OFFSHORE PETROLEUM PRODUCTION AND PIPELINES (ASSESSMENT OF ENVIRONMENTAL EFFECTS)

REGULATION 1999

Licence P.953 - Licence having effect under the Petroleum Act 1998 BLOCK 132/6

Pursuant to regulation 5(8) of above Regulations, the Secretary of State for Trade and Industry gives notice that, being content that the requirements of the above Regulations have been satisfied, he has, pursuant to Licence P.953 granted consent to Conoco (UK) Limited to the drilling of an exploration well in block 132/6. The consent for well 132/6-A took effect from 26th March 2001.

Conoco (U.K.) Ltd (CUKL) proposes to drill a single exploration well in their Tranche 21 licence area, located in the Atlantic waters to the west of the Hebrides. The well will be located within a 2km radius of position 56°45'46"N. 09°50'38"W, in a water depth of about 1.920 metres, some 135 km from nearest land.

CUKL plans to start drilling the well in May 2001. After considering various drilling options, because of the deep water location CUKL proposes employing a dynamically positioned *ultra deep water drillship*, using water-based muds for all hole sections.

The ES presents a comprehensive review of available environmental information of this deep water region west of the Hebrides.

On completion of drilling, the well will be evaluated and then either suspended or abandoned. No well testing activities will be undertaken.

If the well is to be abandoned this will involve cutting the well casings to a minimum depth of c.3 metres below the seabed, followed by debris clearance survey.

Four activities were identified as presenting the risk of potential impact and were assessed in more detail in the ES:

- discharge of drilling mud and cuttings;
- atmospheric emissions from power generation;
- noise associated with drilling operations;
- accidental spillage of hydrocarbons;

With reference to the discharge of drilling mud and cuttings the mud chemicals fall mainly into HOCNS Group E, with some 84% of the total mud chemical usage being PLONOR List Substances. Cuttings from the two top hole sections will be deposited immediately adjacent to the well, resulting in a small (25-40 metre) cuttings pile (average thickness of about 30mm). Cuttings dispersion modelling suggests rapid dispersion in the deep waters, resulting in no expected impact beyond the immediate top-hole cuttings pile.

Atmospheric emissions are expected to be within routine drilling rig operational standards, with estimated emissions presented in the ES for drilling and support operations.

The ES discusses noise generation and potential impacts (section 6.5) and places emphasis on the short-term nature of the drilling operation. No significant impact was identified.

The ES identifies that the most likely spill risk arises from bunkering but states that spills of a light distillate fuel oil would disperse extremely rapidly with 'negligible' environmental impact. In addressing the risk of a blow-out, CUKL cites low probability based on drilling experience to date on the UKCS.

After a request by DTI, Conoco provided more adequate information regarding the basis to the selection of the drill-ship and its assessment of potential risks from the use of the vessel for drilling well 132/06-A, particularly in relation to oil spill risk.

No significant impact was identified from the drilling of this well. Both JNCC and FRS agree. The drilling of this well is unlikely to impact any future potential SAC.

Latitude and 3°3'32.24"E. Longitude. This consent, expires on 31st December 2004.

Trust Deed for Creditors by
JANE BARR

A trust deed has been granted by Jane Barr, 16 Craighall Court, Dundee DD4 8XQ on 28th March 2001 conveying (to the extent specified in section 5(4A) of the Bankruptcy (Scotland) Act 1985) her estate to me Matthew Purdon Henderson, Grant Thornton, Chartered Accountants, 1/4 Atholl Crescent, Edinburgh, EH3 8LQ as trustee for the benefit of her creditors generally.

If a creditor wishes to object to the trust deed for the purposes of preventing it becoming a protected trust deed (see notes below on the objections required for that purpose) notification of such objection must be delivered in writing to the Trustee within 5

weeks of the date of publication of this Notice in *The Edinburgh Gazette*.

Notes: The trust deed will become a protected trust deed unless within the period of 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette* a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the trust deed and do not wish to accede to it. The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deed from being superseded by the sequestration of the debtor's estate.

Trust Deed for Creditors by

DAVID LENNON

A Trust Deed has been granted by David Lennon, residing at 19 McArthur Crescent, East Kilbride, G74 4TL on Wednesday 4th April 2001 conveying (to the extent specified in section 5(4A) of the Bankruptcy (Scotland) Act 1985) his estate to me Alan C Thomson CA, of Thomson Cooper & Co, 18 Viewfield Terrace, Dunfermline, Fife, KY12 7JU as Trustee for the benefit of his creditors generally.

If a creditor wishes to object to the trust deed for the purposes of preventing it becoming a protected trust deed (see notes below on

the objections required for that purpose) notification of such objection must be delivered in writing to the Trustee within 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette*.

Notes: The trust deed will become a protected trust deed unless within the period of 5 weeks of the date of publication of this Notice in *The Edinburgh Gazette* a majority in number or not less than one third in value of the creditors notify the Trustee in writing that they object to the trust deed and do not wish to accede to it. The effect of this is that paragraphs 6 and 7 of Schedule 5 to the Act will apply to the trust deed. Briefly, this has the effect of restricting the rights of non-acceding creditors to do diligence (ie to enforce court decrees for unpaid debts) against the debtor and confers certain protection upon the trust deed from being superseded by the sequestration of the debtor's estate.
