

could concerning his Electoral Highnesses Resolutions in relation to this City.

*Brussels, January 15.* Notwithstanding the Term given by the French King is expired, the Prince de Chimay Governor of Luxemburg, and several other Governors and Principal Commanders have leave to continue here; and we do not hear of the motion of any French Troops. The Count of Mansfelt, the Emperors Ambassador to the King of Spain, will continue here till two Couriers which have been sent to Madrid and Vienna return, and in the mean time he has frequent Conferences with his Excellency concerning the present Affairs. It is said that his Excellency has resolved not to raise any new Troops, but to recruit those that are already on foot; and that he has made an agreement with some Persons who have undertaken to furnish 2500 Horses; which is a thing very necessary, above a third part of our Cavalry and Dragoons being dismounted, and some whole Regiments.

*Brussels, January 19.* On Sunday last was kept the Feast of St. Anthony, his Excellency the Marquis de Grans, who had taken upon him the Quality of Prevost, having the day before received into the Fraternity Don Antonio d'Agurio, Maître de Camp General of these Provinces, the Prince de Vaudemont General of the Horse, the Marquis de Bedmar General of the Artillery, the Prince Barbancon Governor of the Province of Namur, the Prince of Chimay Governor of Luxemburg, and several others of the first Quality. His Excellency, as Prevost, gave the Entertainment, which was very splendid, and the Prince de Vaudemont was chosen Prevost for the next year. His Excellency and Count Mansfelt intended to have gone, as this day, for Antwerp, but the Count having received advice by an Express from Paris, that his Secretary is released out of the Bastille, he intends to part from hence to-morrow or the day following on his Journey for Spain, which he will take through France.

*Hague, January 15.* Some days since arrived here the Heer Hunnicke, Envoy Extraordinary from the Elector of Saxony; and the Heer d'Amerongen late Envoy from this State at the Courts of Saxony and Brandenburg, is on his return, and every day expected here: The States, upon the Report of the Deputies of the Admiralties, have considerably lessened the Charge of the intended Equipage, ordering the Ships to be of lower Rates than was at first designed; Eight are to carry from 70 to 80 Guns, eight from 60 to 70, and eight from 30 to 45; which, it is said, are to be fitted out at the charge of the Admiralties, the States giving some assistance thereunto; and this Squadron is reported to be designed for the assistance of the Swedes. The Heer Heinsius, Ambassador Extraordinary from this State to the most Christian King, is upon his departure.

*Paris, January 16.* The 14 Instant Don Carlos del Castillo, whom the King of Spain sent to perform his Compliments at this Court upon the Birth of the Duke of Burgundy, had his Audiences of Leave of the King, Queen, &c. having been Treated, during the time he was at Versailles, by the Kings Officers. We have Advice, That the Archbishop of Gnesna, Primate of Poland, having called his Clergy together, had condemned the Propositions of the Clergy of this Kingdom in their last Assembly, and that he had therein followed the example of the Arch-

bishop of Gran, Primate of Hungary, who had in like manner condemned the said Propositions; and we are told that the Pope has desired other Princes to call their Clergy to meet for the same purpose. It is said, that a Marriage is proposed between the Duke of Savoy, and Mademoiselle, Daughter to the Duke of Orleans, and Sister to the Queen of Spain.

*Plymouth, January 9.* The 6th Instant arrived here his Majesties Ship the *Mary-Rose*, Captain Ashby Commander, from the *Streights*; and yesterday the *Swallow*, Captain Carver, with several Merchant Ships under his Convoy, bound for the *Streights*: They both sailed again this day; The first to the Eastward, and the latter to the Southward.

Whereas there is a Report spread abroad of the Death of William Penn Esq; Proprietary of Pennsylvania, to the great prejudice of his Affairs; These are to give Notice, That there is no manner of ground for it, the last Ship that came from thence having brought Letters from him, which left him in perfect health, as any Person may be further satisfied by Mr. Philip Ford in Bow-Lane, London.
