- (a) coal for export supply, and
- (b) coal for inland supply:

Provided that the Board may if it thinks fit fix standard tonnages for export supply or for inland supply in respect of any class of coal determined according to the nature of the coal or of the trade, industry or other category of consumer supplied.

30A. In the determination of standard tonnages in respect of coal or any class of coal for export supply and for inland supply the Board shall have regard to the special circumstances of every coal mine (including the efficiency and economy of working of the coal mine, the extent to which it has been developed or is being developed for economic working, the extent to which its output has been increasing or decreasing, and in the case of the first determination of such standard tonnages shall have regard to the

proportion which the tonnage of coal or that class of coal supplied from the coal mine concerned for export supply or for inland supply, as the case may be, bore to the total tonnage of coal or that class of coal, supplied from all the coal mines in the District for export supply or for inland supply during the period in the 12 months ended the 30th June 1934 corresponding to the period in respect of which the standard tonnages are fixed).

30b. For the purpose of assisting the Board in the determination of Standard Tonnages for export supply and for inland supply every Owner shall furnish to the Board upon notice given to him by the Board a statement in writing giving any information which the Board may require for that purpose and every Owner may submit to the Board, together with such statement if required, a claim in writing accompanied by such additional explanations or information as the Owner may consider it necessary or expedient to submit in support of the claim.

30c. In any case in which it may not be practicable for the Board to determine any standard tonnage for any coal mine in accordance with the foregoing provisions the Board may upon consideration of such circumstances as it may deem relevant determine such standard tonnages for such coal mine as the Board may think fair and proper but having regard in so fixing standard tonnages to any special circumstances of which the Board may have information affecting the coal mine in question.

31. The Board may at any time review, whether or not at the request of an Owner, any standard tonnage of any coal mine or undertaking and upon consideration of such circumstances as the Board may think relevant, determine revised standard tonnages therefor:

7. Clause 32 of the Scheme shall have effect as if the words "or undertaking" were deleted wherever those words occur.

" 33.—(1) The Board shall from time to time determine the proportions (hereinafter in the Scheme referred to generally as "the quotas" or particularly as "the quotas of output" or "the quotas of export supply" or "the quotas of inland supply" as the case may be) of the standard tonnages of each coal mine that may during any period fixed by the Board as aftermentioned be produced from such coal mine or supplied by the owner thereof as the case may be.

(2) If standard tonnages have been determined in respect of any class of coal the Board may if it thinks fit determine a separate quota for such class.

(3) All quotas shall be so calculated that during no period in respect of which alloca-

tions have been fixed by the Central Council shall any of such allocations be exceeded.

(4) Quotas shall be determined for such period as the Board may decide (hereinafter referred to as "the prescribed period") within the period of the allocation to which such quotas relate and shall be notified by the Board to all the Owners concerned not later than seven days before the commencement of the period to which they relate.

(5) The quotas and the prescribed periods shall be determined by the Board having regard among other matters to the prospective demand for the coal to which those quotas relate.

(6) Any quota determined shall be the same proportion of the corresponding standard tonnage for all the coal mines in the District in respect of which such standard tonnage has been determined.

(7) The Board may at any time after the determination of quotas increase or reduce any quota or grant any additional or supplementary quota so, however, that the tonnage of coal permitted to be raised or supplied as the case may be under any allocation made to the District shall not be exceeded. Any such increase or reduction of quota or any additional or supplementary quota shall be notified to all the Owners affected thereby in such manner as the Board may think suitable for informing them thereof without delay and shall come into operation forthwith or at such time as may be specified in the notice.

(8) Subject to the provisions of Clause 34 hereof any Owner who in any prescribed period exceeds any quota for his coal mine or undertaking by more than the permissible percentage margin specified in Clause 46 hereof shall be liable in penalties as prescribed by that Clause.

(9) Every Owner shall forward to the Board within seven days after the end of each prescribed period a statement in writing in such form and subject to such certification by Accountants, Mining Engineers or otherwise as the Board may prescribe giving in respect of such period full particulars of the output of his coal mine or undertaking, the tonnage of coal disposed of for export supply and for inland supply respectively, and the output or supply as the case may be of any class of coal for which a separate quota has been determined. The Board may require such other particulars as in its opinion may be necessary for ascertaining whether or not any quota for the coal mine or undertaking has been exceeded.

