WHEREAS by virtue of an Order of Her Majesty's Most Honourable Privy Council bearing date the 28th day of September 1848, the provisions of the "Nuisances Removal and Diseases Prevention Act, 1848," were put in force throughout the whole of Great Britain, for a period of six calendar months; and whereas the General Board of Health issued Directions and Regulations under the authority of the said Act; and whereas by an Order of the Lords of the Privy Council, bearing date the 27th day of March 1849, the provisions of the said Act were put in force for a further period of six calendar months from that date; and whereas doubts may exist as to the continuance of the Regulations of the General Board of Health previously issued under the Act, the General Board of Health have renewed the Directions and Regulations hereinafter set forth:—

To the GUARDIANS OF THE POOR of the several Unions and Parishes throughout England;

To the Councils and Governing Bodies of Cities and Boroughs, Commissioners under Local Acts, the Surveyors of Highways, their Deputies and Assistants, the Trustees, County Surveyors and others, by Law entrusted with the care and management of the Streets and Public Ways and Places within the said Unions and Parishes;

To the Owners and Occupiers of Houses, Dwellings, Churches, Buildings, and Places of Assembly within the said Unions and Parishes, and others having the care and ordering thereof;

And to all whom it may concern.

WHEREAS by the provisions of the "Nuisances Removal and Diseases Prevention Act, 1848," for the prevention of epidemic, endemic, and contagious diseases, and by virtue of an Order of the Lords of Her Majesty's Most Honourable Privy Council, bearing date the 27th day of March, 1849, directing that the said provisions of the said Act be put in force throughout the whole of Great Britain, We, the General Board of Health, are authorized to issue such Directions and Regulations as the said Board shall think fit for the prevention (as far as possible) or mitigation of epidemic, endemic, or contagious diseases; and whereas by the said Act it is provided that the Directions and Regulations to be issued as aforesaid shall extend to all parts, or places, in which the said provisions of the said Act shall for the time being be in force, under the Order of Her Majesty's Privy Council, unless such Directions, or Regulations, shall be expressly confined to some of such parts, or places, and then to such parts, or places, as in such Directions and Regulations shall be specified:

Now in exercise of the authority vested in us as aforesaid, We, the General Board of Health, do issue the Directions and Regulations hereinafter contained, to extend to all parts and places, within the several Unions and Parishes throughout England, and to all extra-parochial places adjoining to such Unions or Parishes, viz:—

I. We direct that all Councils and Governing Bodies of Cities and Boroughs, Commissioners under Local Acts, Surveyors, and District or Assistant Surveyors of Highways, Trustees, County Surveyors, and others, by Law entrusted with the care and management of the streets, and public ways, and places, within the parts or places to which these Directions and Regulations extend, shall once at least in every twenty-four hours effectually cleanse all such of the streets, rows, lanes, mews, courts, alleys, and passages, and public ways and places, under their respective care and management, as by the Medical Officer of the

Guardians, or others authorized to superintend the execution of this Direction and Regulation, shall be certified in writing, to be in a state dangerous to health, or to require frequent and effectual cleansing by way of precaution against disease, and shall remove all filth, ordure, and nuisances therefrom.

II. And where any such streets, rows, lanes, mews, courts, alleys, and any passages, public ways, or places, to which any houses or tenements adjoin, which have not been entrusted by law to the care or management of any Council, Commissioners, Surveyors, Trustees, or others, have been certified in writing, by such Medical Officer as aforesaid, to be in a state dangerous to health, or to require such frequent and effectual cleansing, we direct that every occupier of a house or tenement so adjoining, shall keep or cause to be kept sufficiently cleansed, at least once in every twenty-four hours, such part of the street, row, lane, mews, court, alley, or passage, way, or place as adjoins the house or tenement occupied by him.

And we direct that all such works of cleansing and removal of filth, ordure, and nuisances as are required by these Directions and Regulations, shall be done in such manner by effectual washing or otherwise, and with the use of such fluids or substances for preventing the escape of noxious effluvia during the operation, as the Medical Officer of the Guardians or others authorized to superintend the execution of these Directions and Regulations shall think necessary and shall direct.

III. We do hereby authorize and require the said Guardians, by themselves or by their officers, or persons employed under them in the administration of the laws for the relief of the poor, or by officers or persons specially appointed in this behalf, to superintend and see to the execution of the foregoing Directions and Regulations within their respective Unions or Parishes, and in any extra-parochial places adjoining thereto respectively.

