At the Court at Osborne House, Isle of Wight, the 4th day of February 1869.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

This day the Right Honourable George, Lord de Tabley, Lord Justice Sir George Markham Giffard, and James Stansfeld, Esquire, were, by Her Majesty's command, sworn of Her Majesty's Most Honourable Privy Council, and took their places at the Board accordingly.

At the Court at Osborne House, Isle of Wight, the 4th day of February 1869.

PRESENT,

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Memorial from the Right Honourable the Lords Commissioners of the Admiralty, dated the third day of February one thousand eight hundred and sixty-nine, in the words following, viz:—

“Whereas by your Majesty's Order in Council, dated the sixteenth of February one thousand eight hundred and sixty-six, a scale of establishment and salaries is fixed for the Officers and others in your Majesty's Naval Hospital at Greenwich, which does not include the appointment of a Visitor and Governor; we humbly beg leave to represent to your Majesty that, in consequence of the recent death of Admiral of the Fleet Sir James Alexander Gordon, G.C.B., who long held the office of Governor, we are of opinion that it is desirable to select an Officer of your Majesty's Navy of rank not lower than that of Vice-Admiral to be ‘Visitor and Governor’ of the Hospital, to whom we may from time to time assign such duties as may be thought fit:

“We further beg leave to submit that the salary attached to this office should be £1,200 per annum to an Admiral, and £1,000 per annum to a Vice-Admiral:

“The Lords Commissioners of your Majesty's Treasury have signified their concurrence with this proposal.”

Her Majesty having taken the said Memorial into consideration, was pleased, by and with the advice of Her Privy Council, to approve of what is therein proposed. And the Right Honourable the Lords Commissioners of the Admiralty are to give the necessary directions herein accordingly.

ARTHUR HELPS.

At the Court at Osborne House, Isle of Wight, the 4th day of February 1869.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by the Sea Fisheries Act, 1868, it is (amongst other things) enacted that it shall be lawful for Her Majesty, by Order in Council, from time to time to do all or any of the following things, namely:—

- (a.) To make regulations for carrying out, enforcing, and giving effect to both the entry and registry of British sea fishing boats, and also Articles four, five, six, seven, and eight of the Convention then recently concluded between Her Majesty and the Emperor of the French concerning the Fisheries in the seas adjoining the British Islands and France, and set out in the first schedule to the Act :
- (b.) To adopt in such regulations any existing system of registry or lettering and numbering of boats, and to provide for bringing any such system into conformity with the requirements of the said Convention and the Act, and with the said regulations :
- (c.) To define the boats or classes of boats to which such regulations or any of them are to apply, and to provide for the exemption of any boats or classes of boats from such regulations or any of them, and from the provisions of Part II. of the Act with respect to entry or registry, and the possession of a certificate of registry and official papers :
- (d.) To apply to the entry and registry respectively of sea fishing boats so defined, and to all matters incidental thereto, such (if any) of the enactments contained in any Act relating to the registry of British ships, and with such modifications and alterations as may be found desirable :
- (e.) To impose penalties, not exceeding twenty pounds, for the breach of any regulations made by any Order in Council, for the breach of which a punishment cannot be provided by the application of the enactments contained in any Act relating to the registry of British ships :
- (f.) To alter and revoke an Order so made :

And that every such Order shall be of the same force as if it were enacted in the said recited Act:

Now therefore, Her Majesty, in exercise of the power vested in Her by the said recited Act, by and with the advice of Her Privy Council, is pleased to make the Regulations which are set forth in the schedule hereto annexed, and to direct that the same shall come into force from the date therein mentioned.

EDMUND HARRISON.

SCHEDULE to which the foregoing Order refers.

REGULATIONS for the Lettering, Numbering, and Registering of British Sea Fishing Boats, under Part II. of the Sea Fisheries Act, 1868, (31 and 32 Victoria, Chapter 45).

1. The following Regulations shall come into force on the 1st day of March 1869, and shall be in future observed by Owners and Masters of all British boats or vessels, of whatever size, and however propelled or navigated, which find any portion of their ordinary employment in sea fishing or oyster dredging in any of the seas, estuaries, or creeks belonging to or surrounding the British

Islands, the Islands of Guernsey, Jersey, Alderney, Sark, or Man.

