

Quartermaster and one seaman having come on shore for water, deponent jumped overboard and swam on shore; that soon after Robert G. Kirkland and William Robertson, Esqrs. Justices of the Peace, having heard of there being something suspicious in the said sloop's arrival, interrogated the deponent and the said two men; and failing in an attempt to procure the sloop's papers, from the high sea then running, they ordered the said two men into custody for that night. The deponent further said, that information was given to the Collector and Comptroller of His Majesty's Customs at Annotto-Bay, by one of the aforesaid Magistrates, of the circumstances of their arrival, who, without loss of time, repaired to the spot and obtained from the Prizemaster the register of the sloop and other papers for investigation, during which period the vessel drifted and got ashore by the breaking of the cable, which, in consequence of the high sea, soon bilged; that immediate steps were taken by the above Officers, in discharging the cargo and securing the same.
