Additional Article.

IT having been reprefented to us, that the ut-
moft Confufion muft enfue in the Colony, and that
it would, in all Probability, be attended with the
entire Ruin of it, if the Paper-Money now circu-
lating in it were deprived of that Security which can
alone give any Effect to the Eighth Article, we
therefore confent, that the Lands and Houfes, the
Property of the Dutch Eaft India Company in this
Settlement, fhall continue the Security of that Part
of the Money which is not already fecured by Mort-
gages upon the Eftates of Individuals, by it's having

been lent to them. This is to be, however, without
Prejudice to the Government of Great Britain
having the Ufe of the Buildings, &c. for public
Purpofes. And we will further reprefent to His
Majefty's Government the infinite Importance of
this Subject to the future Profperity of the Colony,
and requeft that they will take it into Confideration,
in order to make fuch Arrangements as may appear
proper for it's further Security, if neceffary, or for
it's final Liquidation, if practicable.