2. Every sea fishing vessel or boat, whether registered under any other Act or not, shall be lettered, numbered, and have a certificate of registry, and shall for that purpose be entered or registered in a Register of Sea Fishing boats to be kept at the principal office of Customs in each collectorship. Application, as hereafter prescribed, for letters, numbers, and certificates of Registry shall, within one month after the time herein-before fixed for these Regulations to come into force, be made by all owners of fishing boats to the Officer of Coast Guard in charge of the Station at or near the place to which the boats belong, except in the cases of boats actually engaged at a distance from their stations, in which case application must be made as soon as they return. In any case where a boat belongs to a place situated at a distance from a Coast Guard Station, such application may be delivered to the principal Officer of Customs at the creek or station at or nearest to the place to which the boat belongs. And such application, upon being received by such Officer of Coast Guard or Customs, shall be forthwith forwarded to the Collector of Customs of the Port in which the place to which the boat belongs is situated, who, upon the receipt of such application, shall cause the boat to be registered and numbered, and grant the certificate of such registry, and forward the same to the Officer of Coast Guard or Customs through whom the application was received, who is to deliver such certificate to the applicant.

3. In Scotland the Officers of the Board of British White Herring Fishery shall assist the Officers of Customs and of Coast Guard in the performance of the duties imposed by these Regulations, and shall, in places where there are no Coast Guard, themselves discharge the duties hereby imposed upon the Coast Guard.

4. If, in the opinion of the Collector of the Port to which any boats belong, or of the Inspecting Commander of the District, it is desirable, from local circumstances or otherwise, that the mode of application prescribed in the second Article of these Regulations should be partially modified or altered, such Collector or Inspecting Commander shall make a special report to the Board of Trade, setting forth the reasons for and particulars of such modification or alteration.

5. There shall be series of numbers and distinguishing letters for the boats belonging to each Collectorship of Customs. The following shall be the distinguishing letters:—

6. For purposes of numbering, lettering, and registration, boats shall be divided into three classes, as follows:—

1st class:—Boats of 15 tons burthen and upwards:

2d class:—Boats of less than 15 tons burthen, navigated otherwise than by oars only:

3d class:—Boats navigated by oars only.

7. For boats of the above classes the positions and dimensions of the letters and numbers shall be as follows:—

1st class:—For the hulls, 18 inches in height, and  $2\frac{1}{2}$  inches in breadth, and for the sails one third larger every way:

2d class:—For the hulls, 10 inches in height, and  $1\frac{3}{4}$  inches in breadth, and for the sails one third larger in every way:

3d class:—Three inches at least in height, and half an inch in breadth.

In boats of the 1st and 3d class the number will follow, and in those of the second class precede, the distinguishing letter or letters.

8. In sailing boats, and boats navigated by the occasional use of sails, the letters and numbers shall be placed on each bow, three or four inches below the gunwale, and on each side of the mainsail, except for lug-sail boats, in which the letters and numbers are to be placed on the foresail instead of the mainsail. For boats of the third class, the letters and numbers shall be placed on the outside of the stern of the boat immediately under the name. On the hulls all letters and numbers are to be painted in white oil colour on a black ground; and on sails, in black oil colour on white or grey sails, and in white oil colour on tanned or black sails. Except in the case of yachts, hereinafter in the tenth Article of these Regulations specially provided for, the letters and numbers of sails shall be painted on each side of the cloth forming the substance of the sail, and not upon any cloth or other thing sewn or otherwise attached to it; and shall be placed on each side of the centre cloth or cloths of the mainsail, clear of and immediately above the close reef, and so as to be at all times conspicuous whether the sail be reefed or not.

9. All boats of whatever class shall have their names, and those of the ports to which they belong, painted in white oil colour on a black ground on the outside of the sterns, in letters which shall be at least three inches in height and half an inch in breadth.

10. In the case of yachts or other vessels only occasionally engaged in fishing, and not usually so employed, the letters and numbers prescribed by these Regulations may be temporarily affixed by pieces of canvass or board attached to the mainsail and bows, but of the same dimensions as those required in other cases.

11. The letters, numbers, and names placed on boats and on their sails shall not be effaced, covered, or concealed in any manner whatsoever.

12. All the buoys, barrels, and principal floats of each net, and all other implements of fishery, shall be marked with the same letters and numbers as the boats to which they belong, and large enough to be easily distinguished. The owners may further distinguish them by any private marks they think proper. *Exception.*—A relaxation of this regulation is made in the case of boats when employed in the Scotch herring fishery. In this case it will be held sufficient that the nets and buoys be numbered so as to identify their true owners; but in all cases of doubt it will devolve upon the masters of buoys and nets to satisfy Sea Fishery Officers (as defined by the 8th section of the Sea Fishery Act, 1868,) that the said buoys and nets properly form part of the trains of the boat with which they may be found, or that they belong to the fishermen of other boats temporarily fishing in it.

