FOREIGN OFFICE, July 12, 1886.

THE travelling public are reminded of the notice which appeared in the London Gazette of April 15, 1881, pointing out that all British subjects intending to reside in Switzerland must be provided with a passport or certificate of birth; and further, that, in various cases, travellers have sustained much inconvenience from not being able to produce a passport when required.

It is, therefore, advisable for British subjects in general who are proceeding to Switzerland not to do so without providing themselves with a Foreign Office passport.
