CROWN OFFICE, August 28, 1869.

MEMBER returned to serve in the present PARLIAMENT.

County of Caithness.

Sir John George Tollemache Sinclair, Bart., in the room of George Traill, Esq., who has accepted the office of Steward of Her Majesty's Manor of Northstead.

(C. 1093.)

Board of Trade, Whitehall,
 August 30, 1869. —

The Right Honourable the Lords of the Committee of Privy Council for Trade have received, from the Secretary of State for Foreign Affairs, from Her Majesty's Chargé d'Affaires at Madrid, an extract from the Madrid Gazette, which contains an Order dated 12th instant, of the Minister of Finance, for carrying into effect the dispositions of Article 10 of the Decree of the 12th July last, which prohibited articles charged in the Tariff at present in force with weighing dues (derechos de balanza) from being placed in the depôts.

The following are the provisions of this Order:—

1. That, up to 1st October next, all goods marked with an asterisk in the existing Tariff, as paying weighing dues (derechos de balanza), shall be allowed to be introduced into the general depôts of Cadiz and Mahon, and into the special depôt at Barcelona, and to be exported from the same.

2. That, on the said 1st October, the said goods must be taken out of the depôts, paying the duties marked in the existing Tariff.

3. That, up to 1st October next, the introduction of mineral coal into the special depôts for that combustible shall be allowed on the payment of 20 milesimas of an escudo for every 100 kilos; and that, on that date, 30 milesimas more shall be imposed on every 100 kilos. in depôt, so as to complete the duties fixed in item 5 of the Tariff.

4. That, after 1st October, none of the goods marked in the Tariff with an asterisk be admitted into the general or special depôts; that the special depôts for coal be closed; that the persons employed in watching and despatching that article cease to act; and that the books and papers of the Inspectors' offices be laid by, after being revised, in the respective Customs' administrations.

5. That the despatch by measurement (arqueon) of mineral coal and coke shall be allowed after the publication of this Order, and shall be obligatory after 1st October next, observing the following rules:—

1. All ships carrying coal shall be supposed to carry 800 kilos, for every cubic metre of their measurement, without any deduction for cabins, store-rooms, or other spaces not occupied by the coal.

2. Ships bringing coke shall be calculated as carrying 450 kilos, for every cubic metre of their measurement, without deductions of any kind.

3. When a ship brings both coal and coke, the coal shall be weighed, every 800 kilos, answering to a cubic metre, and the rest of the cubic metres of the ship's measurement being calculated as containing 450 kilos, of coke.

4. Should a vessel bring coal and other merchandize, then, if the weight of the other merchandize does not exceed 10 per cent. of the weight of the coal, according to declaration, the coal shall be despatched by measurement, deducting a cubic metre for every 1000 kilos, of merchandize. If the weight of the latter should exceed 10 per cent.

of that of the coal, the coal shall also be despatched by weight.

5. When a ship discharges mineral coal or coke at several ports, the quantity unloaded at each port shall be despatched by weight.

6. Steamers bringing coal shall be allowed 30 per cent. for the space taken up by the engines.

7. In order to calculate the number of cubic metres of a ship, the legal form of measurement, $\frac{1}{4}(E + 3C)P \times M$, will be used, taking the measure in metres, and adding to the result so much per cent. for the mid-decks, quarters (cuadras), outside timbers (muras), &c., according to the Royal Decrees of 18th December 1844 and 8th March 1848.

8. According to the Order of 10th July last, and the accompanying instructions, the Administrators of Customs, or their proper substitutes, shall be present at the measurements, and sign the certificates, of which three copies shall be made. The captain of the ship and the Administrator shall keep one each; the third shall be numbered in proper order, and according to years, and sent to this General Direction on the day of its issue, for the purpose of making a register of the number of ships, in order to be able to make, when wanted, the necessary enquiries, and to fix responsibility in the proper quarter, should the measurements turn out to be incorrect.

These Orders will come into operation within the settled time, and without any postponement, even although the parties interested should plead pending claims, which will always be decided in due form.

NOTICE TO MARINERS.

(No. 54.)—BLACK SEA—DANUBE ENTRANCES.

Lights and Buoyage.

The following information has been received from Commander James F. Prowse, of H.M.S. "Cockatrice":—

In the Admiralty List of Lights for Mediterranean and Black Sea for 1869, the light numbered 506 does not exist. The light numbered 504 in the same list is wrongly placed on Admiralty Chart, Cape Kaliakra to Odessa, No. 2231; but its correct position will be found in Admiralty Light List, viz., on a small sandy island south of Olinka Island, in lat. 44° 51' 5" N., long. 29° 36' 52" West of Greenwich.