IV. And further, where it shall appear that, by want or neglect of the Council of any City or Borough, Commissioners, Surveyors, Trustees, or others entrusted with the care and management as aforesaid, or by reason of poverty of the occupiers or otherwise, there may be any default or delay in the cleansing of, or removing nuisances from any street, row, lane, mews, court, alley, passage, or public way, or place certified as aforesaid, within any of the said Unions or Parishes, or any extra-parochial place adjoining thereto, we authorize and require the Guardians of such Union or Parish, to cause such street, row, lane, mews, court, alley, passage, way, or place, to be effectually cleansed, and all nuisances to be removed therefrom, and to do all acts, matters, and things necessary for that purpose.

V. We also direct as follows:—

That,

When, and so often as any dwelling-house, in any part or place to which these Directions and Regulations extend, is in such a filthy and unwholesome condition as to be a nuisance to, or injurious to the health of any person, or,

Where, upon any premises, or any part or place as aforesaid, there is any foul and offensive drain, ditch, gutter, privy, cesspool or ashpit, or any drain, ditch, gutter, privy, cesspool, or ashpit, kept or constructed so as to be a nuisance to, or injurious to the health of any person, or,

Where, upon any such premises, swine, or, any accumulation of dung, manure, offal, filth,

refuse, or other matter or thing, is kept, so as to be a nuisance to, or injurious to the health of any person, or,

Where, upon any such premises (being a building used wholly or in part as a dwelling-house) or being premises underneath any such building, any animal is kept so as to be a nuisance or injurious to the health of any person ;

In each of the above recited cases, the owner or occupier, and persons having the care or ordering of such dwelling-house, or of the premises where the nuisance or matter injurious to health may be, shall cleanse, whitewash, or otherwise purify, as the case may require, such dwelling-house or building ; or abate or remove the nuisance or matter injurious to health as aforesaid, with all reasonable speed after the publication of these our Directions and Regulations, or after the nuisance or matter injurious to health shall have arisen.

VI. In case, by reason of poverty or otherwise, the occupier of any such dwelling-house or premises is unable to perform any works required by these Directions or Regulations ; such occupier shall give notice of such his inability to the Guardians of the Union or Parish comprising the place wherein the premises shall be situated.

VII. We authorize and require the Guardians aforesaid by themselves or by officers by them authorized in this behalf ;

To see to the execution of the Directions hereinbefore contained for the cleansing and purifying of dwelling-houses, and for the abatement and removal of nuisances and matters injurious to health, in every case in which there shall not be a Council or other Governing Body of a City or Borough, or Commissioners having jurisdiction for the removal of nuisances, or where such Council, Governing Body, or Commissioners, shall not cause to be effectually executed, such Directions ; and for that purpose,

To visit, from time to time, or cause to be visited, the several dwellings and places where there may be ground for believing that necessity will arise for executing such Directions :

VIII. And in every case in which, from the poverty of occupiers or otherwise, there may be default or delay in the cleansing or purifying of any such dwelling-house, or in the abatement or removal of any such nuisance or matter injurious to health, and the Medical Officer, or other person duly authorized as aforesaid, shall certify that the same requires immediate attention ; and in every case in which, from want of co-operation of the owners or occupiers, there is any default or delay in cleansing any such drain, ditch, watercourse, or gutter into which several dwellings or tenements may drain ;

We authorize and require such Guardians to cause such dwelling-houses to be cleansed and purified, and such drain, ditch, watercourse, or gutter, to be frequently and effectually cleansed, and such nuisance or matter injurious to health to be abated and removed respectively, and to do all acts, and provide all matters, and things, necessary for that purpose.

IX. And we do further authorize and require the Guardians to direct their Clerk to make out from the Register of Deaths or from the District Medical Relief Books, and from any public books or other sources from which information may be obtained within the Union, a list of places where epidemic, endemic, and contagious diseases have of late been frequent.

