Civil Service Commission,  
June 2, 1933.

The Civil Service Commissioners hereby give notice that the following Regulations are published with the approval of the Lords Commissioners of His Majesty's Treasury, viz. :—

**REGULATIONS FOR THE APPOINTMENT OF TECHNICAL CLERK IN HIS MAJESTY'S STATIONERY OFFICE.**

*N.B.—These regulations are liable to alteration from time to time. Competitions under these regulations do not take place at fixed intervals, but are held only on the occurrence of vacancies.*

1. Candidates must have attained the age of 21 and must not have attained the age of 30 on a date to be fixed in respect of the competition in which they are to take part.

In reckoning age for competition the following allowances will be made, viz. :—

(a) Candidates who have served or are serving in the Army, Navy or Air Force may deduct from their actual age any time during which they have so served.

(b) Candidates who have served in any established civil situation to which they were admitted with the Certificate of the Civil Service Commissioners may deduct from their actual age any time not exceeding two years which they may have spent in such service.

2. Every candidate must be a natural-born British subject, the child of a person who is or was at the time of death a British subject; provided that exception may be made :—

(a) In the case of candidates serving in a civil situation to which they were admitted with the certificate of the Civil Service Commissioners.

(b) In the case of natural-born British subjects who served in His Majesty's Armed Forces in the Great War between 4th August 1914 and 11th November 1918.

(c) In the case of natural-born British subjects who have satisfactorily completed a period of not less than five years' service on full pay in His Majesty's Regular Forces.

Provided also that if the Civil Service Commissioners are satisfied, in the case of any candidate who is a British subject but does not fulfil all the requirements of the rule as to nationality and descent, that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions that an exception may properly be made to that rule, they may accept such candidate as eligible provided that this discretion shall not be exercisable unless (a) the father or the paternal grandfather of the candidate was a natural-born British subject, and (b) neither the father nor the paternal grandfather had acquired any other nationality by naturalization or by any other voluntary and formal act.

3. No person actually serving in the Army, Navy or Air Force will be eligible for admission to the examination unless he produces to the Civil Service Commissioners, when called upon to do so, the permission of his Commanding Officer to attend the examination, dated before the commencement of the competition, and given in accordance with such orders as may from time to time be issued.

Persons holding situations in the Civil Service must obtain the permission of the authorities of their Department to attend the examination before the commencement of the competition.

Persons upon whose training for the occupation of teacher public money has been spent cannot be appointed until the consent of the appropriate education authority has been notified to the Civil Service Commissioners.

4. There are three branches, Printing, Binding and Lithography. When a competition is announced, the Controller of His Majesty's Stationery Office will decide and announce what number of vacancies (if any) is to be filled in each branch.

The Controller will take such steps as he thinks most appropriate to make known the existence of any vacancy or vacancies which he desires to fill on any one occasion, and the Civil Service Commissioners will satisfy themselves that the steps taken have been such as to secure all desirable publicity.

5. Application shall be addressed in the first instance to the Controller of His Majesty's Stationery Office and shall be made on the appropriate form. Candidates will be required to show, by production of indenture, that they have served an apprenticeship of at least five years to the Letterpress Printing Trade or one of its branches, or to the trade of Vellum

Binding, or to the trade of Book Binding; or by production of a certificate of service that for the same period they have had practical experience in the production of Printing or Binding, including tuition at a recognised Technical School; and they must have been recently and for a sufficient time in actual employment. Evidence on these heads must be sent with the application form. The candidate's training must accord with the branch for which he (or she) is competing.

6. After the last day for application has been reached the authorities of the Department will scrutinise all applications received and recommend to the Commissioners such candidates as appear to them suitable for the duties of the posts in question. They will then forward to the Civil Service Commissioners all the application forms received, who may then, if dissatisfied with the candidates presenting themselves, take such steps in consultation with the authorities of the Department as they may think fit to obtain other candidates. The list of candidates accepted for examination will then be settled by agreement between the Civil Service Commissioners and the authorities of the Department.

7. Candidates who are accepted by the authorities of the Department and the Civil Service Commissioners will be admitted to a competitive examination in the following subjects:—

1. English Composition (including handwriting and orthography).
2. Arithmetic.
3. Technical Knowledge.

Candidates must pass to the satisfaction of the Civil Service Commissioners in each of the above-mentioned subjects.

8. Candidates must satisfy the Civil Service Commissioners as to their health and character. Female candidates must be unmarried or widows, and will be required to resign their appointments on marriage.

9. A fee of £3 will be required from every candidate admitted to the examination.
