T. BOURNE, Clerk of the Peace.

NOTICE TO MARINERS.

(No. 7.)—IRELAND—EAST COAST.

Alteration of Lights on Blackwater Bank.

THE Port of Dublin Corporation has given notice, that on and after the 1st day of July 1860, the two lights (the one revolving and the other fixed) at present exhibited from the light-vessel moored off the north-east part of the Blackwater Bank, east coast of Ireland, will be discontinued, and thenceforth a *fixed white* light will be exhibited from the vessel's mainmast. The light will be elevated 33 feet above the level of the sea, and in clear weather should be seen from a distance of about 9 miles. The vessel will carry a *black* ball at her mainmast head.

Alteration of Light on Arklow Bank.

Also, that at the same date, the fixed white light at present exhibited from the light-vessel moored off the south end of the Arklow Bank will be discontinued, and thenceforth a *revolving white* light, which will attain its greatest brilliancy once in every *minute*, will be exhibited from the vessel's mainmast. The light will be elevated 39 feet above the level of the sea, and in clear weather should be seen from a distance of about 10 miles. This vessel will also carry a *black* ball at her mainmast head.

Alteration of the Height of Lights on Kish Bank.

Also, that on and after the 1st day of July 1860, the lights at present shown from the fore and mizen masts of the light-vessel moored off the north point of the Kish Bank, at the respective heights of 26 and 25 feet above the level of the sea, will be lowered 6 and 5 feet, or each to the height of 20 feet above that level. The light exhibited from the mainmast will remain as at present, at a height of 36 feet above the level of the sea, or 16 feet above the level of the two other lights. This vessel will carry a *black* ball at each mast head.

This alteration is deemed desirable, it having been represented that the lights now exhibited are, when seen in one, liable to be mistaken for a single light.

By Command of their Lordships,

JOHN WASHINGTON, Hydrographer.

Hydrographic Office, Admiralty, London,
17th January 1860.

This Notice will affect the following Charts:—The Irish Channel, No. 184, Ireland, Sheets 17 and 1, Nos. 1744 and 1745. Also, British Islands Lights List, Nos. 343.
