FROM FRIDAY, OCTOBER 10. TO TUESDAY, OCTOBER 14. 1800.

DOWNING-STREET, OCTOBER 11. 1800.

A dispatch, of which the following is a copy, has been this day received by the Right Hon. Henry Dundas, one of his Majesty's Principal Secretaries of State, from Major-General, Pigot, commanding his. Majesty's troops in the island of Malta.

SIR, Malta, September 6. 1800. Conceiving that it may be of the utmost consequence that his Majesty's ministers should be acquainted, as foon as possible, with the surrender of the important fortress of La Valette, I have desired Mr. Paget to dispatch a messenger to England with a copy of my letter to General Sir Ralph Abercromby on the subject, and the articles of capitulation, which are herewith fent you.

We yesterday took possession of some of the works, and our ships entered the harbour, and I am in hopes. the whole will be evacuated by the enemy to-morrow, except the island of Manuel, where, agreeable to the capitulation, such are to remain as cannot be immediately fent to France for want of ships to take them.

I have the honour to be, &c. &c. &c. H. Pigor, Major-General.

To the Right Hon. Henry Dundas, &c. &c. &c.

SIR, Malta, September 5, 1800.

I have great fatisfaction in acquainting you with the furrender of the fortress of La Valette, with all its dependencies,

render of the fortress of La Valette, with all its dependencies, after fustaining a blockade of two years. The capitulation has been figured this day.

I had every reason to suppose that this most formidable fortress was likely soon to fall, from the circumstance of the two French frigates, La Justice and La Diane, going out of the harbour a few nights ago; one of which, La Diane, by the vigilance of the blockading squadron, was soon captured, and there are still some hopes that the other may have shared the same fate.

Price Sixpence.

Judging of how much consequence it may be that you should have the earliest intimation of this important capture, I have delayed, till another opportunity, sending returns of the stores,

Sc. found in the place, which could not yet be made up.
During the flort time you were here, you must have been fensible of the great exertions which Brigadier-General Graham must have made with the limited force he had, previous to my arrival with a reinforcement: he has ever fince continued these evertions, and I consider that the formal must have made with the limited force he had, previous to my arrival with a reinforcement: he has ever fince continued these evertions. exertions; and I confider that the furrender of the place has been accelerated by the decision of his conduct, in preventing any more inhabitants from coming out of the fortress a short time before I came here. He was sent to negotiate the terms of the capitulation with General Vaubois, and I am much indebted to him for his assistance in that business. I am happy to say, that I have experienced every support from Brigadier-General Moneriess, and the officers of the British and Allied troops, whose conduct in every respect has been most exemplaty. The service of the Engineer Department, under Captain Gordon, has been carried on with great zeal and perexertions; and I confider that the furrender of the place has

I have derived great assistance from my Aide-de-Camp Capain Dalrymple, who has for some time been doing duty as
