Privy Council.

PRESENT,

Lord President.

WHEREAS by an Order of the Lords of Her Majesty's Most Honourable Privy Council, dated the 14th day of July 1866, after reciting section five of "The Diseases Prevention Act, 1855," and referring to the Act of the session of the twenty-third and twenty-fourth years of Her Majesty's reign, (chapter seventy-seven,) and reciting that it was deemed expedient to put in force the provisions of the said Acts within the whole of England, the Lords of the Council did, in exercise of the powers given by the said Acts, order and direct that the provisions contained in the said Acts for the prevention of diseases should, from and after the date of the Order now in recital, be put in force within the whole and every part of England :

At the Council-Chamber, Whitehall, the 25th  
day of August 1866.

By the Lords of Her Majesty's Most Honourable  
Privy Council.

PRESENT,

Lord President.  
Mr Secretary Walpole.  
Mr Corry.

WHEREAS by an Act passed in the sixth year of the reign of King George the Fourth (chapter seventy-eight), "to repeal the several laws relating to the performance of quarantine," and to make other provisions in lieu thereof," section six, the Lords and others of Her Majesty's Privy Council, or any two or more of them, are empowered, in case of any infectious disease or distemper appearing or breaking out in the United Kingdom, to make such Orders and give such direction in order to cut off all communication between any persons infected with any such disease or distemper and the rest of Her Majesty's subjects as shall appear to the said Lords or others, or any two or more of them, to be necessary and expedient for that purpose ; and it is by the same section provided that all such Orders so made by the Lords or others of the Privy Council, or any two or more of them as aforesaid, shall be as good, and effectual, to all intents and purposes, with respect to the Commander, Master having the charge of any vessel, all persons on board the same, as with respect to any other persons having any intercourse or communication with them, and to the penalties, forfeitures, and punishments to which they may respectively become liable, as any Order or Orders made by Her Majesty, Her heirs or successors, by and with the advice of Her or their Privy Council, concerning quarantine, notified by Proclamation or published in the London Gazette :

And whereas by "The Diseases Prevention Act, 1855," it is (among other things) enacted (sections five, six, and eleven,) as follows :—

V. "Whenever any part of England appears to be threatened with, or is affected by, any formidable epidemic, endemic, or contagious disease, the Lords and others of Her Majesty's Most Honourable Privy Council, or any three or more of

“ them (the Lord President of the Council, or one of Her Majesty’s Principal Secretaries of State being one), may, by Order or Orders to be by them from time to time made, direct that the provisions herein contained for the prevention of diseases be put in force in England, or in such parts thereof as in such Order or Orders respectively may be expressed, and may from time to time, as to all or any of the parts to which any such Order or Orders extend, and in like manner revoke or renew any such Order; and, subject to revocation and renewal as aforesaid, every such Order shall be in force for six calendar months, or for such shorter period as in such Order shall be expressed; and every such Order of Her Majesty’s Privy Council, or of any members thereof as aforesaid, shall be certified under the hand of the Clerk in Ordinary of Her Majesty’s Privy Council, and shall be published in the London Gazette; and such publication shall be conclusive evidence of such Order, to all intents and purposes:”

VI. “ From time to time after the issuing of any such Order as aforesaid, and whilst the same continue in force, the General Board of Health may issue directions and regulations, as the said Board may think fit—

“ For the speedy interment of the dead :

“ For house to house visitation :

“ For the dispensing of medicines, guarding against the spread of disease, and affording to persons afflicted by or threatened with such epidemic, endemic, or contagious diseases such medical aid and such accommodation as may be required :

“ And from time to time, in like manner, may revoke, renew, and alter any such directions and regulations as to the said Board appears expedient, to extend to all parts in which the provisions of this Act for the prevention of disease shall for the time being be put in force under such Orders aforesaid, unless such directions and regulations be expressly confined to some of such parts, and then to such parts as therein are specified; and (subject to the power of revocation and alteration herein contained) such directions and regulations shall continue in force so long as the said provisions of this Act shall, under such Order, be applicable to the same parts.”

XI. “ Orders in Council issued in pursuance of this Act for putting in force the provisions for the prevention of disease in the said Nuisances Removal and Diseases Prevention Acts contained, in Great Britain, may extend to parts and arms of the sea lying within the jurisdiction of the Admiralty; and the Board of Health for England may issue under this Act directions and regulations for cleansing, purifying, ventilating, and disinfecting, and providing medical aid and accommodation, and preventing disease in ships and vessels, as well upon arms and parts of the sea aforesaid as upon inland waters.”

