Published by Authority.

FRIDAY, DECEMBER 9, 1864.

At the Court at Windsor, the 30th day of November 1864.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS the rules and practice observed for the purpose of preventing collisions at sea, which were formerly adopted by Maritime Nations, have proved insufficient to satisfy the requirements of modern navigation; and whereas various alterations in such rules and practice have from time to time been made by different Nations, but the rules so altered have been found to be in some cases inconsistent with each other, and in other cases to have the force of municipal law only; and whereas certain regulations for the purpose aforesaid have been sanctioned by "The Merchant Shipping Act Amendment Act, 1862," and are contained in the Table C, in the schedule to that Act; and whereas, for the purpose of correcting certain clerical errors the said regulations have, in pursuance of the provisions in the said Act contained, been modified by an Order in Council bearing date the ninth day of January one thousand eight hundred and sixty-three, and the said regulations, so modified, are appended to the said Order under the title of regulations for preventing collisions at sea; and whereas it is provided by the same Act, that, whenever it is made to appear to Her Majesty that the Government of any Foreign country is willing that the regulations for preventing collisions contained in Table C, in the schedule to the said Act, or such other regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty may, by Order in Council, direct that such regulations shall apply to the ships of the said Foreign country whether within British jurisdiction or not: And it is further provided by the said Act, that whenever an Order in Council has been issued, applying any regulation made by or in pursuance of the said Act to the ships of any Foreign country, such ships shall, in all cases arising in any British Court, be deemed to be subject to such regulation, and shall for the purpose of such regulation be treated as if they were British ships: And whereas it was made to appear to Her Majesty that the Government of the United States of America was willing that the said regulations for preventing collisions at sea,

appended to the said Order, should apply to ships belonging to the United States of America, when beyond the limits of British jurisdiction: And Her Majesty, by virtue of the power vested in Her by the said recited Act, did, by Order in Council dated the twenty-seventh of August one thousand eight hundred and sixty-four, direct that the said regulations for preventing collisions at sea, appended to the said Order in Council bearing date the ninth day of January one thousand eight hundred and sixty-three, and to this Order, should, from the first day of September then next, apply to ships belonging to the United States of America, whether within British jurisdiction or not:

And whereas the said Government of the United States of America have expressed a desire that the said regulations should be made to apply to ships navigating the Inland Waters of North America, and that they should apply to ships of the United States navigating such waters when beyond the limits of British jurisdiction:

And whereas by an Act passed by the Legislative Council and Assembly of Canada, assented to on the thirtieth of June one thousand eight hundred and sixty-four, and intituled "An Act to amend the law respecting the Navigation of Canadian Waters," after reciting that it would tend to the greater security of life and property in vessels navigating in Canadian waters, that the same rules of navigation and the same precautions for avoiding collisions and other accidents as were then adopted in the United Kingdom, and in other countries, should also be adopted in Canada, it was enacted that on and after the first day of September one thousand eight hundred and sixty-four, the rules contained therein with respect to lights, fog signals, steaming and sailing, should apply to all the rivers, lakes, and other navigable waters whatsoever within the province of Canada, or within the jurisdiction of the Legislature thereof:

And whereas the said rules so referred to are the same as the regulations appended to the said Order in Council bearing date the ninth day of January one thousand eight hundred and sixty-three, except that they are not intituled regulations for preventing collisions at sea; and whereas the same are also appended to this Order in Council,

Now therefore, Her Majesty, by virtue of the power vested in Her by the said Merchant Shipping Act Amendment Act, 1862, and by and with

the advice of Her Privy Council, is pleased to direct that the said regulations appended to this Order shall apply to ships belonging to the United States of America, when navigating the Inland Waters of North America, whether within British jurisdiction or not.

ARTHUR HELPS.

PRELIMINARY.

Construction of Rules.

Art. 1. In the following rules every steam ship which is under sail and not under steam is to be considered a sailing ship; and every steam ship which is under steam, whether under sail or not, is to be considered a ship under steam.

RULES CONCERNING LIGHTS.

What Light shall be carried.

Art. 2. The Lights mentioned in the following Articles, numbered 3, 4, 5, 6, 7, 8, and 9, and no others, shall be carried in all weathers, from sunset to sunrise.

By Steam Ships under Weigh.

