NOTICE.

By virtue of the powers conferred upon him by Section 6 of the Weights and Measures Act, 1904, and Section 8 of the Weights and Measures Act, 1889, the Minister of Fuel and Power has, with the approval of the Treasury, fixed the following fees for the examination and testing at the National Physical Laboratory of meter types submitted for approval in accordance with the Schedule to the Electric Lighting (Clauses) Act, 1899, as amended by Section 11 of the Electric Lighting Act, 1909:—

Fees (Payable in Advance).

For original tests of new types	£100
For examination of modified form of approved type	£25	

If a new type of meter proves unsatisfactory under test, or if a formal inspection only is necessary on a modified form of approved meter, such part of the fee, not exceeding one-half, as the Minister on the advice of the Laboratory may decide, may be returned.

The Minister reserves the right to decide on the advice of the Laboratory whether a meter submitted as a modified form of an approved type is justifiably so described or whether the meter is to be regarded as a new type requiring complete examination.

All correspondence on the subject of the testing and examination of meter types should be addressed to the Director, National Physical Laboratory, Teddington, Middlesex.

This Order is in substitution for the Order made by the Minister of Transport on 27th June 1923.
