

enemy, who entered Bishofswerder, having sustained a most severe loss.

The whole army were in position on the 13th at night, except General Bulow's corps, which still remains on the right to form the appui to the Landwehr and levies of the Prussian States, amounting to above forty thousand men at the present moment, and is daily increasing.

General Milaradovitch is still in advance of Bautzen.

General Barclay de Tolly's reinforcements are expected to arrive in a day or two. The Prussians have got several new corps come up, and the Russians several thousand convalescents.

The Allied army remained in position on the 14th, and made no apparent movement.

General Sebastiani and Marshal Davoust are reported to be moving on Magdeberg.

I have only to add, having just returned from the outposts, that General Milaradovitch having been pressed by the enemy in force, this day has passed the Spree River, and the enemy have taken up a position within cannon-shot of our advance.

I have the honour to be, &c.
