0039/0398	Evans Medical Limited	Pregaday Tablets	Ferrous Fumarate BP 322 mg Folic Acid BP 0.35 mg	Pharmacy Medicine There is evidence that a daily intake of 100 mg of elemental iron in the ferrous form is adequate to prevent development of iron deficiency in expectant mothers. If a mild iron deficiency is present when Pregaday administration is started, this will be corrected by increased absorption of iron. The daily folate requirement rises steeply during the final trimester of pregnancy, and evidence of maternal depletion may be found. To ensure normal tissue folate levels in the mother after delivery a daily supplement of about 300 mcg is required during the second and third trimester of pregnancy. This does not obscure the blood picture of Addisonian pernicious anaemia. Pregaday is indicated during the second and third trimester of pregnancy for prophylaxis against iron deficiency and megaloblastic anaemia of pregnancy. Pregaday is not intended as a treatment for established megaloblastic anaemia of pregnancy.	23rd February 1993

## THE UNDERSIZED LOBSTERS ORDER 1993

THIS Order prescribes measurement of carapace length as the only measurement for minimum size for the landing of lobsters (*Homarus gammarus*) in Great Britain and sets minimum landing size at 85mm carapace length (article 2(1)). There is an exemption from the minimum landing size for the landing of lobsters from foreign fishing boats (article 12(2)).

The Order also prescribes a minimum size of 85mm carapace length for the sale of lobsters (article 3(1)) and for the carriage of lobsters on a British fishing boat (article 4). There is an exemption from the minimum sale size for lobsters which are landed from foreign boats (article 3(2)).

The Order gives British sea-fishery officers further enforcement powers in relation to fishing boats (article 5). They already have powers under section 15(2) of the Sea Fish (Conservation) Act 1967 ("the 1967 Act"), as amended by the Fisheries Act 1981, to seize any fish in respect of which an offence has been or is being committed under section 1(3) of the 1967 Act.

Bankruptcy (Scotland) Act 1985: Schedule 5 paragraph 5 (3)

Notice of Trust Deed for the Benefit of Creditors of  
**GEORGE CLARK AND STEVEN HUME CLARK**  
 trading as Harbour Maine & Leisure

A TRUST DEED has been granted by George Clark and Steven Hume Clark trading as Harbour Marine & Leisure, South Pier, The Harbour, Kirkcaldy, Fife on 24th May 1993 conveying the partnership estates to me, Alan C Thomson, CA, of Thomson Cooper & Co, 18 Viewfield Terrace, Dunfermline, Fife, KY12 7JU as Trustee for the benefit of the partnership creditors generally.

If any Creditor wishes to object to the Trust Deed for the purposes of preventing it becoming a protected Trust Deed (see notes below on the objections required for that purpose) notification of such an objection must be delivered in writing to the Trustee within five weeks of the date of publication of this notice.

Notes:

The Trust Deed will become a protected Trust Deed unless within the period of five weeks from the date of publication of this Notice in *The Edinburgh Gazette*, a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the Trust Deed and do not wish to accede to it.

The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the Trust Deed. Briefly, this has the effect of restricting the rights of the non acceding creditors to do diligence (ie. to enforce Court decrees for the unpaid debts) against the debtors and confers certain protection upon the Trust Deed from being superseded by the sequestration of the debtors' estates in respect of the partnership debts.
