The teinds of Lot 1st are valued at £230 : 18 : 8 sterling, and are nearly exhausted. The teinds of the parts of the Barony of Tinvall contained in Lot 2d are valued and exhausted; and those of the farms of Cowrig and Raemuir are likewise valued; and the teinds of Lot 3d are valued at £18 : 14 : 4 1-5th, and surrendered to the minister. The whole lands hold of the Crown, for payment of an elusory blench duty.

Lot 1st. (being the Estate of Mousewald) has a southern exposure, and, excepting the moss abovementioned, is wholly under cultivation, the soil of a considerable portion of it being of the highest quality. In point of situation, its advantages are numerous, being on both sides of the upper and lower lines of the Dumfries and Annan road, along which the Carlisle and Portpatrick mail, the Carlisle, Glasgow, and Edinburgh stages, pass daily, and by which there is the greatest thoroughfare of cattle in Scotland. There belongs to the estate a tract of moss, of about 800 acres in extent, lying towards the river Lochar, which, on the removal of a mill, would, it is well known, be rendered very valuable land, and afford a great increase to the rental. The best lime quarry in the county is within five miles. Lead has been found on the estate, and as smelting places are still visible, there is every reason to think this metal has been worked on it at a former period.

The whole of these estates are moderately rented.—The rents are well paid, and setting every capability of improvement out of view, the upset prices have been fixed so low, that a purchaser would at entry draw from each Lot, nearly 4 per cent. for his money.

The articles of roup, and title-deeds, will be seen in the office of Mr. John Pringle, Depute-Clerk of Session; and for farther particulars application may be made to Messrs. Walker, Richardson, and Melville, W. S. 110, George Street, Edinburgh; or to Mr. Threshie, Jun. Writer in Dumfries. August 3, 1827.