13. The owner and master of any boat not having all its nets, buoys, and other implements duly marked in the manner herein directed, shall be liable to a penalty not exceeding five pounds.

14. A register of sea fishing boats, in the form contained in Table A. hereto annexed, shall be kept by the Collector of Customs at each collectorship, which shall contain the date of registry, name, port, name of owner and master, class, tonnage, length of keel, rig, in what fishing usually employed, and number of crew.

15. Certificates of Registry in the above register shall be issued by the respective Collectors of Customs, on application being duly made as directed by the second Article of these Regula-

tions; and such certificate shall be in the form contained in Table B. hereto annexed, and when necessary shall be transmitted to the Officer of Coast Guard or Customs through whom the application may have been transmitted for delivery by such Officer to the owner. The Certificates of Registry shall contain the name of the collectorship and the distinguishing letters, the name and description of the boat, the name of the owner and master, the registered number and class, and the date of entry.

16. All applications for letters, numbers, and registration of fishing-boats must be in writing, and according to the form contained in Table C. hereto annexed, and in duplicate if they are to be forwarded from a distant station, as provided by the second Article of these Regulations; and the duplicate copy is to be retained and filed by the Officer of Coast Guard or Customs at the station to which the boat belongs.

17. Once in every year the owner of every boat shall submit his Certificate of Registry for examination, either at the Head Office in each Collectorship or at the station through which it was originally obtained, and the proper officer shall sign his name on the back of the said Certificate, together with the date of examination, as a record of its authenticity and correctness.

18. In the first week of every year each Officer of Customs or of Coast Guard shall forward to the Collector of Customs of the district a list showing the numbers and classes of all boats whose Certificates of Registry have been presented for examination and endorsed in the preceding year; and a notation of all inspections of Certificates shall be made in the Register against the name of each boat. On a change of ownership or mastership, or on removal to another collectorship, of any boat registered under these Regulations, a fresh Certificate of Registry must be applied for, and the former Certificate be given up, in order that the same, together with the former Registry, may be cancelled. A failure on the part of the owner of any boat to comply with this Regulation shall subject the owner and master to the same penalties that they would have incurred if the Certificate of Registry had never been applied for.

19. If any boat required to be registered, lettered, and numbered, in pursuance of these Regulations, and not being so registered, lettered, and numbered in the manner prescribed, is used as a fishing-boat, the owner and the master shall each be liable to a penalty not exceeding twenty pounds. Any Sea Fishery officer may seize and detain such boat, and prevent it from going to sea and from sea-fishing until it is duly registered, lettered, and numbered, and may for that purpose, if it is at sea, take it back into the nearest or most convenient British port. Such boat shall not be entitled to any of the privileges or advantages of a British Sea Fishing Boat, but all obligations, liabilities, and penalties with reference to such boat shall be the same as if it had been duly registered.

20. The master of every boat registered under these Regulations shall have on board his boat at all times the Certificate of Registry hereby required to be obtained; and any master not having such Certificate shall, in the absence of any reasonable cause for the same (proof whereof shall lie on him), be liable, together with his boat and crew, to be taken by any Sea Fishery Officer without warrant, summons, or other process, into the nearest or most convenient port, and there to be ordered by the Court, on any proceeding in a summary manner, to pay a penalty not exceeding twenty pounds.

*Board of Trade, Whitehall,  
February 4, 1869.*

The Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, a copy of a Despatch from the Acting British Consul at Zanzibar, enclosing a copy of Notification which he has issued in consequence of the Proclamation relative to the currency, recently published by the Sultan of that country.

The following is the Notification in question:—

Whereas H.H. Seyd Majid has issued a Proclamation that from the 25th Rejib, 1285 (November 11, 1868), until the 25th Rejib 1286, the various coins now in use shall maintain their former values; but that, from the 25th day of Rejib 1286, or twelve lunar months from the present date, the German crown known as "Shami," shall be the dollar of Zanzibar and standard of account.

Notice is hereby given that in the settlement of claims before the British Consular Court within the next twelve months, as expressed in His Highness' Proclamation, each coin will be reckoned as formerly, but that after the 25th day of Rejib 1286, all money will be estimated at its intrinsic value as determined at the Bombay Mint, the German crown being the unit.
