THE Secretary of State, in exercise of his powers under Section 11(1)(a) of the COMPETITION ACT 1980, hereby refers to the Monopolies and Mergers Commission the questions set out below relating to the efficiency and costs of the British Railways Board in its property activities.

For the purpose of this reference:-

- (a) "land" includes buildings on and air space over land; and
- (b) "property activities" means activities in the acquisition, management, development and disposal of land, whether or not owned by the Board, but excluding land forming part of the estate of any enterprise of the Board or of any of its subsidiaries which is an enterprise whose proposed sale has been announced.

The commission shall upon this reference investigate and report on the following questions:-

- (i) whether the Board could improve its efficiency and thereby reduce its costs in the exercise of its property activities, with particular reference to:
 - (a) the criteria according to which and procedures by which decisions are taken in the exercise of those activities, including the criteria according to which land is made available for development and/or disposal;
 - (b) the scope for development and/or disposal of land in respect of which it exercises those activities;
 - (c) the scope for increased private sector finance for and participation in those activities;
 - (d) its policy in relation to charges made in the exercise of those activities;
 - (e) the Board's internal management information systems, including those for attributing to a particular part of the enterprise of the Board and its subsidiaries the cost of land used in that part;
 - (f) whether the present manner of exercise by the Board of those activities and relationship between that exercise and the exercise of the other activities of the Board and its subsidiaries is in the best financial interest of the Board and its subsidiaries taken as a whole;
 - (g) the scope for increased commercial use of sites on stations; and

- (h) its policy in relation to and management of non-operational land which, by reason of its physical characteristics or location, has little or no development potential; and
- (ii) whether, in relation to any matter falling within the question set out above, the Board is pursuing a course of conduct which operates against the public interest.

The Commission shall report upon these references within a period of six months beginning on the date hereof.

M. Vile,
An Assistant Secretary,
Department of Trade and
Industry.

NOTICE

TREASURY MINUTE dated 26th September 1984

THE Lords Commissioners of Her Majesty's Treasury read Section 3(2) of the National Loans Act 1968 (1968 C.13 as amended) whereby any sums borrowed from the Public Works Loan Commissioners shall bear interest at such rates as the Treasury may determine from time to time in accordance with Section 5 of the said Act.

My Lords understand that the Public Works Loan Commissioners will be operating arrangements under which local authorities are per-

The rate of interest applicable to any such fixed rate loan will be that in force on the day the authority applies to borrow or, if the application is before noon three working days before the loan is credited to the account of the authority's banker, the rate in force at 11 a.m. two banking days before credit day;
- II. Different rates of interest shall be charged on such fixed rate loans according to whether the principal of a loan is repaid by instalments or at maturity and, if repaid by instalments, whether by equal instalments of the principal with interest paid on the decreasing balance of the principal (E.I.P.), or by instalments of equal repayments of the principal and interest paid thereon (E.R.);
- III. The rates of such interest shall be:—
