WHEREAS by an Act of Parliament made and passed in the session of Parliament holden in the third and fourth years of the reign of Her Majesty, chapter 96, for the regulation of the duties of postage, power is given to the Commissioners of Her Majesty's Treasury, from time to time, by Warrant under their hands, to alter and fix any

of the rates of British postage or inland postage payable by law on the transmission by the post of foreign or colonial letters or newspapers, or of any other printed papers, and to subject the same to rates of postage, according to the weight thereof, and a scale of weight to be contained in such Warrant, and from time to time, by Warrant as aforesaid, to alter or repeal any such altered rates, and make and establish any new or other rates in lieu thereof, and from time to time, by Warrant as aforesaid, to appoint at what time the rates which may be payable are to be paid.

And whereas further powers are given to the Commissioners of Her Majesty's Treasury by another Act made and passed in the session of Parliament holden in the tenth and eleventh years of the reign of Her Majesty, chapter 85, for giving further facilities for the transmission of letters by post, and for the regulating the duties of postage thereon, and for other purposes relating to the Post-office.

And whereas it is expedient to alter the rates of postage now payable upon certain letters transmitted by the post in the manner hereinafter mentioned.

Now we, the Commissioners of Her Majesty's Treasury, in exercise of the powers reserved to us in and by the said hereinbefore recited Acts of Parliament respectively, and each of them, and of all other powers enabling us in this behalf, do, by this Warrant, under the hands of two of us, the said Commissioners, (by the authority of the Statute in that case made and provided,) order, declare, and direct as follows; that is to say:—

1. On every letter not exceeding one half of an ounce in weight, posted in the United Kingdom addressed to any place in Austria, or posted in any place in Austria addressed to the United Kingdom, and transmitted by the post between any part of the United Kingdom and any place in Austria, *viâ* France, there shall be charged, taken, and paid an uniform rate of postage (British and Foreign combined) of sixpence, if such letter be prepaid, and if such letter be not prepaid, an uniform rate of postage (British and Foreign combined) of eightpence.

2. On every letter not exceeding one half of an ounce in weight, posted in the United Kingdom addressed to any foreign country, or posted in any foreign country addressed to the United Kingdom, and transmitted by the post between any part of the United Kingdom and any such foreign country *viâ* France and Austria, there shall be charged, taken, and paid an uniform rate of British postage of one penny, if such letter be prepaid, and if such letter be not prepaid an uniform rate of British postage of twopence.

3. On every letter not exceeding one half of an ounce in weight, posted in any place in Austria addressed to any of Her Majesty's colonies or any foreign country, or posted in any of Her Majesty's colonies or any foreign country addressed to any place in Austria, and transmitted by the post between any place in Austria and any of Her Majesty's colonies or any foreign country through the United Kingdom, the said letter being conveyed between Austria and the United Kingdom, *viâ* France, there shall be charged, taken, and paid for such transmission thereof through the United Kingdom, an uniform rate of British postage of one penny, if such letter be prepaid, and if such letter be not prepaid, an uniform rate of British postage of twopence.

4. On every such letter so transmitted as hereinbefore in this Warrant respectively mentioned, if exceeding one-half of an ounce in weight, there shall be charged, taken, and paid the several further and additional and progressive rates of postage according to the scale of weight and number of rates hereinafter mentioned (that is to say)—

On every such letter exceeding one-half of an ounce in weight and not exceeding one ounce in weight, two rates of postage;

On every such letter exceeding one ounce and not exceeding one ounce and the half of another ounce in weight, three rates of postage;

And on every such letter exceeding one ounce and the half of another ounce, and not exceeding two ounces in weight, four rates of postage;

And for every additional half of an ounce in weight of any such letter above the weight of two ounces, there shall be charged, taken, and paid one additional rate of postage, and every fractional part of such additional half of an ounce shall be charged as an additional half of an ounce in weight; and each progressive and additional rate chargeable under this clause shall be estimated and charged at the sum which any such letter would be charged with under this Warrant if not exceeding one half of an ounce in weight.

5. On every letter posted in any place in Austria addressed to any of Her Majesty's colonies or any foreign country, or posted in any of Her Majesty's colonies or any foreign country addressed to any place in Austria, and transmitted by the post between any place in Austria and any of Her Majesty's colonies or any foreign country through the United Kingdom, the said letter being conveyed between Austria and the United Kingdom *viâ* France, there shall be charged, taken, and paid, over and above the uniform rate or rates of British postage payable thereupon under the provisions of this Warrant hereinbefore contained, for the transmission thereof through the United Kingdom, such a further or additional rate or rates of British postage for the conveyance of every such letter between the port in the United Kingdom of the departure or arrival of the packet-boat or private ship conveying the same and the colony or foreign country to or from which the same shall be forwarded, as shall from time to time be charged and payable for British postage on letters posted or delivered at the port in the United Kingdom of the departure or arrival of the packet-boat or private ship conveying the same, and transmitted direct between such port and any such colony or foreign country: Provided that, in all cases where such additional rate or rates include both inland and sea services, there shall be deducted therefrom such a sum as shall represent the inland rate or rates of postage for the conveyance under this clause of every such letter sent through the United Kingdom.

6. If any letter shall be posted as in the first clause of this Warrant mentioned, and the postage stamp or stamp affixed thereto shall represent a less amount than the rate or rates of postage to which the same would be liable under or by virtue of this Warrant, every such letter shall be charged with postage as an unpaid letter, and the amount of such postage paid thereon, or stamp or stamps

affixed thereto, shall be allowed and deducted in charging such postage thereon.

7. Registered letters may be transmitted by the post under the authority of this Warrant upon the payment of such additional charges, or rates of postage, or otherwise, as the Postmaster-General may from time to time direct or appoint in that behalf: Provided that all rates of postage and additional charges or rates from time to time payable thereupon shall be prepaid, and that no payment shall be made thereupon on the delivery of any such registered letters.

8. 9. The several terms and expressions used in this Warrant shall be construed to have the like meaning in all respects as they would have had if inserted in the said firstly hereinbefore recited Act.

10. The rates of postage fixed by this present Warrant on the letters transmitted as herein respectively mentioned shall be in lieu of those now chargeable thereon, and so much of the Warrant under the hands of two of the Commissioners of Her Majesty's Treasury bearing date the 22d day of December 1865, as relates to letters transmitted by the post as therein respectively mentioned, shall be and the same is hereby repealed.