Art. 3. Steam ships when under weigh shall carry:

(a.) *At the Foremast Head* a bright White Light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass; so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to 2 points abaft the beam on either side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.

On the Starboard Side.

(b.) *On the Starboard Side* a Green Light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

On the Port Side.

(c.) *On the Port Side* a Red Light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass; so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side; and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.

How Fitted.

(d.) The said green and red side lights shall be fitted with inboard screens, projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

By Steam Ships towing.

Art. 4. Steam ships, when towing other ships, shall carry two bright white mast-head lights vertically, in addition to their side lights, so as to distinguish them from other steam ships. Each of these mast-head lights shall be of the same construction and character as the mast-head lights which other steam ships are required to carry.

By Sailing Ships in motion.

Art. 5. Sailing Ships under weigh, or being towed, shall carry the same lights as steam ships

under weigh, with the exception of the white mast-head lights, which they shall never carry.

By small Vessels in bad weather.

Art. 6. Whenever, as in the case of small vessels during bad weather, the green and red lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for instant exhibition; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side, nor the red light on the starboard side.

Lanterns to be painted outside.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with suitable screens.

By Ships at Anchor.

Art. 7. Ships, whether steam ships or sailing ships, when at anchor in roadsteads or fairways, shall exhibit, where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear uniform and unbroken light, visible all round the horizon, and at a distance of at least one mile.

By Pilot Vessels.

Art. 8. Sailing Pilot Vessels shall not carry the lights required for other sailing vessels, but shall carry a white light at the mast head, visible all round the horizon,—and shall also exhibit a flare-up light every fifteen minutes.

By open Fishing and other open Boats.

Art. 9. Open fishing boats and other open boats shall not be required to carry the side lights required for other vessels; but shall, if they do not carry such lights, carry a lantern having a green slide on the one side and a red slide on the other side; and on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side, nor the red light on the starboard side.

When at Anchor.

Fishing vessels and open boats when at anchor, or attached to their nets and stationary, shall exhibit a bright white light.

Flare-up Lights.

Fishing vessels and open boats shall, however, not be prevented from using a flare-up in addition, if considered expedient.

RULES CONCERNING FOG SIGNALS.

Fog Signals.

Art. 10. Whenever there is a fog, whether by day or night, the Fog Signals described below shall be carried and used, and shall be sounded at least every five minutes, viz. :—

(a.) Steam ships under weigh shall use a steam whistle placed before the funnel, not less than eight feet from the deck :

(b.) Sailing ships under weigh shall use a fog horn :

(c.) Steam ships and sailing ships when not under weigh shall use a bell.

STEERING AND SAILING RULES.

Sailing Ships meeting.

Art. 11. If two sailing ships are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to port, so that each may pass on the port side of the other.

Sailing Ships crossing.

Art. 12. When two sailing ships are crossing so as to involve risk of collision, then, if they have the wind on different sides, the ship with the wind on the port side shall keep out of the way of the ship with the wind on the starboard side; except in the case in which the ship with the wind on the port side is close hauled and the other ship free, in which case the latter ship shall keep out of the way; but if they have the wind on the same side, or if one of them has the wind aft, the vessel which is to the windward shall keep out of the way of the ship which is to leeward.

Steam Ships meeting.

Art. 13. If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to port, so that each may pass on the port side of the other.

Steam Ships Crossing.

Art. 14. If two ships under steam are crossing so as to involve risk of collision, the ship which has the other on her own starboard side shall keep out of the way of the other.

Sailing and Steam Ships.

Art. 15. If two ships, one of which is a sailing ship and the other a steam ship, are proceeding in such directions as to involve risk of collision, the steam ship shall keep out of the way of the sailing ship.

Steam Ships nearing another Vessel.

Art. 16. Every steam ship, when approaching another ship so as to involve risk of collision, shall slacken her speed, or, if necessary, stop and reverse; and every steam ship shall, when in a fog, go at a moderate speed.

Vessel overtaking another.

Art. 17. Every vessel overtaking any other vessel shall keep out of the way of the said last-mentioned vessel.

Ship keeping out of the way.

Art. 18. Where, by the above rules, one of two ships is to keep out of the way, the other shall keep her course, subject to the qualification contained in the following Article.

