TUESDAY, AUGUST 28, 1855.

WHITEHALL, August 24, 1855.

THE Right Honourable Sir George Grey, Bart., has received the following Despatch from the Earl of Clarendon, K.G., dated St Cloud, the 22d of August 1855 :—

SIR, *St Cloud, August 22, 1855.*

THE Queen, Prince Albert, the Prince of Wales, and the Princess Royal, arrived on the 18th instant in the "Victoria and Albert" yacht at Boulogne, where Her Majesty was received by the Emperor of the French, amidst the salutes of the Army of Boulogne, posted on the heights, and the acclamations of a vast concourse of people assembled for the occasion.

At Amiens, where the Queen stopped for a short time, and along the whole line of railway, Her Majesty was received with every demonstration of respect and kind feeling.

At Paris, from the Station to St Cloud, these feelings were manifested in the strongest manner; and I can convey no better idea of the reception of Her Majesty by the people of Paris, than by stating, that the enthusiasm was quite as great as that which greeted the Emperor and Empress on their arrival in London.

The same cordial welcome has been given to the Queen at the various places where Her Majesty has since appeared in public; and Her Majesty is profoundly sensible of the spontaneous and universal kindness which has been displayed towards Her by the people of France.

It is impossible to doubt that the Queen's visit will still more closely cement the Alliance which now so happily subsists between the Sovereigns and the people of England and France.

I am happy to inform you that the Queen, Prince Albert, the Prince of Wales, and the Princess Royal, are in perfect health.

I have, &c.,

CLARENDON.

Right Hon. Sir George Grey, G. C. B.,  
 &c., &c., &c.

WAR-DEPARTMENT, August 27, 1855.

LORD PANMURE has this day received a Despatch and its Enclosures, of which the following are Copies, addressed to his Lordship by General Simpson :—

*Before Sevastopol,  
 August 14, 1855.*

MY LORD,

DURING the last few days considerable activity has been exhibited in the movements of the enemy, both in the town and on the north side; and, from the information we have received from the country, as well as the examination of deserters, I have reason to believe that the Russians may attempt to force us to raise the siege by a vigorous attack from without. Every precaution is taken on the part of the Allies, and the ground occupied by the Sardinians above the village of Tchorgouna, and in its front, has been made very strong through the energy and skill of General La Marnora, who is unceasing in his precaution, and shows the utmost disposition to co-operate in the most agreeable manner with the Allies.

The fire has, if anything, been rather less during the day, since my last Despatch. At times, however, the enemy open heavily for a short period, causing many casualties, and amongst them I regret to have to announce that of Brevet-Major Hugh Drummond, Scots Fusilier Guards, who was killed yesterday afternoon by a fragment of a shell. His loss is deeply felt by all who knew him, and Her Majesty has lost the services of a most promising officer.

The firing on our side has been directed in a great measure against the large barracks, dock-yard buildings, and the town, all of which shew visible signs of the admirable practice of the Royal Artillery.

I further beg to enclose the Returns of Casualties to the 12th instant.

I have to apologize to your Lordship for having omitted to inform you before that I had despatched the steamer *Indiana*, on the 8th instant, to *Corsu* for the purpose of conveying the 82d Regiment from that island to the Crimea.

Drafts for the Light Division and 1st Regiment to the number of 800 men, the remainder of the

Carabineers, and one squadron of the 1st Dragoon Guards, have arrived.

I have, &c.,

JAMES SIMPSON,  
General Commanding.

*The Lord Panmure, &c., &c., &c.*

*Board of Trade, Whitehall,  
August 23, 1855.*

The Right Honourable the Lords of the Committee of Privy Council for Trade and Plantations have received, through the Secretary of State for Foreign Affairs, a copy of a Despatch from Her Majesty's Acting-Consul at Mobile, transmitting the enclosed extract from a City Ordinance establishing a strict quarantine, from the 1st of July until the 1st of November, on such vessels arriving in the Bay of Mobile as are therein specified.

EXTRACT from an Ordinance to establish a Quarantine, and to prevent the introduction of contagious, infectious, or malignant diseases into the City of Mobile.

