TUESDAY, NOVEMBER 26, 1850.

AT the Council-Chamber, Whitehall, the 21st November 1850.

By the Right Honourable the Lords of the Committee of Council appointed for the consideration of all Matters relating to Trade and Foreign Plantations.

WHEREAS, by "The Designs Act, 1850," it is provided that the Lords of the Committee of Privy Council for the consideration of all matters relating to trade and foreign plantations may from time to time make, alter, and revoke rules and regulations with respect to the mode of registration, and the documents and other matters and particulars to be furnished by persons effecting registration and provisional registration, under two several Acts, passed respectively in the 6th and 7th years of the reign of Her Majesty, intituled respectively "An Act to consolidate and amend the laws relating to the copyright of Designs for Ornamenting Articles of Manufacture," and "An Act to amend the Laws relating to the Copyright of Designs," (which two Acts are in the said first-mentioned Act, and herein after called respectively "The Designs Act, 1842," and "The Designs Act, 1843," and also under the said Designs Act, 1850 : and it is further provided, that all such rules and regulations shall be published in the London Gazette : Now the Lords of the said Committee, by virtue of the power vested in them by the said first-mentioned Act, do hereby make the following rules and regulations ; that is to say :—

I. All persons desirous of effecting registration or provisional registration of any design, must furnish to the Registrar (except in any case in which, under the 11th section of the Designs Act, 1850, he may dispense with any of such particulars) two copies, drawings, or prints of such design ; and, if such design is intended for exhibition at any place certified by the Lords of the said Committee to be a place of public exhibition within the meaning of the Designs Act, 1850, then a third copy, drawing, or print also.

II. In the case of paper-hangings, calico prints, and other furnitures of such a nature as to admit of being conveniently pasted in a book, portions of such furnitures may, with the permission of the Registrar, be received for the purpose of registration, instead of the copies, drawings, and prints before mentioned.

III. Upon the face of the sheet containing such copy, drawing, or print, or if a portion of the article to be registered be furnished to the Registrar, as before provided, then, upon a sheet of paper attached thereto, or delivered therewith, must be set forth the name of every person claiming to be the proprietor of the design, or the style or title of the firm under which he trades, together with his place of abode, or place of carrying on his business, or other place of address ; and also, in the cases after-mentioned, the following further particulars (except where the Registrar may dispense with any thereof as aforesaid) ; that is to say :—

1. If the registration of such design be sought in respect of the application thereof to ornamenting any article of manufacture or substance, there must, if the registration sought be complete registration, be set forth the number of the class or classes described in section 3 of the Designs Act, 1842, in respect of which the registration is made ; or
2. If such design be for the shape or configuration of any article of manufacture having reference to some purpose of utility, the drawings or prints must be made on a proper geometric scale, and there must be set forth the title of the design, and such description thereof, in writing, as may be necessary to render the same intelligible, and the description must distinguish such parts of the design (if any) as are not new or original, and every such drawing or print, together with the title or description of such design, and the name and address of the proprietor, must be on one sheet of paper or parchment, and on the same side thereof, and the size of such sheet must not exceed 24 inches by 15 inches, and there must be left on one of such sheets a blank space, on the same side on which are such drawing, title, description, name, and address, of the size of 6 inches by 4 inches, for the certificate hereinafter mentioned.

IV. All persons desirous of effecting registration of any sculpture, model, copy, or cast, within the protection of two several Acts passed respectively in the 38th and 54th years of the reign of King George the Third, and intituled respectively "An Act for encouraging the Art of making new Models, and Casts of Busts, and other things therein

mentioned," and "An Act to amend and render more effectual an Act for encouraging the Art of making new Models, and Casts of Busts, and other things therein mentioned," which two Acts are in the said Designs Act, 1850, called the "Sculpture Copyright Acts," must furnish to the Registrar such copy, drawing, or print, or such description, writing, or print, as in the judgment of the Registrar shall be sufficient to identify the particular sculpture, model, copy, or cast, in respect of which registration is desired, and the name of the person claiming to be the proprietor, together with his place of abode or business, or other place of address, or the name, style, or title of the firm under which he trades.

V. The Registrar shall affix a number upon every such copy, drawing, print, or description of any design, sculpture, model, copy, or cast, so to be furnished to him as aforesaid, denoting the order in which the same has been received by him, and a corresponding number upon the duplicate and triplicate copy, drawing, print, or description, directed to be furnished to him as aforesaid; and he shall register every such copy, drawing, print, or description, in the order in which it is received by him, by entering the number thereof, and also the title or class thereof, in a book to be kept by him for that purpose; and he shall keep a proper index of all the designs, sculpture, models, and copies or casts so registered, according to the titles thereof, or arranged in such classes as to afford ready access to the same.

VI. Whenever any such registration is made, the Registrar shall retain and file in his office one of the copies, drawings, prints, or descriptions hereinbefore required to be furnished to him, and he shall return the other thereof, (when two only are furnished) to the person by whom the same was furnished, having first affixed thereon, or attached thereto a certificate, whereby he shall certify under his hand and seal of office, the fact of such registration, and the date, and the name of the registered proprietor, or the style or title of the firm under which he trades, together with his place of abode or business, or other place of address; and he shall cause the remaining copy, drawing, print, or description (when three have been furnished), having the certificate of provisional registration affixed thereon, to be deposited in the place of public exhibition so to be certified as aforesaid.

VII. Persons desirous of having the transfer of any registered design registered, must furnish to the Registrar the written transfer of such design, or other sufficient evidence of their title, together with a written request to register, to the effect set forth in the 6th section of the Designs Act, 1842, and the Registrar shall thereupon insert the name of the new proprietor in the register. If a certificate of the transfer be desired, the certified copy of the design, or an exact copy thereof, must be furnished to the Registrar for the purpose of having such certificate affixed thereon; and the Registrar shall accordingly affix thereon a certificate under his hand and seal of office, containing the like particulars as are herein required in the case of a certificate of the registration of a design.

VIII. Any person desirous of ascertaining whether any copyright exists, in respect to any particular design there be any copyright existing, must produce to the Registrar such design, together with the registration mark thereof; or he may produce such registration mark only; or in the case of a design provisionally registered, the number thereof; and thereupon the

Registrar shall give to such person a certificate under his hand and seal of office, stating whether there be any copyright of such design existing, and if there be, then in respect to what particular article of manufacture or substance such a copyright exists, and the term of such copyright, and the number and date of the registration thereof, and also the name and place of abode or business, or other address of the registered proprietor thereof.

IX. All the services hereinbefore directed to be performed by the Registrar are to be performed on payment of such fees as may be from time to time fixed by the Lords Commissioners of Her Majesty's Treasury.

Signed by order, of the Lords of the said Committee,

JAMES BOOTH, one of the Joint Secretaries of the said Committee.