X. And we authorize and require such Guardians

to cause the Medical Officers employed by them, or specially appointed for the purpose, to visit the places, of which a list shall be made out as aforesaid, and all such neighbouring and other places within such Union or Parish as shall appear to such Medical Officers (from being under like circumstances with the places included in such list or otherwise) to require visitation or examination ;

XI. And each such Medical Officer shall, where it may be necessary, certify in writing to the Board of Guardians, and to the surveyors, trustees, occupiers, or others required to execute these Directions and Regulations, all such places as are in a state dangerous to health, or need frequent and effectual cleansing by way of preservation against disease, and such dwelling-houses as are in a filthy and unwholesome condition, and all such nuisances and matters injurious to health as ought to be abated, cleansed, and removed under these Regulations.

XII. And each such Medical Officer shall forthwith, upon any case of Cholera, or of Typhus, or other epidemic, endemic, and contagious diseases becoming known to him within the Parish, Union, or district under his visitation, report the same to the Board of Guardians.

XIII. And where it shall be certified to the Guardians by their Medical Officer or Officers, or where it shall otherwise sufficiently appear to such Guardians, that extraordinary medical aid is required for persons attacked or threatened by Cholera, or epidemic, endemic, or contagious disease, we authorize and require such Guardians to provide sufficient Medical aid, and in suitable places, such medicines as may be required within their respective Unions or Parishes for necessitous persons attacked by Cholera, or by premonitory symptoms, and to make arrangements for the distribution of notices, stating the places where aid and medicines shall have been provided.

XIV. Whereas it has heretofore been found impracticable to ensure proper treatment in their own houses to many of the poorer classes, we authorize and require the said Guardians, where it shall appear that such extraordinary aid is required, to provide suitable rooms or places, capable of accommodating necessitous cases, to which persons attacked by Cholera, who cannot be properly treated in their own houses, may be conveyed.

XV. And we also authorize and require the said Guardians, where it shall appear needful, to provide rooms or places of refuge to which may be removed the families of such necessitous persons as have been attacked with Cholera, and also such necessitous persons living under the same roof with, or in the vicinity of, persons so attacked, as the Medical Officers acting under the authority of the said Guardians may deem it necessary to remove ; and the houses, rooms, or dwellings, from which persons may have been so removed to the houses of refuge, shall be cleansed and purified by the owners or persons having the care or ordering thereof, or, in their default, by the said Guardians.

XVI. And on the occurrence of any case of Cholera or other epidemic, endemic, or contagious disease, in any room occupied by one family or more, we hereby authorize and require the Medical Officer to remove, or cause to be removed, either the patient, or so many of the occupants of such room as he shall consider would, unless removed, tend to prevent the recovery of the patient, or endanger the spreading of the disease.

XVII. And in case of death by Cholera, or any other epidemic, endemic, or contagious disease, we hereby authorize and require the last medical attendant upon the person of the deceased, or in case

of there having been no medical attendant, the housekeeper or person present at the death, or who is in charge of the body, forthwith to notify the fact of the death to the Medical Officer of the District who is charged with the execution of these Orders for the prevention of the spread of such disease.

And we do hereby authorize such Medical Officer to give such directions as may appear to him to be needful, in respect to the care, removal, and the time of interment of the body for preventing the communication or spread of disease.

And we hereby authorize and require all persons to give such information or such assistance to such Medical Officer, and to be otherwise aiding him as he may need in the execution of these Orders.

XVIII. And in the event of the fatal termination of any case of Cholera, or of epidemic, endemic, or contagious disease, in any room occupied as a living or sleeping-room by one family, or more, or by numerous persons, we hereby authorize and require the Medical Officer to remove, or cause to be removed as speedily as may be, either the corpse, or the persons occupying such rooms, until the corpse can be conveniently removed and properly interred.

XIX. And we do authorize and direct the said Guardians to make arrangements for obtaining daily Lists of persons attacked by Cholera or other epidemic disease within their respective Unions or Parishes, with the particulars of their cases and treatment, and for communicating the same daily to the General Board of Health.

XX. And we do hereby authorize and direct the said Guardians, where it may appear needful, to appoint such additional Medical Officers, and also to appoint such other Officers as may be necessary to execute, and superintend the execution of these Regulations, and to publish and circulate, by printed hand-bills, or other means, notices of the provisions of the said Act for the prevention of nuisances, and of our Regulations and Instructions, or of such part of any of them, as it may appear desirable to make publicly known.

