

who can show that they have had at least two year's drawing office experience.

8. Candidates who are successful in, or who are exempt from, this qualifying examination will be admitted to an interview before a Selection Board which shall be nominated by the Civil Service Commissioners in consultation with the authorities of the Department, who shall be represented on it. The Selection Board will select for appointment those candidates whom they consider most suitable. The decisions of the Selection Board shall be final.

9. Candidates selected for appointment must satisfy the Civil Service Commissioners as to their health and character.

10. Every candidate will be required to pay a fee of 2s. 6d. at the time of application which will not be returned in any circumstances, and a candidate recommended for appointment will be required to pay a further fee of 17s. 6d. before the issue of his certificate of qualification.

11. Any attempt on the part of candidates to enlist support for their applications through Members of Parliament or other influential persons who have no personal acquaintance with their work will disqualify them for appointment. The Selection Board will disregard spontaneous recommendations from persons who are not personally acquainted with the candidates work.

PATENTS AND DESIGNS ACTS, 1907 to 1928.

Application under Section 24 for Cancellation of Indorsement of Patent "Licences of Right."

Notice is hereby given that application has been made for the cancellation of the Indorsement "Licences of Right" on the undermentioned patents, viz. :—

No. of Patent.	Grantee.	Title.
157,440 (1367 21)	Engl, J. & ors. ... ..	"Improvements in means for recording sound vibrations photographically." "Improvements in means for recording sound vibrations photographically." "Improvements in apparatus for recording sound waves by means of light rays." "Reproducing device for photographically produced sound records." "Cathode ray tube for the recording of electric frequencies free from inertia." "Improvements in apparatus for recording sounds photographically." "Process for the developing and copying of film strips with sound records."