Section 1.—*Be it ordained by the Mayor, Aldermen, and Common Council of the city of Mobile,* That for the protection of the city of Mobile a strict system of quarantine shall be enforced against all vessels, boats, and water-craft arriving in the Bay of Mobile from any port where yellow, malignant, or other pestilential or infectious fever is prevailing, or against any and all vessels, boats, or other water-craft having any person or persons on board suffering from any such disease. That the provisions of this Ordinance shall be enforced from the 1st day of July until the 1st day of November, unless ordered otherwise by the Mayor, acting under the advice of the Board of Health of the city of Mobile.

Section 3.—*Be it further ordained,* That it shall be the duty of the quarantine physician to attend at the quarantine station to board all vessels, boats, or other water-craft entering the Bay or Harbour of Mobile, and fully to examine into the condition of the vessel and cargo, and into the health of all persons, officers, crew, and passengers, on board; he shall examine as many of such persons on board, under oath, to obtain such facts as he may deem essential or necessary; he shall have power to detain all vessels coming from an infected port, or having cases of yellow fever or other malignant disease aboard, their cargo, crew, officers, or passengers, for any length of time that he may deem necessary and expedient; he shall direct such steps as may be necessary to purify any vessel, to discharge a cargo or portion thereof, and to remove any person or persons from any vessel that may be sick of any malignant or infectious fever or disease, to the quarantine hospital, and it shall be his duty to give his professional services to such persons. It shall be his duty to sign all permits for vessels, boats, or persons to pass the quarantine, and to sign all discharges for vessels, boats, or persons leaving the quarantine, and no vessel, boat, or person shall be permitted to leave the quarantine station without first having obtained a permit thus duly signed.

And any person or persons, passenger, crew, or officer of any vessel, who may violate any of the quarantine regulations, he or they, the owner, captain, together with the vessels or boat to which he or they may belong, or be a passenger, shall be subject to a fine and penalty of not less than fifty dollars for each and every offence, to be applied to the use of the city of Mobile.

Section 5.—*Be it further ordained,* That all persons who may receive medical treatment at the quarantine hospital, shall pay, for the use of the city, five dollars per day for each and every day of such treatment; and in all cases where the party so treated shall be unable to pay the fee, then the captain, owner, consignee of the vessel to which he may belong, or on board of which he may have been a passenger, shall be liable for the same.

In all instances where it may be judged necessary to remove a cargo, or a portion thereof, or to purify and cleanse a vessel, or to destroy bedding or clothing, it shall be done under the supervision of the quarantine physician, and at the expence of the captain, owner, or consignee of the vessel.

Section 8.—*Be it further ordained,* That the Mayor and Board of Health, whenever, in their judgment, the public health may require it, may order any vessel at the wharves of the city, or in their vicinity, to the quarantine station; and may require all persons, articles, or goods introduced into the city from such vessel, to be seized, returned on board, or removed to the quarantine station. In case the master, owner, or consignee of the vessel cannot be found, or shall refuse, or shall neglect to obey the order of removal, the Mayor and Board of Health shall have power to cause such removal at the expence of such master, owner, or consignee. The provisions of this Ordinance shall apply also to vessels lying at anchor in the Bay of Mobile, and not performing quarantine.

*Quarantine Rules and Regulations for the Port of Mobile.*

1.—The quarantine station shall be the anchorage immediately in the vicinity of the present Bethel-ship, in the Bay of Mobile. Its limits shall be more specifically pointed out by the quarantine physician.

2.—The quarantine physician shall, in every instance, fix the length of time that a vessel shall remain at quarantine, as also the time that all persons aboard such vessels shall be liable to quarantine.

3.—It shall be the duty of all pilots, or other persons bringing a vessel into the Bay of Mobile, to hoist a flag at half-mast at the fore, which flag shall continue to be so hoisted, at half-mast at the fore, until the vessel has been visited by the quarantine physician.

4.—No person shall leave a vessel at quarantine; and no person shall visit a vessel at quarantine, without a written permit so to do, signed by the quarantine physician.

5.—The quarantine physician shall make a monthly report, on the 1st of every month, to the city authorities, of the number and class of vessels performing quarantine,—of the number of patients treated at the quarantine hospital,—of the amount of fees collected,—and all other such information connected with the station as may be necessary or interesting.

6.—All vessels undergoing quarantine shall keep a flag at half-mast at the main during the day, and a lantern in the same position at night.

7.—Any violation of any of these rules and regulations shall be punishable by a fine of 100 dollars, recoverable as provided in the Ordinance.
