

Four Hours a heavy and incessant Cannonade with the Danish Batteries, Block Ships, Praams, and Gun-Boats, in a Situation where from the Shoalness of the Water it was impossible to bring any of the large Ships to their Support.

I feel it my Duty to make a particular Acknowledgment of the Aid I have derived from Sir Home Popham, Captain of the Fleet, whose prompt Resources and complete Knowledge of his Profession, especially of that Branch which is connected with the Operations of an Army, qualify him in a particular Manner for the arduous and various Duties with which he has been charged.

I herewith inclose an Account of the Killed and Wounded.

I beg Leave to refer their Lordships to Captain Collier, whom I have charged with this Dispatch, for any further Particulars they may desire to know.

I have the Honour to be, &c.
