts of the accepted Tenders must be made to the Bank of England by means of Cash or a Banker's Draft on the Bank of England not later than 2 o'clock (Saturday 12 o'clock) on the day on which the relative Bills or Bonds are to be dated.

10. In virtue of the provisions of Section 1, (4) of the War Loan Act, 1919, Members of the House of Commons are not precluded from tendering for these Bills and Bonds.

11. Tenders must be made on the printed forms, which may be obtained from the Chief Cashier's Office, Bank of England.

12. The Lords Commissioners of His Majesty's Treasury reserve the right of rejecting any Tenders.

ORDER OF THE MINISTER OF AGRICULTURE AND FISHERIES.

(DATED 4TH NOVEMBER 1924.)

FOOT-AND-MOUTH DISEASE (INFECTED AREAS) ORDER OF 1924 (No. 164).

The Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894 to 1922, and of every other power enabling him in this behalf, hereby orders as follows:—

Meaning of Terms.

1. In this Order:—
“ The Act of 1894 ” means the Diseases of Animals Act, 1894.
“ The Minister ” and “ The Ministry ”

mean the Minister and the Ministry of Agriculture and Fisheries.

“ An Infected Area ” means any Area which is declared by an Order of the Minister to be an Infected Area for the purposes of this Order.

If any farm, holding, park or enclosure (excluding any detached part) is partly within and partly outside an Infected Area, the whole shall be deemed to be within that Area.

“ Animals ” means cattle, sheep, goats, deer or pigs;

“ Slaughterhouse ” means premises used habitually and solely for the purpose of slaughtering animals, but does not include (1) a slaughterhouse which forms part of a farm, or (2) any premises on which animals other than those intended for immediate slaughter are kept.

“ Infected Place ” means a place declared by an Order of the Minister to be a place infected with Foot-and-Mouth Disease. Provided that any such place on which all affected animals have been slaughtered shall, for the purposes of this Order cease to be regarded as an infected place at the expiration of twenty-eight days from the date upon which the slaughter of the stock was completed, if the final disinfection of the premises has been completed to the satisfaction of an Inspector of the Ministry.

Restrictions in Force in the Infected Areas.

2.—(a) No animals shall be moved out of an Infected Area except to a slaughterhouse in another Infected Area as provided in Article 3 of this Order.

(b) No animals shall be moved without a licence under Article 3 of this Order:—

(i) into an Infected Area; or

(ii) along or across any road or other highway or by water within an Infected Area.

(c) (i) No cattle, sheep, goats or pigs shall be permitted by the owner or person in charge thereof to stray upon any road or other highway in an Infected Area.

(ii) The occupier of any park or enclosure in which deer are kept shall, if such park or enclosure is within an Infected Area, take all practicable steps to prevent the straying of any such deer out of the park or enclosure.

(d) No market, fair, sale or exhibition of animals shall be held in an Infected Area, except a market or sale of fat animals intended for immediate slaughter, or a sale of animals on farm premises. A licence must be obtained from the Local Authority to hold any such market or sale, and a Veterinary Inspector of the Local Authority shall attend and examine the animals exposed thereat. No licence shall be granted for the holding of any such market, fair, or sale of fat animals on any premises within a radius of five miles from any infected place, or for the holding of a sale on farm premises within a radius of two miles from any infected place.

(e) No manure, refuse, or offals or other parts of a carcass intended for feeding animals, removed from any slaughterhouse in an Infected Area shall be moved out of an Infected Area or be brought into contact with animals in any such Area.

Movement of Animals by Licence into or within the Infected Areas.

3.—(1) Licences may be granted by an Inspector of a Local Authority for the following movements of animals only:—

(a) From premises outside any Infected Area to a slaughterhouse in an Infected Area.

(b) From premises outside any Infected Area to a farm in an Infected Area.

(c) From a farm in an Infected Area to a licensed fat stock market or fat stock sale in the same Area.

(d) From a licensed fat stock market or sale in an Infected Area, or from a farm or other premises in an Infected Area, to a slaughterhouse in the same Infected Area or in another Infected Area.

(e) From one farm to another in the same Infected Area, or between different parts of the same farm in such Area, if the Inspector considers the movement to be necessary or expedient. (These licences may be made available for movement as often as required if the Inspector endorses the licence “ Occupation licence.”)

