## NOTICE TO MARINERS.

(No. 20.)—WALES.—NORTH-WEST COAST.

Alteration of Lights at Holyhead Harbours.

The Corporation of the Trinity House, London, has given notice, that on and after the 1st day of August 1864, the following alterations will be made in the Lights at Holyhead Harbours:—

New Harbour Light.

A *fixed red* light, similar to the one heretofore shown from the light vessel, will be exhibited from a mast 84 yards from the present extremity of the breakwater, at an elevation of 40 feet above the level of high water.

A gong will be sounded during foggy weather, in like manner as is now done on board the light vessel.

A red buoy marks the spot where the extreme end of the breakwater will be when finished; vessels should pass eastward of the buoy.

The light vessel at the end of the breakwater will be removed.

At night vessels should not steer in for the harbour until the small *red* light shown from the Old Harbour Lighthouse bears between S.S.W.  $\frac{3}{4}$  W. and S.W., and in entering or leaving the harbour should keep three-quarters of a cable eastward of the light on the breakwater.

Old Harbour Light.

Also, that on and after the 1st day of August 1864, the Old Harbour Light will be discontinued, and a *fixed white* light, at an elevation of 20 feet above high water, will be shown from a tower on the end of the wooden jetty at the entrance of the Old Harbour, at 167 yards E. by S. from the old tower.

The small *red* light will still be exhibited from the old tower, between the bearings of S.S.W.  $\frac{3}{4}$  W. and S.W.; the former bearing clears the breakwater, and the latter all dangers on the east side of the bay.

[All bearings are magnetic. Variation 24° 10' West, in 1864.]