Regard to Dangers of Navigation.

Art. 19. In obeying and construing these rules, due regard must be had to all dangers of navigation; and due regard must also be had to any special circumstances which may exist in any particular case rendering a departure from the above rules necessary in order to avoid immediate danger.

Rules not to excuse neglect.

Art. 20. Nothing in these rules shall exonerate any ship, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

TREASURY WARRANT.

WHEREAS by an Act of Parliament passed in the fourth year of the reign of Her present Majesty, intituled "An Act for the regulation of the duties of postage," power is given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of British postage or Inland postage, payable by law on the transmission by the post of Foreign or Colonial letters or newspapers, or of any other printed papers, and to subject the same to rates of postage according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time, by Warrant as aforesaid, to appoint at what time the rates which may be payable are to be paid.

And whereas by another Act of Parliament passed in the eleventh year of the reign of Her present Majesty, intituled "An Act for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post Office," further powers are given to the Commissioners of Her Majesty's Treasury, and power is also given to the Postmaster General (amongst other things) to collect and receive the Foreign and

Colonial postage, charged or chargeable on any letters sent by the post; and also, with the consent of the Commissioners of Her Majesty's Treasury, to require the postage, British, Colonial, or Foreign, of any letters sent by the post to be prepaid either in money or in stamps, as he might think fit, on the same being put into the Post-office.

And whereas the Commissioners of Her Majesty's Treasury, by a certain Warrant under their hands bearing date the 17th day of March 1863, fixed, made, and established certain rates of British postage, payable on the transmission by the post of (amongst others) letters between the United Kingdom and Saint Thomas and Saint Croix.

And whereas it is expedient to make regulations for the prepayment of the rates of postage payable on the letters hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us in and by the said hereinbefore recited Acts, or either of them, and of all other powers enabling us in this behalf, do, by this present Warrant, under the hands of two of us, the said Commissioners, (by the authority of the Statute in that case made and provided,) order and direct as follows, that is to say:—

1. On every letter posted in the United Kingdom addressed to the Danish Colonies in the West Indies, or posted in the Danish Colonies in the West Indies addressed to the United Kingdom, and conveyed by British packet-boat, the postage thereof shall be paid at the time of the same being posted.

2. If any letter shall be posted in the United Kingdom addressed to the Danish Colonies in the West Indies, or shall be posted in the Danish Colonies in the West Indies addressed to the United Kingdom for conveyance by British packet-boat without the postage payable thereon being paid at the time of the same being posted, every such letter shall be charged with the postage to which it would have been liable if the postage had been fully paid thereon when posted, together with the further and additional rate of postage of one shilling.

3. If any letter shall be posted in the United Kingdom addressed to the Danish Colonies in the West Indies, or shall be posted in the Danish Colonies in the West Indies addressed to the United Kingdom, for conveyance by British packet-boat, and the postage paid thereon shall be less in amount than the rate of postage to which such letter would be liable, under or by virtue of the regulations in force relating thereto, every such letter shall be charged with the amount of the difference between the postage paid thereon and the postage to which it would have been liable if the full amount of postage had been paid when posted, together with the further and additional rate of postage of one shilling.

4. The several terms and expressions used in this Warrant shall be construed to have the like meaning, in all respects, as they would have had if inserted in the said Act passed in the fourth year of the reign of Her present Majesty.

5. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands duly made, at any time hereafter, alter, repeal, or revoke any of the orders, directions, or regulations hereby made, and may make and establish any new or other orders, directions, or regulations in lieu thereof.

6. This Warrant shall come into operation on the 1st day of January 1865.

WM. DUNBAR.

TREASURY WARRANT.

WHEREAS by an Act of Parliament passed in the fourth year of the reign of Her Majesty, chapter ninety-six, for the Regulation of the Duties of Postage, certain scales of weight and rates of postage were fixed and made chargeable and payable upon, for, or in respect of letters, newspapers, parliamentary proceedings, and printed papers transmitted and forwarded by the post, and various regulations were made for facilitating the transmission of such letters and papers by the post; and by the same Act powers were given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any of the rates of postage therein mentioned.

And whereas further powers were given to the Commissioners of Her Majesty's Treasury by another Act of Parliament passed in the eleventh year of the reign of Her Majesty, chapter eighty-five, for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post-office.

