And on every such packet, if exceeding one pound and not exceeding one pound and the half of another pound in weight, there shall be charged, taken, and paid six rates of postage;

And on every such packet, if exceeding one pound and the half of another pound, and not exceeding two pounds in weight, there shall be charged, taken, and paid eight rates of postage;

And for every additional half of a pound in weight of any such packet above the weight of two pounds, there shall be charged, taken, and paid two additional rates of postage, and every fractional part of such additional half of a pound in weight shall be charged as an additional half of a pound in weight, and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such packet would be charged with under this Warrant if not exceeding four ounces in weight.

2. Every packet which shall be transmitted by the post under the authority of this Warrant shall be so transmitted in conformity with, and under and subject to, the several orders, directions, regulations, and conditions hereinafter contained, that is to say:—

3. No such packet which in length shall exceed two feet (British), or in breadth or depth one foot, shall be transmitted by the post under the provisions of this Warrant.

4. No pattern or sample, being of any intrinsic value, or being an article or thing of a saleable nature, or having a value of its own apart from its mere use as a pattern or sample, shall be transmitted by the post under the provisions of this Warrant.

5. There shall be no enclosure, sealed or otherwise closed against inspection, nor any other enclosure not authorized by this Warrant, sent in or with any such packet.

6. There shall be no writing in or upon any such packet, or on the cover thereof, except the name and address of the person for whom it is intended, the name and address of the sender thereof, a trade mark and number, and price of the pattern or sample contained therein, which trade mark, and number and price shall be written or printed on labels attached to the pattern or sample.

7. All such packets shall be sent in covers open at the ends, so as to be easy of examination;

nevertheless, samples of seeds, drugs, and such other articles and things as cannot be sent in open covers, may be enclosed in bags of linen, paper, or other material; but bags so closed that they cannot be readily opened, even although they be transparent, shall not be used for that purpose.

8. Every packet transmitted by the post under this Warrant shall be put into the Post-office at such hours in the day, and under all such regulations, as the Postmaster-General may appoint.

9. The postage of all such packets, as aforesaid, shall in every case be paid at the time of the same being posted, not in money, but by being duly stamped with the proper postage stamp or stamps affixed thereto, which stamp or stamps shall in every case be affixed or appear on the outside of every such packet, near the address or direction, and shall be of the value or amount of the postage-duty payable thereon under or by virtue of this Warrant.

10. If any packet sent, or tendered or delivered in order to be sent by the post under the provisions of this Warrant, shall be sent otherwise than in conformity with the conditions and regulations established by or under the authority of this Warrant, the same shall and may be detained and opened, and, at the option of the Postmaster-General, shall be either returned or given up to the sender thereof, or be given up to the person to whom the same shall be addressed, or be forwarded to the place of its destination; and any such packet, on being so returned, given up, or forwarded, shall, at the option of the Postmaster-General, either be free of postage or be charged with any rate of postage he may think fit, not exceeding the rate that would be chargeable on such packet as an unpaid letter.

11. In order to prevent any obstacles to the due and regular transmission of letters by the post, any officer of the Post-office may delay the transmission of any packet posted or forwarded by the post under the provisions of this Warrant, either for the space of twenty-four hours after the time at which the same ought to be dispatched, in due course of the post, or (at his option) until the dispatch of the mail next after that by which the same ought in due course of the post to be forwarded by him.

12. In all cases in which any question shall hereafter arise whether any packet, or any pattern or sample contained therein, transmitted under or by virtue of this Warrant, is entitled to the privileges of this Warrant, and to be so transmitted within the intent and meaning thereof, such question shall be referred to the determination of the Postmaster-General, whose decision thereupon shall be final and conclusive on all parties.

13. The term "weight," used in this Warrant, shall mean British weight; and the several other terms and expressions used in this Warrant shall be construed to have the like meaning, in all respects, as they would have had if inserted in the said Act passed in the fourth year of the reign of Her Majesty, chapter 96.

14. The Commissioners for the time being of Her Majesty's Treasury may, by Warrant under their hands duly made, at any time hereafter alter, repeal, revoke, or modify any of the rates of postage hereby fixed, or any of the regulations hereby made, and may make and establish any new or other rates or regulations in lieu thereof, and from time to time may appoint at what time the rates that may be payable are to be paid.

15. This Warrant shall come into operation on the day of the date hereof.