Standard Tonnages and Quotas of Colliery Undertakings.

33A. The Board shall determine the standard tonnages of and quotas for any two or more coal mines in the District which are worked by the same colliery undertaking as if they were one coal mine.

Deficiencies.

34. Should the output of coal produced by any Owner or the tonnage of coal supplied by him in any prescribed period fall short of the quota fixed by the Board for the period to which that output or supply relates

the amount of the deficiency shall be notified to the Board in writing within seven days from the last day of the period to which such quota relates and 50 per cent. of the amount of the deficiency may be produced or supplied as the case may be in addition to the corresponding quota in the immediately succeeding prescribed period.

Sale or Transfer of Quotas.

35. Any Owner may sell or transfer to the Board or to any other Owner, the whole, or any part of any quota, fixed for his coal mine or undertaking for a prescribed period, and such quota of the Owner who sells or transfers shall thereby be reduced by the amount so sold or transferred, and the corresponding quota of the Owner to whom such quota has been sold or transferred shall be increased by that amount.

Such sale or transfer shall, within three days after being effected, be intimated to the Board by the Owner who sells or transfers."

9. Clause 40 of the Scheme shall have effect as if the word "output" were inserted before the words "standard tonnage."

10. The following paragraphs shall be substituted for the first paragraph of Clause 46 of the Scheme, that is to say:—

"46. Any Owner who, during any prescribed period, produces or supplies coal or any class of coal in excess by more than two per cent. of the quota to which such production or supply relates for his coal mine or undertaking for that period shall pay to the Board a penalty in respect of each ton or part of a ton of each such excess (after allowing for such two per cent. margin and for any deficiency which may be carried forward under Clause 34 of the Scheme and for any arrangement under Clause 35 of the Scheme) of 2s. 6d. per ton or of the same amount per ton as is prescribed for the time being under rules made under Clause XI of the Central Scheme for exceeding the corresponding allocation whichever is the greater:

Provided that where in any prescribed period a quota for output of coal or any class of coal has been exceeded and any quota for export supply or inland supply of coal or that class of coal has also been exceeded the Board shall in any case in which it thinks it fair and proper to do so be entitled in the exercise of its discretion so to remit penalty in whole or in part as to ensure that one penalty only shall be payable in respect of such excesses calculated upon the amount of the excess over the quota for output or the excess over a quota or the sum of any excesses over quotas for supply whichever shall be the greater.

The Board shall before the coming into force of any rules made under Clause XI of the Central Scheme notify each Owner of the amount per ton which will be payable in consequence thereof for exceeding any quota.

Any Owner who sells or supplies or agrees to sell or supply coal of any class below the minimum price therefor or in breach of the conditions of sale prescribed by the Board or otherwise in contravention of the provisions of Clause 36 hereof, shall, for each ton of coal so sold or supplied, or agreed to

be sold or supplied, pay to the Board a penalty of 2s. 6d. per ton:

Provided that if the Board at any time incurs a penalty to the Central Council in respect of failure to enforce or comply with directions of the Central Council or failure to enforce or comply with provisions relating to minimum prices for coal produced in the District, every Owner who sells or supplies or agrees to sell or supply coal of any class below the minimum price therefor or in breach of the conditions of sale prescribed by the Board or otherwise in contravention of the provisions of the Scheme, and without prejudice to that generality, of Clause 36 hereof whereby in the opinion of the Board the penalty so incurred by the Board to the Central Council as aforesaid has in whole or in part been incurred, shall if the Board so decide pay to the Board in addition to any penalty herein provided a further penalty of 5s. 0d. per ton or such less amount per ton as may be determined by the Board of the tonnage of coal which in the opinion of the Board has been so sold or supplied "

11. The following Clause shall be substituted for Clause 47 of the Scheme, that is to say:—

Excesses of Quotas.

"47. Subject to Clauses 34 and 35 hereof where an Owner has during any prescribed period produced or supplied coal or any class of coal in excess of the quota to which such production or supply relates for his coal mine or undertaking for that period the amount of such excess, less one per cent. of the corresponding quota may, if the Board so decide, be deducted from the corresponding quota for that coal mine or undertaking in a succeeding prescribed period to be determined by the Board, but without prejudice to any penalty that may have been incurred by reason of the excess."

MERCHANDISE MARKS.