XXI. WHEREAS, by the provisions of the "Nuisances Removal and Diseases Prevention Act, 1848," for the prevention of epidemic, endemic, and contagious diseases, and by virtue of an Order of the Lords of Her Majesty's Most Honourable Privy Council, bearing date the 27th day of March 1849, directing that the said provisions of the said Act be put in force throughout the whole of Great Britain, We, the General Board of Health, are authorized to issue such Directions and Regulations as the said Board shall think fit for the prevention, as far as possible, or mitigation of epidemic, endemic, or contagious diseases. And whereas, by the said Act, it is provided that the Directions and Regulations to be issued as aforesaid, shall extend to all parts or places in which the said provisions of the said Act shall, for the time being, be in force under the Order of Her Majesty's Privy Council, unless such Directions or Regulations shall be expressly confined to some of such parts or places, and then to such parts or places as in such Directions and Regulations shall be specified.

Now, in exercise of the authority vested in us as aforesaid, We, the General Board of Health, do issue the Directions and Regulations hereinafter contained, to extend to Scotland, and be in force throughout that part of the United Kingdom.

I. We direct that all Magistrates, Town-Councils, Commissioners, Trustees, and others by law entrusted with the care and management of the streets, and public ways, and places shall, through their Inspectors, Surveyors, or other persons under their direction, once at least in every twenty-four hours effectually cleanse all such of the streets, roads, lanes, mews, courts, alleys, wynds, entries, common stairs, and passages and public ways, and places under their respective care and management, as by the Medical Officer of the Parochial Board shall be certified in writing to be in a state dangerous to health, or to require frequent and effectual cleansing, by way of precaution against disease, and shall remove all filth, ordure, and nuisances therefrom.

II. And where any such streets, roads, lanes, mews, courts, alleys, wynds, entries, common stairs, passages and public ways, or places adjoining to any houses or tenements, have not been entrusted by law to the care or management of any Magistrates, Town Councils, Commissioners, Trustees, or others, on a notice signed by the Inspector of the Poor, or other person authorized by the Parochial Board, to the effect that the same has been certified by the Medical Officer to be in a state dangerous to health, and to require such frequent and effectual cleansing (such notice being served by delivery to any person on the premises, or being pasted on the door), We direct that every occupier of a house or tenement so adjoining, shall keep or cause to be kept sufficiently cleansed, at least once in every twenty-four hours, such part of the street, road, lane, mews, court, alley, wynd, entry, common stair, passage, way, or place, as adjoins the house or tenement occupied by him.

And we direct that all such works of cleansing and removal of filth, ordure, and nuisances as are required by these Directions and Regulations, shall be done in such manner by effectual washing or otherwise, and with the use of such fluids or substances for preventing the escape of obnoxious effluvia during the operation, as the Medical Officer of the Parochial Board shall think necessary and shall direct.

III. We do hereby authorize and require the Parochial Boards throughout Scotland, by themselves or by their officers or persons employed under them in the administration of the laws for the

relief of the Poor, or by officers or persons specially appointed in this behalf, to superintend and see to the execution of the foregoing Directions and Regulations within their respective parishes and combinations.

IV. And further, where it shall appear that by want or neglect of the Magistrates, Town Councils, Commissioners, Trustees, Inspectors, Surveyors, or others entrusted with the care and management as aforesaid, or by reason of poverty of the occupiers, or otherwise, there may be any default or delay in the cleansing of, or removing nuisances from any street, row, lane, mews, court, alley, wynd, entry, common stair, passage, or public way or place, certified as aforesaid, we authorize and require the Parochial Board of the Parish, or Combination, to cause such street, row, lane, mews, court, alley, wynd, entry, common stair, passage, way, or place, to be effectually cleansed, and all nuisances to be removed therefrom; and to do all acts, matters, and things necessary for that purpose.

