In the Plan of Buildings within the Extended Royalty of Edinburgh.

**P**ROPOSALS were this Day made by the Lord Provost to a General Meeting of the Feuers for making a Variation in the Plan of the Buildings within the Extended Royalty of this City, which would not only be ornamental, but a great Inducement to the Public to erect Buildings there. His Lordship's Proposition was, That a Circus should be introduced in the Plan in George-street, in that Part of it where it is intersected from North to South by Frederick-street, being the Center point between the two Squares, in which any future public Buildings that might be erected within the Extended Royalty would probably be situated.

The Feuers who were present at this Meeting unanimously approved of the proposed Variation; but in order that this Measure may be notified to all others concerned, and that, if they see Cause for it, they may timeously lodge their Objections with me, the Meeting authorized me to publish this their Resolution in all the Edinburgh News-papers, and in the London Gazette; and adjourned the further Consideration of the Matter till their General Meeting, to be held here on Saturday the 16th of June next, at Prince's-street Coffee-house, at One o'Clock Afternoon; of which all concerned are hereby requested to take Notice.

Edinburgh,

ROBERT DONALDSON.