THE MERCHANDISE MARKS (IMPORTED GOODS) EXEMPTION DIRECTION (No. 3), 1934, DATED 31ST OCTOBER 1934, MADE BY THE MINISTER OF AGRICULTURE AND FISHERIES, THE SECRETARY OF STATE FOR THE HOME DEPARTMENT, AND THE SECRETARY OF STATE FOR SCOTLAND, ACTING JOINTLY, UNDER SECTION 3 (1) OF THE MERCHANDISE MARKS ACT, 1926 (16 & 17 GEO. 5, c. 53).

Whereas by Section 3, sub-section (1) of the Merchandise Marks Act, 1926 (16 & 17 Geo. 5, c. 53), it is provided that if, where an Order in Council has been made under that Act with respect to any goods, it is shown to the satisfaction of the Appropriate Department by persons appearing to the Department to have a substantial interest in the matter that the application of the provisions of the Order or of some of those provisions to any particular class or description of those goods has caused or is likely to cause injury or hardship to the said persons or any of them, the Department may direct that the Order or any particular

provisions of the Order shall cease to apply to goods of that class or description or shall apply to such goods subject only to such modifications and conditions as the Department think fit, and the Order shall, while the Direction is in force, have effect subject thereto.

And whereas it is provided (among other things) by Article 1 of the Merchandise Marks (Imported Goods) No. 7 Order, 1934,* that it shall not be lawful to sell or expose for sale in the United Kingdom any imported frozen mutton and frozen lamb unless such meat bears an indication of origin.

And whereas the Minister of Agriculture and Fisheries, the Secretary of State for the Home Department, and the Secretary of State for Scotland, acting jointly, being the Appropriate Department in this case, having considered representations made to them in that behalf by persons appearing to the Department to have a substantial interest in the matter, are satisfied that the application of the aforesaid provisions of Article 1 of the said Order to whole carcasses of frozen mutton and frozen lamb imported before the 7th January 1935 (the date on which the said Order will come into force) is likely to cause hardship to the said persons.

Now, therefore, the Minister of Agriculture and Fisheries, the Secretary of State for the Home Department, and the Secretary of State for Scotland, acting jointly, in pursuance of the powers conferred upon them by the said Section 3, hereby directs as follows:—

1. Without affecting the operation of the provisions of the said Article 1 of the Merchandise Marks (Imported Goods) No. 7 Order, 1934, requiring an indication of origin on importation, the provisions of the said Article 1 requiring an indication of origin on sale or exposure for sale shall not apply to whole carcasses of frozen mutton and frozen lamb before the 28th February 1935.

2. This Direction may be cited as the Merchandise Marks (Imported Goods) Exemption Direction (No. 3), 1934.

MERCHANDISE MARKS.

THE MERCHANDISE MARKS (IMPORTED GOODS) EXEMPTION DIRECTION (No. 4), 1934, DATED 31ST OCTOBER 1934, MADE BY THE MINISTER OF AGRICULTURE AND FISHERIES, THE SECRETARY OF STATE FOR THE HOME DEPARTMENT, AND THE SECRETARY OF STATE FOR SCOTLAND, ACTING JOINTLY, UNDER SECTION 3 (1) OF THE MERCHANDISE MARKS ACT, 1926 (16 & 17 GEO. 5, c. 53).

Whereas by Section 3, sub-section (1) of the Merchandise Marks Act, 1926 (16 & 17 Geo. 5, c. 53), it is provided that if, where an Order in Council has been made under that Act with respect to any goods, it is shown to the satisfaction of the Appropriate Department by persons appearing to the Department to have a substantial interest in the matter that the application of the provisions of the Order or of some of those provisions to any particular class or description of those goods has caused or is likely to cause injury or hardship to the said persons or any of them, the Department may direct that the Order or any particular provisions of the Order shall cease to apply to goods of that class or description or shall apply to such goods subject only to such modifications and conditions as the Department think fit, and the Order shall, while the Direction is in force, have effect subject thereto.

