FRIDAY, SEPTEMBER 14, 1934.

Treasury Chambers, S.W.1,
12th September 1934.

The Lords Commissioners of His Majesty's Treasury hereby give notice that They have made an Order under Sections 3 and 19 of the Import Duties Act, 1932, viz. :—

The Additional Import Duties (No. 31) Order, 1934, relating to certain zinc products.

The Order has been published as Statutory Rules and Orders, 1934, No. 979, and copies may be purchased (price 1d. net) direct from His Majesty's Stationery Office at the following addresses :—Adastral House, Kingsway, London, W.C.2; 120 George Street, Edinburgh, 2; York Street, Manchester, 1; 1 St. Andrew's Crescent, Cardiff; 80 Chichester Street, Belfast; or through any bookseller.

THE COAL MINES ACT, 1930.

THE CENTRAL (COAL MINES) SCHEME, 1930.

Whereas by subsection (5) of Section 1 of the Coal Mines Act, 1930, it is provided that any scheme may be amended with the approval of the Board of Trade in manner provided by the scheme;

And whereas in pursuance of the powers conferred upon them by subsection (4) of Section 2 of the said Act, the Board of Trade have made the Central (Coal Mines) Scheme (Amendment) Order, 1934, which provides that the Central (Coal Mines) Scheme, 1930, may

be amended so as to provide for certain matters specified in the schedule to the said Order in substitution for the matters mentioned in paragraphs (b), (c) and (j) of subsection (2) of the said Section 2, and for certain matters so specified in addition to the matters mentioned in subsections (2) and (3) of the said Section 2;

And whereas the amendments of the said scheme set out in the schedule hereto have been submitted to the Board of Trade by the Central Council for approval:

Now therefore the Board of Trade, in pursuance of the powers conferred upon them by subsection (5) of Section 1 of the said Act, hereby approve the amendments of the Central (Coal Mines) Scheme, 1930, set out in the schedule hereto and approve the 1st day of January 1935 as the date on which the said amendments shall come into force:

Provided that where the Central Council are thereby empowered to make any allocation or any rules, or to obtain any estimates or information which are necessary or expedient for bringing the said scheme as amended into operation on the said 1st day of January, the provisions in relation to the matters aforesaid shall come into force on the 1st day of October 1934.

ERNEST BROWN,
Secretary for Mines.

Board of Trade,
Mines Department,
Cromwell House,
Dean Stanley Street,
Millbank, London, S.W.1.

7th day of September 1934.

SCHEDULE.

The Central (Coal Mines) Scheme, 1930 (hereinafter referred to as "the Scheme"), shall be amended as follows:—

1. Clause VI.—(1) of the Scheme shall have effect as if there were inserted after the word "under" the words "the Act or".

2. The following Clauses shall be substituted for Clauses X. and XI. of the Scheme, that is to say:—

Allocations.

"X.—(1) The Council shall from time to time allocate to each district

(a) a maximum output for the district; and

(b) maximum tonnages in coal raised at all the coal mines in the district for

(i.) export supply, that is to say, loading at the customary shipping places of the district as defined in the district scheme as cargo into ships for conveyance therein to destinations outside the United Kingdom, the Irish Free State, the Isle of Man and the Channel Islands, or as fuel for use on ships proceeding to such destinations, or as fuel for use on fishing vessels or supply to works situated at ports to be used for the preparation of patent fuel for export; and

(ii.) inland supply, that is to say supply otherwise than as specified in subparagraph (i.) hereof, including supply to other parts of an undertaking of which the coal mine forms part, but excluding supply for use in working the coal mines and supply free or at reduced rates for the use of persons who are or have been employed in or about the mine and the dependants of persons who have been so employed.

(2) The Council may further from time to time on the application of the Executive Board for any district make to that district the allocations specified under subclause (1) of this Clause in relation to a class of coal determined according to the nature of the coal or of the trade, industry or other category of consumer supplied.