And whereas it is expedient to authorise the transmission by the post between the United Kingdom and the British West Indies, and the Colonies of Sierra Leone, Gambia, Lagos, and the Gold Coast, of certain packets, and for that purpose to make certain regulations in the manner hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us in and by the said hereinbefore recited Acts of Parliament, and every of them, and of all other powers enabling us in this behalf do, by this Warrant, under the hands of two of us, the said Commissioners, by the authority of the Statute in that case made and provided, order and direct as follows (that is to say):—

1. All packets consisting of patterns or samples of merchandise, of no intrinsic value, posted in any part of the United Kingdom addressed to any port in the British West Indies, or to any part of the Colonies of Sierra Leone, Gambia, Lagos, or the Gold Coast, or posted in any port in the British West Indies, or in any part of the Colonies of Sierra Leone, Gambia, Lagos, and the Gold Coast, addressed to any part of the United Kingdom, may be transmitted by the post between the United Kingdom and the British West Indies, and the Colonies of Sierra Leone, Gambia, Lagos, and the Gold Coast, subject to the several rates of postage, and to the several orders, directions, regulations, and restrictions hereinafter mentioned and contained (that is to say):—

On every such packet, if not exceeding four ounces in weight, there shall be charged, taken, and paid an uniform single rate of postage of threepence;

And on every such packet, if exceeding four ounces and not exceeding one-half of a pound in weight, there shall be charged, taken, and paid two rates of postage;

And on every such packet, if exceeding one-half of a pound and not exceeding one pound in weight, there shall be charged, taken, and paid four rates of postage ;

And on every such packet, if exceeding one pound and not exceeding one pound and one-half of another pound in weight, there shall be charged, taken, and paid six rates of postage ,

And on every such packet, if exceeding one pound and one-half of another pound and not exceeding two pounds in weight, there shall be charged, taken, and paid eight rates of postage ;

And for every additional half of a pound in weight of any such packet above the weight of two pounds, there shall be charged, taken, and paid two additional rates of postage ; and every fractional part of such additional half of a pound in weight shall be charged as an additional half of a pound in weight, and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such packet would be charged with under this Warrant, if not exceeding four ounces in weight.

2. No such packet which in length, or breadth, or depth, shall exceed the dimensions of two feet, shall be transmitted by the post under the provisions of this Warrant.

3. No pattern or sample being of any intrinsic value, or being an article or thing of a saleable nature, or having a value of its own apart from its mere use as a pattern or sample, shall be transmitted by the post under the provisions of this Warrant.

4. There shall be no enclosure, sealed or otherwise closed against inspection, nor any other enclosure not authorised by this Warrant, sent in or with any such packet.

5. There shall be no writing or printing in or upon any such packet, or on the cover thereof, except the address of the person to whom it is intended, the address of the sender thereof, a trade mark, and numbers and prices.

6. All such packets shall be sent in covers open at the ends, so as to be easy of examination : Nevertheless, samples of seeds, drugs, and such other articles and things as cannot be sent in open covers, may be enclosed in bags of linen or of other material ; but bags so closed that they cannot be readily opened, even although they be transparent, shall not be used for that purpose.

7. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant shall in length, or breadth, or depth, exceed the dimensions of two feet, or shall consist wholly of patterns or samples of any intrinsic value, as in the third clause of this Warrant mentioned, or if there shall be any writing or printing in or upon any such packet, or on the cover thereof, except the address of the person for whom it is intended, the address of the sender thereof, a trade mark, and numbers and prices, or if any such packets shall not be sent in covers open at the ends so as to be easy of examination (except samples of seeds, drugs, and such other articles and things as cannot be sent in open covers, and which may be enclosed in bags of linen, or of other material), or in case of bags being used, if such bags shall be so closed that they cannot be readily opened, every such packet shall be charge-

able, and shall be treated in all respects as a letter.

8. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall contain any enclosure, sealed or otherwise closed against inspection, or any other enclosure not authorised by this Warrant, every such enclosure may be taken out by any officer of the Post-office, and either returned or given up to the sender thereof, or be forwarded to the address on the packet, charged not only with the full rates of postage as an unpaid letter but also with a further and additional rate of threepence, and the remainder of the packet, if duly prepaid by stamps, may be forwarded to the place of its address without any extra charge.