And whereas it is provided by Article 1 of the Merchandise Marks (Imported Goods) No. 7 Order, 1934* that it shall not be lawful to import (among other things) any frozen pork or to sell or expose for sale in the United Kingdom (among other things) any imported frozen pork unless such meat bears an indication of origin; and by Article 2 of the said Order that the indication of origin shall be branded, or stamped stencilled or printed in ink or stain, durably and conspicuously, in letters which shall except as therein provided be not less than one-half of an inch in height; and by Paragraphs III. and IV. of Article 3 of the said Order that the indication of origin required on importation shall be applied as follows, that is to say:—

III.—In the case of frozen pork, each carcass shall bear the indication of origin on each side of the carcass on the outer side of the leg, loin, fore-end (spare-rib and blade-bone) and hand-and-spring, composing four marks on each side in the position shown in the diagram, Figure III., in the Schedule to the Order.

IV.—Except where any portion of a carcass of frozen pork is one of the forms of meat specified in the next following paragraph of the Order, each portion of any such carcass shall bear such markings indicative of origin as it would have borne if it had formed part of a complete carcass of such meat which had been marked in the manner hereinbefore in the Article prescribed.

and by Paragraph I. of Article 4 of the said Order, that the indication of origin required on sale and exposure for sale, whether whole-

sale or by retail, shall be applied as follows, that is to say:—

I. In the case of frozen pork, in like manner as on importation.

And whereas it is provided by Article 7 thereof that the said Order shall come into force at the expiration of six months from the date thereof and the said Order will accordingly come into force on the 7th January 1935.

And whereas the Minister of Agriculture and Fisheries, the Secretary of State for the Home Department, and the Secretary of State for Scotland, acting jointly, being the Appropriate Department in this case, having considered representations made to them in that behalf by persons appearing to the Department to have a substantial interest in the matter, are satisfied that the application of the aforesaid provisions of Articles 3 and 4 of the said Order to certain portions of carcasses of frozen pork, namely, frozen loins of pork from which the skin has been removed prior to importation, is likely to cause hardship to the said persons.

Now therefore the Minister of Agriculture and Fisheries, the Secretary of State for the Home Department, and the Secretary of State for Scotland, acting jointly, in pursuance of the powers conferred upon them by the said Section 3 hereby direct as follows:—

1. The aforesaid provisions of Paragraph IV. of Article 3 and Paragraph I. of Article 4 of the Order shall not apply to loins of frozen pork from which the skin has been removed prior to importation; and

2. The provisions of Paragraph V. of Article 3 and Paragraph II. of Article 4 shall apply to such meat as though the description "loins of frozen pork from which the skin has been removed prior to importation" had been added to the forms of meat specified in these paragraphs.

3. This Direction may be cited as the Merchandise Marks (Imported Goods) Exemption Direction (No. 4), 1934.

JOHN JEFFREY,
Under Secretary of State.

* S.R. & O., 1934, No. 727.

MILK ACT, 1934.

Notice is hereby given that the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting jointly, have certified the Cheese-Milk price for the month of November 1934, as required by Sub-section 2 of Section 4 of the Milk Act, 1934, in the following terms:—

CERTIFICATION OF CHEESE-MILK PRICE.

Whereas by Sub-section (1) of Section 4 of the Milk Act, 1934 (hereinafter referred to as "the Act"), it is provided that for the purposes of the Act the cheese-milk price for any month shall be the excess over one penny three farthings of the average of the prices per pound at which cheese such as is commonly known at the commencement of the Act as "New Zealand Finest White" and "Canadian Finest White" was sold wholesale in Great Britain during the immediately preceding month;

And whereas by Sub-section (2) of the said Section the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting in conjunction, are required to certify as soon as may be after the beginning of September 1934, and of each subsequent month falling before April 1938, the cheese-milk price for that month;

Now therefore the Minister of Agriculture and Fisheries and the Secretary of State for Scotland, acting in conjunction, hereby certify that the cheese-milk price for the month of November 1934 is 4.04 pence per pound.

The method by which the cheese-milk price for the month as certified above has been computed is as follows:—

(i.) The range of price quotations in respect of sales by wholesale of "New Zealand Finest White" cheese and of "Canadian Finest White" cheese, as published by

the London Provision Exchange, Ltd., for each of the periods ended at 11.30 a.m., on each of the Fridays in the preceding month, has been examined.

(ii.) The average of the mean prices for the two kinds of cheese has been ascertained for each of the said periods, exceptional quotations being disregarded. The average of the periodic averages so ascertained has then been calculated to two places of decimals and expressed in pence per pound.

(iii.) From the figure thus obtained one penny three farthings has been subtracted and the balance gives the figure certified above.
