

Dr. NORRIS's DROPS;

THE Public are requested to peruse an Essay on the Virtues of these Drops, with the Particulars of 130 Cures, selected from a great Number of Cases, voluntarily addressed to Dr. Norris, with a View to benefit the afflicted, given gratis at the Doctor's House, New Bridge-street; Blackfriars, and by all other Venders of the Drops:

Experience has established this Medicine as the safest and most efficacious Remedy, as the most gentle in its Operation, in every Kind of Fever, whether inflammatory, putrid, malignant, bilious, nervous, miliary, or hectic. It also relieves gouty and rheumatic Pains, and is a most incomparable Remedy in the Scurvy. In Lowness or Depression of Spirits, Complaints of the Stomach and Bowels, particularly the bilious and windy Cholick, and even in the natural Decays and Infirmities of advanced Life, its cordial and good Effects are singularly salutary. The above Essay will convince the most incredulous.

Sold in Bottles at 2s. 6d. 5s. and 10s. 6d. at the Doctor's House as above, also by Mrs. Randall, under the Royal Exchange, Mr. Burnell, No. 133, New Bridge-street; and Mess. Byfield and Hawksworth, Charing-cross.

Mr. Sawier, a Gentleman of Bristol, in a Letter to the Printer, published in the Gazette, in Recommendation of these Drops, after several Years Experience of their surprising Efficacy, and before he even knew Dr. Norris, declares them "The greatest Medical Blessing the World ever received."

The same Gentleman, in a Letter to Dr. Norris, on the Virtues and Efficacy of these Drops for Fevers, says, that in the Course of more than Seven Years, not one Instance came to his Knowledge of a Patient doing otherwise than well, who made a fair Trial of them.

And in another Letter on the Virtues of these Drops, he writes the Doctor thus: "I must not omit to mention, that never-failing as your Drops have proved in Fevers, they are found equally sovereign in Complaints of the Bowels. The many Instances I have met with of Persons deplorably bad in the Bilious Cholick, relieved almost instantly, and cured in a few Hours, by this Medicine, induce me to make its Efficacy known as much as possible, for the Sake of Numbers who drag on a miserable Life, merely for Want of a proper Medicine."
