Admiralty-Office, August 12, 1780.

Extract of a Letter from Commodore Johnstone, dated on board His Majesty's Ship Romney, in the Tagus, the 15th of July, 1780, to Mr. Stephens.

HIS Majesty's Ship Romney arrived here on the 8th of July, and brought in with her the Pearle, a French King's Frigate of 18 Guns and 138 Men, commanded by Monf. Le Chevalier de Breignou.

The Romney had before sent in here the Artois, another French Frigate, of 40 Guns and 460 Men. The Artois was taken on the 11th of July off Cape Finisterre, after a sharp well-conducted Action of 45 Minutes, which does Honor both to Captain Home and the Ship's Company under his Command. The Romney had Two Men wounded; the Artois had Twenty killed and Forty wounded. The Pearle was taken on the 6th, off Vigo, after a Chace of Five Hours.

The Artois is by far the finest Frigate I ever saw, carrying Twenty-four, Eighteen, and Nine Ponders: She is quite new, and bigger than the Romney in all her Dimensions, and is furnished with Superabundance of all Kind of Stores. She was fitted out by the Province of Artois, and supplied with Officers and Men by the King of France; and these were in the Receipt of Pay both from the King and the County of Artois. She was commanded by a respectable experienced Officer in the King's Navy, Monf. Le Fabre, who had retired to his Estate, which is considerable; but upon being unanimously recommended by the County to this Command, he had accepted of it, and now served without any Pay or Emolument whatsoever; so that the Eyes of the Publick in France were very much turned upon the Success of this Ship, being upon a new Construction, and a new Kind of Establishment, which was calculated to induce the other Counties to follow the Example of Artois.

From July 24, to July 29, 1780.