V. We also direct as follows: That—

When and so often as any dwelling-house, in any part or place to which these Directions and Regulations extend, is in such a filthy and unwholesome condition as to be a nuisance to, or injurious to the health of any person; or

Where, upon any premises, or any part or place as aforesaid, there is any foul and offensive drain, ditch, gutter, privy, cesspool, or ashpit, or any drain, ditch, gutter, privy, cesspool, or ashpit kept or constructed so as to be a nuisance to, or injurious to the health of any person; or,

Where, upon any such premises, swine, or any accumulation of dung, manure, offal, filth, refuse, or other matter or thing, is kept, so as to be a nuisance to, or injurious to the health of any person; or,

Where, upon any such premises, (being a building used wholly or in part as a dwelling-house) or being premises underneath any such building, any animal is kept, so as to be a nuisance, or injurious to the health of any person;

In each of the above-recited cases, the owner or occupier, and persons having the care or ordering of such dwelling-house, or of the premises where the nuisance or matter injurious to health may be, shall cleanse, whitewash, or otherwise purify, as the case may require, such dwelling-house or building, or abate or remove the nuisance, or matter injurious to health, as aforesaid, with all reasonable speed after the publication of these our Directions and Regulations, or after the nuisance, or matter injurious to health, shall have arisen.

VI. We authorize and require the Parochial Boards throughout Scotland, by themselves, or by Officers by them authorized in this behalf—

To see to the execution of the Directions herein before contained, for the cleansing and purifying of dwelling-houses, and for the abatement and removal of nuisances and matters injurious to health, in every place in which there shall not be Magistrates, Town-Councils, Commissioners, Trustees, or others, having jurisdiction or authority to put the above Directions in force, or where they have not caused them to be effectually executed; and for that purpose—

To visit, from time to time, or cause to be visited, the several dwellings and places where there may be ground for believing that necessity will arise for executing such Directions.

VII. And in every case in which, from the poverty of occupiers, or otherwise, there may be default or delay in the cleansing or purifying of any

such dwelling-house, or in the removal of any such nuisance or matter injurious to health; and the Medical Officer, or other person duly authorized, as aforesaid, shall certify that the same requires immediate attention,

We authorize and require such Parochial Boards to cause such dwelling-houses to be cleansed and purified, and such drain, ditch, watercourse, or gutter, to be frequently and effectually cleansed, and such nuisance, or matter injurious to health to be removed respectively, and to do all acts, and provide all matters and things necessary for that purpose.

VIII. And we do hereby authorize and require each Parochial Board to direct their Inspector or any other competent person to make out from the Parochial Register or from any Books of Medical Relief, or from any other public Books, or any other available source, a list, as complete as the circumstances will admit of being framed, of places where epidemic, endemic, or contagious diseases have of late been frequent.

IX. And we authorize and require the Parochial Boards to cause the Medical Officers employed by them, or specially appointed for the purpose, to visit the places, of which a list shall be made out as aforesaid, and all such neighbouring and other places within such Parish or Combination as shall appear to such Medical Officers (from being under like circumstances with the places included in such list or otherwise) to require visitation or examination.

X. And each such Medical Officer shall, where it may be necessary, certify in writing to the Parochial Board, and to the Magistrates, Council, Trustees, Commissioners, Inspectors, Surveyors, Occupiers, or others required to execute these Directions and Regulations, all such places as are in a state dangerous to health, or need frequent and effectual cleansing by way of preservation against disease, and such dwelling-houses as are in a filthy and unwholesome condition, and all such nuisances and matters injurious to health as ought to be cleansed and removed under these Regulations.

XI. And we hereby direct that whenever any Parochial Board shall be certified through their Medical Officer or otherwise, that any person has been attacked with malignant Cholera within the bounds of their Parish or Combination, they shall intimate the same by the earliest post or other obtainable conveyance to the General Board of Health, in order that the said Board may issue Regulations to such Parochial Board relating to Medical relief.

XII. And each such Medical Officer shall forthwith, upon any case of Cholera, or of Typhus, or other epidemic, endemic, and contagious diseases becoming known to him within the Parish or District under his visitation, report the same to the Parochial Board.

XIII. And we do hereby authorize and direct the said Parochial Boards, where it may appear needful, to appoint such additional Medical Officers, and also to appoint such other Officers as may be necessary to execute and superintend the execution of these Regulations, and to publish and circulate by printed hand-bills or other means, notices of the provisions of the said Act for the Prevention of Nuisances, and of our Regulations and Instructions, or of such part of any of them as it may appear desirable to make publicly known.

XIV. We direct that where it shall be certified to any Parochial Board by their Medical Officer or Officers, or where it shall otherwise sufficiently appear to such Parochial Board, that extraordinary medical aid is required for persons attacked or

threatened by Cholera, or epidemic, endemic, or contagious disease, we authorize and require such Parochial Board, without further notification, to provide sufficient medical aid, and in suitable places, such medicines as may be required within their respective parishes for necessitous persons attacked by Cholera, or by premonitory symptoms, and to make arrangements for the distribution of notices stating the places where aid and medicines shall have been provided.