(2) Where the licence is granted by an Inspector of a Local Authority under paragraph (b) for the movement of animals from premises outside any Infected Area to a farm in an Infected Area, or under paragraph (e) for movement from one farm to another in an Infected Area, it shall be a condition of the licence that the animals shall on arrival at the destination specified in the licence be detained thereon for a period of twenty-eight days, and during that period the animals shall not be removed from the premises for any purpose. Provided that this provision shall not apply to a licence granted in respect of the movement of animals for breeding purposes, if such licence is endorsed by the Inspector granting the same “ For Breeding Purposes.”

This Article shall not be deemed to prohibit the movement of the carcass of an animal slaughtered on the premises during the said period.

(3) No licence shall be granted under this Article for (i) the movement of animals from any premises to any farm for the purpose of sale at a licensed farm sale, or (ii) the movement of any animal to or from any place or along any road within a radius of two miles from any infected place.

Time Limit for Slaughter of Animals.

4. Animals moved with a licence under this Order to a slaughterhouse shall be slaughtered within 96 hours of the time of arrival at the slaughterhouse, provided that the Local Authority of the district in which the slaughterhouse is situate may, if they think fit, require any such animals to be slaughtered within a less period than 96 hours.

Conditions of Licences.

5.—(a) Licences may be granted only by an Inspector of the Local Authority of the district in which the place of destination is situate, and no licence shall be available for the movement of the animals, unless and until it is countersigned by an Inspector of the Local Authority

of the district in which the premises from which the animals are to be moved are situate.

(b) In any case where the number of animals proposed to be moved with a licence under this Order (other than an Occupation Licence) is less than the number in respect of the movement of which the licence was granted, the licence shall not be available for the movement unless and until the Inspector countersigning the licence has endorsed thereon the number of animals proposed to be moved. After such endorsement the licence shall be deemed to be available for the movement of the number of animals so endorsed, and no other number.

(c) Where any animals are moved with a licence under this Order, the Inspector granting or countersigning the licence may, if he thinks it desirable, specify therein the route by which the animals are to be moved, and may require the animals to be moved by float or other suitable vehicle.

(d) Licences granted for the movement of animals from any premises in an Infected Area shall not permit the movement of such animals on any road not within an Infected Area for the purpose of reaching a destination within any such area.

(e) Licences may be withdrawn at any time by a notice served by an Inspector of the Local Authority on the person to whom such licence was granted.

(f) Licences, other than Occupation Licences, must be delivered up at or sent by post to the nearest Police Station, or to an Officer of the Local Authority immediately after completion of the movement.

(g) Licences, other than Occupation Licences, shall be available for six days, including the day of issue, or any less period endorsed on the licence by the Inspector granting the same, and shall accompany the animals throughout the movement.

(h) Animals, while being moved with a licence under this Order, shall be moved as far as practicable by rail by the nearest available route, and without avoidable delay to the place of destination specified in the licence, and not elsewhere, and shall be kept separate, as far as practicable, from all other animals. Animals being moved under this Order by railway shall not be untrucked until they reach the railway station nearest to the place of destination. In no case shall any such animal be untrucked at any place outside the Infected Areas.

(i) Licences shall be produced by the person in charge of the animals moved therewith on demand to an Inspector of the Ministry or of the Local Authority or to a Constable, and such person shall, if required, by such Officer, give his name and address.

(j) Licences issued under this Order shall not be deemed to permit movement on any road within a radius of two miles of any infected place.

Movement through Infected Areas by Railway Permitted.

6. This Order shall not prevent the movement of animals direct by railway through an Infected Area or Areas, from a place outside any such Area to another place outside any such Area provided that the animals are not untrucked within any Infected Area.

Animals for Slaughter to be Marked.

7.—(a) Animals moved to a slaughterhouse in accordance with a licence under this Order shall be detained at such slaughterhouse until they are slaughtered.

(b) Before such movement commences all such animals shall be marked as follows:—

Cattle.—A broad arrow six inches long clipped on the left hindquarter and the hair clipped off the end of the tail.

Sheep.—A letter M six inches long painted or stamped with red or blue adhesive composition on both sides of each sheep.