(3) In determining the allocations to be made to any district the Council shall have regard to all relevant circumstances affecting the several districts not excluding the relative position of such districts prior to the war:

Provided that—

(a) in the change over from the determination of allocation of output alone to the determination of allocations of output and of tonnages for export supply and inland supply regard shall be had to the existing distribution of the trade in coal among the districts;

(b) special regard shall be had to a claim on behalf of any district that allocations shall be so made as to enable any stocks of coal which are on the ground at coal mines in that district at the first day of October 1934 to be disposed of as and when the demand arises for coal of that size or description;

(c) in determining allocations of tonnages for inland supply the Council shall observe the general principle that the inland market

is the common property of all districts; so, however, that the Council shall take into account among any other considerations a claim on behalf of any district to the right to supply coal in a particular market or markets on the ground that such district would have been the source of supply if no schemes for allocation were in force.

(4) The Council shall determine allocations for such periods as it thinks fit and any such period is hereinafter referred to as a period of allocation.

(5) Before the commencement of each period of allocation the Council shall require the Executive Board for each district to submit an estimate in respect of each allocation to be made under subclauses (1) or (2) of this Clause of the output or tonnage of coal which should be allocated to that district.

The Central Council shall send notice of such requirement as soon as in its opinion it is possible for the Executive Boards to make such estimates for the period of allocation.

(6) The Council may also require from any Executive Board from time to time such further information as it may decide to be necessary to assist it in arriving at its determination.

(7) Each Executive Board shall forward to the Council the estimates referred to in subclause (5) of this Clause within such time as may be determined by the Council and specified in the notice mentioned in that subclause, and the Council shall cause the estimates of each Executive Board to be forwarded to each of the other Executive Boards as soon as practicable after the receipt thereof.

(8) The Council shall meet at such reasonable interval after the notices mentioned in subclause (5) of this Clause have been sent as the Council may determine, and in any event not less than three weeks before the beginning of a period of allocation, to consider the allocations for that period.

(9) All allocations made by the Council or awarded at arbitration as the case may be shall be communicated by the Council to all the Executive Boards as soon as practicable and in the case of allocations made by the Council under the provisions of subclause (1) of this Clause not less than two weeks before the commencement of the period of allocation to which they relate.

(10) In any period of allocation any Executive Board may at any time apply to the Council to have any allocation made to its district increased for the remainder of such period on the ground that such increase is necessary by reason of the demand for coal or coal for export supply or coal for inland supply, or any class of coal in respect of which an allocation has been made by the Council being in excess of that for which provision is made in the allocations already made to the district by the Council in respect of the period in question. The Council shall meet within seven days of the receipt of any such application to consider the same and if satisfied that the increase applied for is necessary wholly or in part to meet such increased demand as aforesaid shall grant the same wholly or in part as the case may be and if not so satisfied shall refuse the same and unless the representative or representatives of any Executive Board exercise the right conferred by Clause IX. (3) of

appealing to arbitration against the decision of the Council, shall at once communicate such decision to all of the Executive Boards. In the event of an appeal to arbitration under Clause IX. (3) the matter shall forthwith be referred to arbitration accordingly. The Council shall use its best endeavours to secure that the decision of the Council or of the arbitrators as the case may be shall be communicated to all the Executive Boards as soon as practicable after the receipt of the application, but delay in the making or communication of the decision of the Council or the arbitrators as the case may be shall not entitle the applicant district to exceed any allocation already made to it in accordance with the provisions of this Clause.

X.A.—(1) No Executive Board shall have the right to transfer to any other district any part of any allocation made to it under the Scheme.

(2) If in any period of allocation any district fail to produce or to supply, as the case may be, the whole tonnage of coal allocated to it in respect of that period such deficiency in production or supply shall not entitle it to exceed any allocation in any subsequent period and the allocations to it in such subsequent periods shall continue to be fixed in the manner provided by Clause X.

XI.—(1) The Executive Board of each district shall regulate the output and supply of coal by that district so that no allocation made to it is exceeded, but if in any period of allocation any such allocation is exceeded the Executive Board for that district shall pay to the Trustees within fourteen days after demand therefor by the Council the penalty in respect of such excess payable under Rules made under the provisions of this Clause:

Provided that until the coming into force of Rules made by the Council under this Clause the penalty payable in respect of an excess over any allocation shall be at the rate of two shillings and sixpence per ton of such excess, so, however, that where during the same period of allocation a penalty has been incurred in respect of an excess over an allocation of output of coal or any class of coal and also in respect of an allocation of inland supply or of export supply or of allocations of both such supplies of coal or any class of coal, the tonnage of coal upon which the penalty shall be payable shall be the quantity by which the allocation of output of coal is exceeded or the sum of the quantities by which the other allocations have been exceeded, whichever is the greater.