And whereas by “ The Public Health Act, 1858,” (subsequently made perpetual,) it is (among other things) enacted (sections one and seven) as follows:—

I. “ In addition to the powers vested in Her Majesty’s Most Honourable Privy Council for the protection of the public health, all powers now vested in the General Board of Health under ‘ The Diseases Prevention Act,

‘ 1855,’ shall, upon the discontinuance of the said Board, be vested in the said Privy Council, and the provisions of the said Act having reference to the General Board of Health and the regulations and directions issued by them, except section thirteen, shall be construed as referring to such Privy Council, and the regulations and directions issued by them :

VII. “ All powers vested in the Privy Council by this Act may be exercised by any three or more of the Lords and others of the Privy Council, the Vice-President of the Committee of the said Privy Council on Education being one of them, and all Orders, Regulations, Directions, and Acts of the Privy Council under this Act shall be sufficiently made and signified by a written or printed document, signed by one of the Clerks of the Privy Council, or such Officer as may be appointed by the Privy Council in this behalf; and all Orders, Regulations, Directions, and Acts made or signified by any written or printed document purporting to be so signed shall be deemed to have been duly made, issued, and done by the Privy Council, and every such document shall be received in evidence in all Courts, and before all Justices and others without proof of the authority or signature of such Clerk or other Officer, or other proof whatsoever, until it be shewn that such document was not duly signed by the authority of the Privy Council:”

And whereas by “ The Sanitary Act, 1866,” it is (among other things) enacted (section fifty-two) as follows:—

LII. “ Every vessel having on board any person affected with a dangerous or infectious disorder shall be deemed to be within the provisions of the Act of the sixth year of King George the Fourth, chapter seventy-eight, although such vessel has not commenced her voyage, or has come from or is bound for some place in the United Kingdom; and the Lords and others of Her Majesty’s Most Honourable Privy Council, or any three or more of them, (the Lord President of the Council or one of Her Majesty’s Principal Secretaries of State being one,) may, by Order or Orders to be by them from time to time made, make such rules, orders, and regulations as to them shall seem fit, and every such Order shall be certified under the hand of the Clerk in Ordinary of Her Majesty’s Privy Council, and shall be published in the London Gazette, and such publication shall be conclusive evidence of such Order to all intents and purposes; and such Orders shall be binding and be carried into effect as soon as the same shall have been so published, or at such other time as shall be fixed by such Orders, with a view to the treatment of persons affected with cholera, and epidemic, endemic, and contagious disease, and preventing the spread of cholera and such other diseases, as well on the seas, rivers, and waters of the United Kingdom, and on the high seas within three miles of the coasts thereof, as on land; and to declare and determine by what Nuisance Authority or Authorities such Orders, Rules, and Regulations shall be enforced and executed; and any expenses incurred by such Nuisance Authority or Authorities shall be deemed to be expenses incurred by it or them in carrying into effect the ‘ Nuisances Removal Acts.’”

And whereas by an Order dated the 14th day of July 1866, the Lords of the Council ordered that the provisions contained in the Acts for the Prevention of Diseases (therein described), should, from and after the date of that Order, be put in force within the whole and every part of England :

And whereas by an Order dated this 25th day of August 1866, the Lords of the Council ordered that the said Order of the 14th day of July 1866 should extend, and the same was thereby extended, to all parts and arms of the sea lying within the jurisdiction of the Admiralty, within three miles of the coasts of England :

And whereas cholera having broken out in England, it seems to the Lords of the Council expedient to make provision in pursuance of the recited enactments :

3. If at any time a Nuisance Authority is informed that cholera exists, or within three days previously has existed, in a ship within its district, such Authority shall cause the ship to be forthwith visited, inspected, and otherwise dealt with (according to the circumstances of the case), in like manner as nearly as may be as if the ship were a house within the district of such Authority, and shall give all such medical and other directions with reference to the persons therein, as seem to such Authority requisite or proper for preventing the spread of the disease therefrom, and for disinfection or disposal of any thing infected, or that has been exposed to infection therein or therefrom.

4. The Order of Council of the 7th day of May 1866, and articles nineteen and twenty of the Order of Council of the 20th day of July 1866, and article eighteen of the Order of Council of the 21st day of July 1866, are hereby repealed as from the date of this Order.
