FRIDAY, AUGUST 7, 1868.

At the Court at Osborne House, Isle of Wight,  
the 30th day of July 1868.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June one thousand eight hundred and sixty-three, or such later day as might be fixed for the purpose, by Order in Council, the Regulations contained in the Table marked C, in the Schedule to the said Act, should come into operation and be of the same force as if they were enacted in the body of the said Act; but that Her Majesty might from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order in Council, annul or modify any of the said Regulations, or make new Regulations in addition thereto or in substitution therefor; and that any alterations in, or additions to such Regulations, made in manner aforesaid, should be of the same force as the Regulations in the said Schedule.

And whereas by the same Act it was further provided that whenever it should be made to appear to Her Majesty that the Government of any foreign country is willing that the Regulations for preventing collision, contained in Table C in the Schedule to the said Act, or such other Regulations for preventing collision as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order in Council, direct that such Regulations shall apply to the ships of the said foreign country whether within British jurisdiction or not; and it was further provided by the said Act, that whenever an Order in Council had been issued applying any Regulation made by or in pursuance of the said Act to the ships of any foreign country, such ships should, in all cases arising in any British Court, be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships.

And whereas, by an Order in Council made in pursuance of the said recited Act, and dated the ninth day of January one thousand eight hundred and sixty-three, Her Majesty was pleased to

direct:—First, that the Regulations contained in the Schedule to the said Act should be modified by the substitution for such Regulations of certain Regulations appended to the said Order.

Secondly, that the said Regulations appended to the said Order should, on and after the first day of June one thousand eight hundred and sixty-three, apply to French ships, whether within British jurisdiction or not.

And whereas by several Orders in Council subsequently made, Her Majesty has been pleased to direct that the Regulations appended to the said Order of the ninth of January one thousand eight hundred and sixty-three shall apply to ships of the following countries, whether within British jurisdiction or not; that is to say:—

Austria.  
Argentine Republic.  
Belgium.  
Brazil.  
Bremen.  
Chile.  
Denmark Proper.  
Equator (Republic of the).  
France.  
Great Britain.  
Greece.  
Hamburg.  
Hanover.  
Hawaiian Islands.  
Hayti.  
Italy.  
Lubeck.  
Mecklenburg-Schwerin.  
Morocco.  
Netherlands.  
Norway.  
Oldenburg.  
Peru.  
Portugal.  
Prussia.  
Roman States.  
Russia.  
Schleswig.  
Spain.  
Sweden.  
Turkey.  
United States, Seagoing Ships.  
United States, Inland Waters,  
Uruguay.

And whereas Articles 11 and 13 of the said Regulations appended to the said recited Order of the ninth of January one thousand eight hundred and sixty-three, are as follows; that is to say:—

Article 11. "If two sailing ships are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to port, so that each may pass on the port side of the other."

Article 13. "If two ships under steam are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to port, so that each may pass on the port side of the other."

And whereas there has been doubt or misapprehension concerning the effect of the said two Articles.

And whereas the Admiralty and the Board of Trade have jointly recommended to Her Majesty to make the following additions to the said Regulations, for the purpose of explaining the said recited Articles, and of removing the said doubt and misapprehension.

Now therefore, Her Majesty, by virtue of the powers vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to make the following additions to the said Regulations by way of explanation of the said two recited Articles; that is to say:—

The said two Articles, numbered 11 and 13 respectively, only apply to cases where ships are meeting end on, or nearly end on, *in such a manner as to involve risk of collision*. They consequently do not apply to two ships which must, if both keep on their respective courses, pass clear of each other.

The only cases in which the said two Articles apply are when each of the two ships is end on, or nearly end on, to the other; in other words, to cases in which, *by day*, each ship sees the mast of the other in a line, or nearly in a line, with her own; and, *by night*, to cases in which each ship is in such a position as to see both the side lights of the other.

The said two Articles do not apply, *by day*, to cases in which a ship sees another *a-head* crossing her own course; or, *by night*, to cases where the red light of one ship is opposed to the red light of the other; or where the green light of one ship is opposed to the green light of the other; or where a red light without a green light, or a green light without a red light, is seen *a-head*; or where both green and red lights are seen anywhere but *a-head*.

At the Court at Osborne House, Isle of Wight,  
the 30th day of July 1868.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

Whereas it is enacted by the Merchant Shipping Act Amendment Act, 1862, that "whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of

"such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers, in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships."

And whereas it has been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1854," have been adopted by the Government of the United States of America, with the exception that no deduction from the gross tonnage of such ships specified in the registers or other national papers thereof, is made for crew space in sailing vessels, and for crew space and engine room in steam-vessels, and such rules are now in force in that country, having come into operation on the 1st January 1865.

Her Majesty (in pursuance and exercise of the powers hereinbefore mentioned) is hereby pleased, by and with the advice of Her Privy Council, to direct that the merchant ships of the said United States of America, the measurement whereof shall, after the said 1st of January 1865, have been ascertained and denoted in the registers and other national papers of such ships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions in respect of crew space and engine room as would, if such ships were British, be made from their gross tonnage under the laws relating to British ships.
