*India Office,
6th September 1929.*

GEORGE R.I.

WHEREAS we deem it expedient to consolidate and amend the rules for the promotion and precedence of Our Indian Medical Service contained in Our Warrant of 28th May 1913, and in such other Warrants granted since that date as are still in force.

Our will and pleasure is that from and after this date the following rules shall be established:

It is also Our will and pleasure that this Our Warrant shall be administered and interpreted by Our Secretary of State for India in Council, who shall be the sole and standing authority upon the matters herein contained.

1. The substantive ranks of Medical Officers in Our Indian Military Forces shall be as follows:—

Major-General.
Colonel.
Lieutenant-Colonel.
Major.
Captain.
Lieutenant.

The Director-General of Our Indian Medical Service shall hold the substantive rank of Major-General, or, when approved by Our Secretary of State for India in Council, the substantive rank of Lieutenant-General.

2. An Officer will not be permitted to remain in the Service if at any time during the first three years from the date of his first commission his retention therein is, in the opinion of Our Secretary of State for India in Council, undesirable.

3. Except as otherwise herein provided, a Lieutenant shall be eligible for promotion to the rank of Captain on completing three years' full pay service, if he has previously passed such examinations as may be prescribed by Our Secretary of State for India in Council, and is in all other respects qualified and recommended. An Officer who has not passed the prescribed examinations may be provisionally promoted, if, in the opinion of Our Governor-General of India in Council, he has not had a reasonable opportunity of passing. Such provisional promotion may be cancelled as soon as he has had such opportunity and has not passed.

4. Except as otherwise herein provided, a Captain shall be eligible, if in all respects qualified and recommended, for promotion to the rank of Major on completing nine years' full pay service in the rank of Captain. This period may be reduced by six months in the case of an Officer who produces satisfactory evidence of progress in any branch of knowledge which is likely to increase his efficiency. A Captain who may be prevented by exigencies of the Service from obtaining an opportunity of qualifying for such accelerated promotion shall have the concession open to him for a period of four years after his promotion to the rank of Major in ordinary course, but any antedate of promotion which may be granted shall be without adjustment of pay.

5. Except as otherwise herein provided, a Major shall be eligible, if in all respects qualified and recommended, for promotion to the rank of Lieutenant-Colonel on completing eight years' full pay service in the rank of Major, including any period covered by antedated promotion without adjustment of pay.

6. Time on half-pay, not exceeding one year, shall be allowed to reckon as service for promotion under Articles 3, 4 and 5 if removal to half-pay has been in consequence of medical unfitness caused by duty, military or civil. An Officer shall not by reason of any promotion during the late war be eligible for promotion to the rank of Major/Lieutenant-Colonel under 12/20 years' service from the date of first commission (or $11\frac{1}{2}/19\frac{1}{2}$ years from the date of first commission if he is entitled to the reduction of six months specified in Article 4) except that an Officer appointed as the result of the competitive examination of July 1915 may be promoted to the rank of Major/Lieutenant-Colonel at such date before he has completed 12/20 years' service as may be required to avoid his supersession (otherwise than through the reduction of six months in the circumstances specified in Article 4) by an Officer entering the service by nomination during the war.

7. A Captain after at least six years' service, a Major or Lieutenant-Colonel may be promoted to the next higher rank by brevet for distinguished service in the field or for meritorious or distinguished service of an exceptional nature other than in the field.

8. A certain number of Lieutenant-Colonels may be specially selected for increased pay for ability and merit.

9. Promotion from the rank of Lieutenant-Colonel to that of Colonel and promotion to the rank of Major-General, shall be given by

selection for ability and merit, and the grounds of such selection shall be stated to Us in writing, and recorded in the Office of Our Secretary of State for India.

10. A Lieutenant-Colonel may also be promoted to the rank of Colonel, and a Colonel to the rank of Major-General, for distinguished service in the field. In any such case the Officer shall remain supernumerary in the higher rank until the vacancy to which, in the ordinary course, he would have been promoted, or, in the case of an Officer promoted to the rank of Colonel, until selection for the rank of Major-General.

11. Exchanges between Officers of Our Indian Medical Service and Officers of Our Royal Army Medical Corps, being of the same rank and below the rank of Major, and transfers of Officers below the rank of Major from either of the above-mentioned Services to the other, shall be permitted with the approval of Our Army Council and of Our Secretary of State for India in Council, and on the following conditions:—

(1) That the Officers have less than seven years' service.

(2) That in the case of Captains, their seniority for the purpose of exchange shall be determined as if they had been promoted after the period of service required for promotion to that rank in the Service into which they exchange, but that any alteration of date of rank made in pursuance of this provision shall be without adjustment of pay.

(3) Subject to (2) that the senior Officer exchanging takes the place of the junior on the list to which he exchanges, and shall not be promoted until the Officer next above him has been promoted, or has been refused promotion in consequence of failure to qualify for it.

(4) Subject to (2) that the junior Officer exchanging is placed for seniority next below all Officers on the list to which he exchanges whose commissions have the same date as his own.

(5) That the Officer transferred is placed for seniority below all Officers holding the same rank at the time of his transfer, and shall not be promoted until the Officer next above him has been promoted or has been refused promotion in consequence of failure to qualify for it.

12. With a view to maintaining the efficiency of the Service, Medical Officers shall be placed on the Retired List when they attain the following ages:—

Director-General, 60.

Director of Medical Services in India of an Officer of Our Indian Medical Service, 60.

Major-General, 60.

Colonel, 57.

Brevet-Colonel, 57.