9. The postage of all such packets as aforesaid, posted in the United Kingdom, shall in every case be paid at the time of the same being posted, not in money, but by being duly stamped with the proper postage stamp or stamps affixed thereto, which stamp or stamps shall in every case be affixed or appear on the outside of every such packet, near the address or direction, and shall be of the value or amount of the postage duty payable thereon, under and by virtue of this Warrant.

10. The postage of all such packets, as aforesaid, posted in the British West Indies, or in the Colonies of Sierra Leone, Gambia, Lagos, and the Gold Coast, shall in every case be paid at the time of the same being posted, either in money or by the proper Colonial postage stamp or stamps being affixed thereto.

11. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall be posted in the United Kingdom, having thereon or affixed thereto a stamp or stamps the value of which shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of this Warrant, every such last-mentioned packet shall be forwarded charged with the amount of the difference between the value of such stamp or stamps so being thereon or affixed thereto and the postage to which such packet would be liable as aforesaid, together with a further and additional rate of postage of threepence ; but if any such packet shall be posted in the United Kingdom, without having thereon or affixed thereto any postage stamp, every such respective packet shall be forwarded charged with a postage of double the amount of postage to which it would have been liable under and by virtue of this Warrant if the postage had been paid by stamps when posted.

12. If any packet sent, or tendered, or delivered in order to be sent by the post under the provisions of this Warrant, shall be posted in the British West Indies, or in the Colonies of Sierra Leone, Gambia, Lagos, or the Gold Coast, and the postage paid thereon at the time of the same being posted shall be less in amount than the rate of postage to which such packet would be liable under and by virtue of this Warrant, every such last-mentioned packet shall be forwarded charged with the amount of the difference between the postage so paid thereon and the postage to which such packet would be liable as aforesaid, together with a further and additional rate of postage of threepence ; but if any such packet shall be posted in the British West Indies, or in the Colonies of Sierra Leone, Gambia, Lagos, or the Gold Coast, without any postage having been paid thereon, every such respective packet shall be forwarded charged with a postage of double the amount of postage to

which it would have been liable under and by virtue of this Warrant if the postage had been paid when posted.

13. In order to prevent any obstacles to the due and regular transmission of letters by the post, any officer of the Post-office may delay the transmission of any packet posted or forwarded by the post under the provisions of this Warrant either for the space of twenty-four hours after the time at which the same ought to be despatched in due course of post, or (at his option) until the despatch of the mail next after that by which the same ought in due course of the post to be forwarded by him.

14. In all cases in which any question shall hereafter arise whether any packet, or any pattern or sample contained therein, transmitted under or by virtue of this Warrant, is entitled to the privileges of this Warrant, and to be so transmitted within the intent and meaning thereof, such question shall be referred to the determination of the Postmaster-General, whose decision thereon shall be final and conclusive upon all parties.

15. The term "by the post," used in this Warrant shall, as to packets transmitted between the United Kingdom and the British West Indies, include the conveyance direct by any British or Colonial packet-boat, and also the conveyance via France, and by French packet-boat, and as to the sea conveyance between the United Kingdom and the Colonies of Sierra Leone, Gambia, Lagos, and the Gold Coast, shall mean the conveyance by British packet-boat; and the term "British West Indies," used in this Warrant, shall be construed to mean and include the following Colonies and places, and their respective dependencies, that is to say:—Antigua, Bahamas, Barbadoes, Bermuda, Berbice, Carriacou, Demerara, Dominica, Grenada, Honduras, Jamaica, Montserrat, Nevis, St Kitts, St Lucia, St Vincent, Tobago, Tortola, Trinidad, and Turk's Islands; and the several other terms and expressions used in this Warrant shall be construed to have the like meaning, in all respects, as they would have had if inserted in the said Act passed in the fourth year of the reign of Her Majesty, chapter 96.

16. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands duly made, at any time hereafter alter, repeal, revoke, or modify any of the rates of postage hereby fixed, or any of the regulations hereby made, and may make and establish any new or other rates or regulations in lieu thereof, and from time to time may appoint at what time the rates that may be payable are to be paid.

17. This Warrant shall come into operation on the first day of January one thousand eight hundred and sixty-five.