The common buoy which formerly marked the deepest channel on the bar of the Sulina branch of the River Danube has been replaced by a bell buoy.

MEDITERRANEAN—ITALY—GULFS OF TARANTO AND ST EUFEMIA.

Fixed and Flashing Light on St Vito Point.

The Italian Government has given notice that on and after the 10th August 1869 a new light will be exhibited from a tower on St Vito Point, in the Gulf of Taranto.

The light will be a white light, varied by *flashes* every *two minutes*, elevated 150 feet above the sea, and in clear weather should be seen from a distance of about 20 miles.

The illuminating apparatus is dioptric or by lenses of the third order.

The tower is white, octagonal, 118 feet high, and rises from the centre of the keeper's dwelling; the position as given is in lat. 40° 25' 12" N., long. 17° 9' 6" East.

The lighthouse is visible from seaward in all directions, and serves as a guide for vessels entering or leaving the Gulf of Taranto.

Fixed and Flashing Light on Cape Suvero.

Also, that from the 1st of August 1869, a new light will be exhibited from a building on Cape Suvero, in the Gulf of St Eufemia.

The light will be a white light, varied by *flashes* every *two minutes*, elevated 141 feet above the sea, and in clear weather should be seen from a distance of about 18 miles.

The illuminating apparatus is dioptric or by lenses of the fourth order.

The tower is white, octagonal, and rises 9 feet above the keeper's dwelling, which is a white rectangular building of two stories.

The lighthouse is visible from seaward in all directions, and serves as a guide for vessels entering or leaving the Gulf of St Eufemia.

By Command of their Lordships,

GEO. HENRY RICHARDS, Hydrographer.

Hydrographic Office, Admiralty, London,
12th August 1869.

This Notice affects the following Admiralty Charts:—Black Sea, Sheet II, No. 2231; River Danube, No. 2207; Delta of the Danube, No. 2835; and Mediterranean, Nos. 2718c and 2158; also, Vaticano Cape to Monopoli, No. 198; Taranto Harbour, No. 1643; Adriatic Sea, No. 1440; Naples to Cape Vaticano, No. 160; Sardinia to Malta, No. 165; and Mediterranean, Nos. 2718b and 2158. Also, Mediterranean Lights List, 1869, Nos. 295 and 302.

NOTICE TO MARINERS.

(No. 55.)—MEDITERRANEAN.—SPAIN.—EAST COAST.

Extension of Mole at Valencia.

The Hydrographic Department at Madrid has given notice that on the 1st June 1869 the eastern mole of the port of Valencia had attained a length of 65 yards in an E.S.E. direction. Judging by the work already executed it is expected that in every six months an additional length of 65 yards will be completed, until the mole shall have attained a length of 437 yards.

The light exhibited from this mole is always on the angle formed by the old mole and the one now building.

Temporary Light at Alicante.

Also, a temporary light has been exhibited on the extremity of the western mole now building at the port of Alicante.

The light is a *fixed green* light, elevated 26 feet above the sea, and in clear weather should be seen from a distance of about 2 miles.

The light will be shifted as the work advances, and will always indicate the extremity of the mole.

ADRIATIC.—COAST OF ITALY.

Fixed Light at Brindisi Harbour.

The Italian Government has given notice that on and after the 1st September 1869 a light will be exhibited from the south-east extremity of the pier at Forte di Mare, Brindisi.

The light will be a *fixed* white light, elevated 33 feet above the sea, and in clear weather should be seen from a distance of about 9 miles.

The light will be exhibited from the top of a mast placed on the extremity of the pier, which extends from the works of Forte di Mare, 284 yards in a south-easterly direction.

At the same time the *red* buoy, at present indicating the southern extremity of the Bardet shoal, will be replaced by the white buoy formerly moored off the extremity of the mole.

By Command of their Lordships,

GEO. HENRY RICHARDS, Hydrographer.

Hydrographic Office, Admiralty, London,
13th August 1869.

This Notice affects the following Admiralty Charts:—Ferat Cape to Carbon Cape, No. 1766; Alicante Port, No. 469; Alicante to Palamos, No. 1187; Valencia Port, No. 562; Gibraltar to Alicante, No. 1186; Grao de Valencia, No. 1465; Mediterranean, Nos. 2718 *a* and 2158. Also Adriatic Sea, No. 1440; Brindisi Harbour, No. 1492; Ragusia Vecchia to Palermo Port, No. 205; Vaticano Cape to Monopoli, No. 198; Mediterranean, Nos. 2718 *b* and 2158; and Mediterranean Lights List, Nos. 42 and 308.