(2) The Trustees shall pay all such penalties received by them into the Central Fund.

(3) The Council shall from time to time make Rules prescribing the sum payable per ton of coal by which any allocation is exceeded and different sums may be prescribed in respect of different allocations, but such sums shall in no case be less than two shillings and sixpence.

(4) The Rules shall prescribe whether, and to what extent if any, the amount of any penalty payable in respect of an excess over any allocation of output or of inland supply or of export supply of coal or of any class of coal shall be remitted where during the same period of allocation a penalty has been incurred in respect of any excess over any other allocation.

(5) Rules made by the Council under this

Clause shall come into force after the expiry of such period not being less than two months as may be specified therein and in no case earlier than the beginning of the next following period of allocation."

3. Clause XIII. (1) of the Scheme shall have effect as if there were inserted after the word "Act" the words "other than such functions as are specified in Clause XIII.A hereof".

4. The following Clause shall be inserted after Clause XIII. of the Scheme, that is to say:—

"XIII.A.—(1) The Council shall inquire into any complaint made to it by any Executive Board as to any act or omission of any other Executive Board or of any person having functions under any district scheme in relation to the operation of the provisions of that district scheme with regard to the determination and enforcement of the minimum prices for coal produced in that district.

(2) The Council shall give notice of any such inquiry to all other Executive Boards and the Council shall take into consideration any representations made by any Executive Board.

(3) After any such inquiry the Council may give directions in regard to the matter complained of to any Executive Board which in the opinion of the Council is affected thereby and, subject to any reference to arbitration, such directions shall be binding upon the Executive Boards to which they are given.

(4) If at any time any Executive Board represents to the Council that owing to a change in circumstances any direction given by the Council under subclause (3) of this Clause should be varied, the Council shall give notice of such representation to all the other Executive Boards and shall consider any representations made by any such other Executive Board with respect thereto, and after inquiry the Council may give new directions in the matter, whether or not a decision of an arbitrator or arbitrators is in force in relation thereto.

(5) If any Executive Board for a district to which any directions have been given by the Council in accordance with subclause (3) of this Clause, or any persons having functions under the scheme for that district fail to comply with such directions or if that Board or such persons fail to enforce any provision of that scheme with respect to the enforcement of the minimum prices for coal produced in that district and the Council find upon representations made to it by any other Executive Board that such other Board is aggrieved or dissatisfied by the failure to enforce any such provision the first-named Executive Board shall pay to the Trustees a penalty of two shillings and sixpence per ton of the tonnage of coal which, in the opinion of the Council has been supplied in contravention of such directions, or in respect of which the provisions of the district scheme relating to the enforcement of minimum prices have not been enforced. Such penalty shall be paid to the Trustees within fourteen days after demand therefor by the Council, and the Trustees shall pay all such penalties received by them into the Central Fund.

(6) If any Executive Board represents to the Council that it is aggrieved or dissatisfied

(a) by any direction given by the Council under subclause (3) of this Clause; or

(b) by the failure of the Council to give any directions under subclause (3) of this Clause; or

(c) by any new directions given under subclause (4) of this Clause; or

(d) by the failure of the Council to give any new directions under subclause (4) of this Clause; or

(e) by any finding of the Council under subclause (5) of this Clause

and desires to refer any one of these matters to arbitration, the same shall forthwith be referred to arbitration accordingly."

5. The following Rule shall be substituted for Rule 10 of the Schedule to the Scheme, that is to say:—

" 10. In the case of disputes under Clause X. the arbitrators shall hear and determine the question and deliver their decision to the Secretary within five days from the day of the meeting of the Council at which the reference of the matter to arbitration has been demanded, so however that in the case of disputes under Clause X. (10) such period shall be three days:

Provided that Sunday shall not be counted as a day in either case and that the arbitrators shall have power in any proper case to extend the time so limited."