XV. Whereas it has heretofore been found impracticable to insure proper treatment in their own houses to many of the poorer classes, we authorize and require the Parochial Board, where it shall appear that such extraordinary aid is required, to provide suitable rooms or places capable of accommodating necessitous cases, to which persons attacked by Cholera, who cannot be properly treated in their own houses, may be conveyed.

XVI. And we also authorize and require the Parochial Board, where it shall appear needful, to provide rooms or places of refuge to which may be removed the families of such necessitous persons as have been attacked with Cholera, and all such necessitous persons living under the same roof, with or in the vicinity of persons so attacked, as the Medical Officer or Officers acting under the authority of the Parochial Board may deem it necessary to remove; and the houses, rooms, or dwellings, from which persons may have been so removed to the places of refuge, shall be cleansed and purified by the owners or persons having the care or ordering thereof, or in their default by the Parochial Board.

XVII. And on the occurrence of any case of Cholera, or other epidemic, endemic, or contagious disease, in any room occupied by one family or more, we hereby authorize and require the Medical Officer to remove or cause to be removed, either the patient, or so many of the occupants of such room as he shall consider would, unless removed, tend to prevent the recovery of the patient or endanger the spreading of the disease.

XVIII. And in case of death by Cholera, or any other epidemic, endemic, or contagious disease, we hereby authorize and require the last Medical Attendant upon the person of the deceased, or in case of there having been no Medical Attendant, the housekeeper, or person present at the death, or who is in charge of the body, forthwith to notify the fact of the death to the Medical Officer of the district, who is charged with the execution of these Orders for the prevention of the spread of such disease.

And we do hereby authorize such Medical Officer to give such directions as may appear to him to be needful in respect to the care, removal, and the time of interment of the body, for preventing the communication or spread of disease.

And we hereby authorize and require all persons to give such information or such assistance to such Medical Officer, and to be otherwise aiding him as he may need in the execution of these Orders.

XIX. And in the event of the fatal termination of any case of Cholera, or of epidemic, endemic, or contagious disease in any room occupied as a living or sleeping-room by one family or more, or by numerous persons, the corpse shall be interred by those who have the charge of interring the same, within such time as may be fixed by the Medical Officer, and intimated by a notice signed by the Inspector of the Parochial Board, and left with any person on the premises; and in the event of interment not taking place within the time so fixed, we hereby authorize and require the Parochial Board to cause to be removed, as speedily as may be,

either the corpse, or the persons occupying such room, until the corpse can be conveniently removed and properly interred.

XX. And we do authorize and direct the said Parochial Boards to make arrangements for obtaining daily lists of persons attacked by Cholera, or other epidemic, endemic, or contagious disease within their respective parishes, with the particulars of their cases and treatment, and for communicating the same daily to the General Board of Health.

XXI. And we do hereby authorize and direct the said Parochial Boards, where it may appear needful, to appoint such additional Medical Officers, and also to appoint such other Officers as may be necessary to execute and superintend the execution of these Regulations, and to publish and circulate by printed hand-bills or other means, notices of our Directions and Regulations, or of such part of any of them as it may appear desirable to make publicly known.

XXII. And we hereby direct that in these Directions and Regulations, and the Directions and Regulations already issued by us as aforesaid, the words "Parochial Board" shall mean the Parochial Board or other like Officers having the management of the poor for any parish, combination, or place, where the matter requiring the cognizance of such Officers arises, and the word "Parishes" shall include "Combination."

XXIII. And whereas, by the said Act it is provided that whosoever shall wilfully obstruct any person acting under the authority, or employed in the execution of the same, or shall wilfully violate any Direction or Regulation issued by the General Board of Health, shall be liable, for every such offence, to a penalty not exceeding Five Pounds, recoverable by summary process before the Sheriff or two Justices of the Peace, at the instance of the Procurator Fiscal, or any other person; all Procurators Fiscal, and other persons who may be concerned, are hereby required to institute such proceedings according to law, as may be necessary for the enforcement of these Regulations.

Given under our hands, and under the seal of the General Board of Health, this fourth day of April one thousand eight hundred and forty-nine.