Lieutenant-Colonel, 55.

Major, 55.

But a Lieutenant-Colonel who entered the Service before the 1st April 1911 and who has been specially selected for increased pay under Article 8 may, if he attains the age of 55 years before he completes 27 years' service for pension be retained until completion of such service.

13. An Officer appointed after the 11th September 1890, who may retire on pension before completing 30 years' service, shall be liable, till he completes 55 years of age, to be recalled to duty in case of emergency.

14. Six of the most meritorious Officers of Our Indian Medical Service on the Active List shall be named Our Honorary Physicians and six Our Honorary Surgeons, and they shall relinquish such appointment on retirement. On appointment as one of Our Honorary Physicians or Honorary Surgeons an Officer under the rank of Colonel in Our Indian Medical Service may be promoted to the brevet rank of Colonel.

Given at Our Court at St. James's this 7th day of August 1929, in the twentieth year of Our Reign.

By His Majesty's Command.

WEDGWOOD BENN.

The towns at which a vacancy or vacancies will be filled on the result of this competition are as follows, viz. :—

The Examinations are restricted to persons whose homes are in or near the town for which they desire to compete.

No person will be admitted to Examination from whom the Secretary of the Civil Service Commission has not received on or before the 24th October 1929 an application in the candidate's own handwriting, on the prescribed form, which may be obtained from the Secretary at once.

Civil Service Commission, September 6, 1929.

The Civil Service Commissioners hereby give notice that the following Regulations are pub-

lished with the approval of the Lords Commissioners of His Majesty's Treasury, viz.:—

REGULATIONS RESPECTING OPEN COMPETITIVE EXAMINATIONS FOR THE ADMISSION OF BOYS AND GIRLS TO THE CLERICAL CLASSES (GENERAL AND DEPARTMENTAL) OF THE CIVIL SERVICE.

These Regulations are liable to alteration from time to time.

1. AGE.—The limits of age are 16 and 17. For any examination the governing date on which candidates must be of the prescribed age is the 1st March of the year in which the examination is held. A candidate who attained the age of 16 on the governing date would be admitted, but a candidate who attained 17 on that date would not be admitted.

In reckoning age for competition persons who have served in any established civil situation to which they were admitted with the certificate of the Civil Service Commissioners may deduct from their actual age any time not exceeding two years which they may have spent in such service.

2. NATIONALITY. — Candidates must be natural-born British subjects and the children of fathers also natural-born British subjects:

Provided that exception may be made in the case of persons serving in a civil situation to which they were admitted with the certificate of the Civil Service Commissioners.

Provided also that if the Civil Service Commissioners are satisfied in the case of any candidate who is a British subject but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions that an exception may properly be made to that rule, they may accept such candidate as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalisation or by any other voluntary and formal act.

3. Candidates will be required to satisfy the Civil Service Commissioners that they are duly qualified in respect of health and character. Female candidates must be unmarried and will be required to resign their appointments on marriage.

4. The subjects of examination and the marks they will carry are as follows:—

(1) English	200
(2) Arithmetic	100
(3) Mathematics	200
(4) Science	200
(5) One of the following languages:—French, German, Spanish, Latin, Greek, Welsh, Scottish Gaelic	200
(6) History	100
(7) Geography	100

5. All candidates take subjects 1 and 2; they may also offer all or any of the optional subjects 3 to 7. A balance will be maintained between the candidates who offer different numbers of subjects, either by the addition of

marks to those who offer few subjects or by the deduction of marks from those who offer more, so that all candidates will have equal opportunity of success in the examination whether their optional subjects aggregate 600 or 700 or 800.

Candidates must obtain such an aggregate of marks in the examination as a whole as to satisfy the Civil Service Commissioners.

6. The examination may be held undivided or in two parts, at the discretion of the Civil Service Commissioners. In the latter case the first part of the examination will be used to reduce the number of competitors to be admitted to the second part. Of those whose performance on the first part is best a certain number, to be determined by the Civil Service Commissioners, will be admitted to the second part of the examination. The successful list will consist of those candidates who obtain the highest aggregate marks on the whole examination. If the examination is held in two parts, the second part may be held in fewer centres than the first.

7. It will rest with the Civil Service Commissioners to determine the Departments to which the successful candidates shall be assigned. In making the assignments the Commissioners will be guided by the requirements of the public service. Subject to this condition, the wishes of candidates will, where possible, be respected.

8. Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority had been notified to the Civil Service Commissioners.

Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to attend the examination before the commencement of the examination.

9. Application for permission to attend an examination must be made at such times and in such manner as may be fixed by the Civil Service Commissioners.

10. A fee of 10s. will be required from every applicant for permission to attend an Examination; this fee is not returnable in any circumstances. A further fee of £1 10s., being the balance of the prescribed fees of £2, will be required from every candidate attending such Examination.

The Civil Service Commissioners further give notice that an Open Competitive Examination will be held under the foregoing Regulations, commencing on the 7th January 1930. The following is a provisional list of the centres at which the examination may be held:—Aberdeen, Belfast, Birmingham, Bristol, Cardiff, Edinburgh, Glasgow, Hull, Leeds, Liverpool, London, Manchester, Newcastle-on-Tyne, Norwich, Nottingham, Plymouth, Portsmouth and Preston.

The final list of centres will be decided when the number of candidates desiring examination at each centre is known.

No person will be admitted to examination from whom the Secretary of the Civil Service Commission has not received, on or before the 7th November 1929, an application in the candidate's own handwriting, on a prescribed form, which may be obtained from the Secretary at once.