Pigs.—A letter M painted or stamped on both sides of the pig with red or blue adhesive composition.

Closing of Footpaths and Premises.

8.—(1) An Inspector of the Ministry or of the Local Authority may (notwithstanding the existence of any footpath or right of way) prohibit the entry of any person into any field, shed or other place in an Infected Area by giving notice in writing to that effect to the occupier. In such cases the owner of the animals in such places, or his agents or servants, may enter for the sole purpose of feeding or tending the animals, but no other person shall enter any such place until such notice has been withdrawn by a further notice from an Inspector, unless he has obtained a licence to do so from an Inspector of the Ministry or of the Local Authority.

(2) Copies of such notices shall be affixed or exhibited by the Inspector in such manner as he may think desirable for ensuring notification of the restrictions thereby imposed;

(3) Copies of such notices, when served, shall be sent to the Ministry.

Control of Dogs and Poultry.

9.—(1) Within a radius of two miles from any infected place all dogs shall at all times, except whilst in a dwelling house, be kept under control by being:—

(i) confined in a kennel or other enclosure from which the dog cannot escape; or

(ii) secured to some premises by a collar and chain; or

(iii) accompanied by the owner or some person deputed by him and under effectual control.

(2) Any dog which is not kept under control as prescribed by this Order may be seized by the Local Authority, or by the Police, and any dog so seized shall be dealt with in the same manner as a stray dog seized under the powers conferred by section three of the Dogs Act, 1906, is thereby authorised to be dealt with. No dog so seized shall be given or sold for the purpose of vivisection.

(3) An Inspector of the Ministry or of the Local Authority may, by written notice served upon the occupier of any premises in an Infected Area on which dogs or poultry are kept, require such occupier to keep such dogs or poultry under such control as may be prescribed in the notice, or to confine them to any special part of the premises;

(4) Copies of such notices, when served, shall be sent to the Ministry.

Precautions to be taken by Persons Clipping or Dipping Sheep.

10. Any person who clips or dips sheep on any farm or premises in an Infected Area shall before he clips or dips sheep on any other farm or premises, whether in an Infected Area or not, take the following precautions against the spread of foot-and-mouth disease:—

(1) He shall not clip or dip sheep on such other farm unless he is wearing overalls capable of being cleansed and disinfected as required by this Order and which have been so cleansed and disinfected since he clipped or dipped any other sheep, by being steeped for not less than five minutes in boiling water or steeped for not less than twenty minutes in the prescribed solution.

(2) He shall remove all wool, dung and soil from his boots and leggings (if worn) and then disinfect them by immersion in, or thorough sponging with, the prescribed solution.

(3) He shall remove all wool from any clippers or other instruments used in clipping and then disinfect them with the prescribed solution.

(4) The prescribed solution for the purposes of the foregoing provisions shall be either a four per cent. (minimum) solution of carbolic acid (containing not less than ninety-five per cent. of actual carbolic) or a disinfectant equal in disinfective efficiency to the above-mentioned solution of carbolic acid.

(5) He shall wash and brush his hands thoroughly with hot water and then immerse them in a solution containing not less than three per cent. of carbolic acid of such strength as aforesaid.

Saving for Orders and Regulations.

11. No licence under this Order shall authorise the movement of animals in contravention of any Regulations made by a Local Authority other than the Local Authority by whom the licence is issued.

Movement of Imported Animals.

12. Imported animals intended to be moved from an approved Landing Place to a destination within an Infected Area shall be accompanied throughout the movement by:—

(1) A licence issued under this Order by an Inspector of the Local Authority of the place of destination, and in the case of cattle, sheep or goats, by (2) the licence granted by the Inspector of the Ministry authorising the removal of the animals from the Landing Place. The last-mentioned licence shall not be issued until the Local Authority's licence is produced to the Inspector of the Ministry at the Landing Place.

Local Authority to Enforce Order.

13. This Order shall be executed and enforced by the Local Authority.

Offences.

14.—(1) If an animal is moved in contravention of this Order, the owner of the animal and the person for the time being in charge thereof, and the person causing, directing or

permitting the movement and the person moving or conveying the animal, and the consignee or other person receiving or keeping it, knowing it to have been moved in contravention as aforesaid, and the occupier of the place from or to which the animal is moved shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.
