

perpetual renewal, at and under the rent and fines therein specified; and whereas by deed of renewal, made 3d January 1752, by and between the same parties, the life of the Honourable Garrett. Wesely was substituted in place of that of His Royal Highness Frederick Prince of Wales, then late deceased, one of the lives named in said lease; and whereas all the said lessees and lives in said lease and renewal are long since dead, and the representatives or heirs or assigns of said lessees have not obtained a further renewal of said lease; and whereas all the right and interest of said lessors in and to the said premises is now vested in me, the undersigned; and whereas I have demanded on the said premises all arrears of fines and rent due out of said premises, pursuant to the Statute in such case made and provided; I hereby require the person or persons in whom the right to have a renewal of said recited lease is now vested, within two calendar months from the date hereof, to pay to me all arrears of fines and rent due out of said premises, and which I now hereby demand, otherwise I will for ever hereafter resist any claim that may be set up to a renewal under said lease.—Dated this 28th day of February 1827.

To all persons concerned.

NOTICE TO MARINERS.

BUCHANNESS LIGHTHOUSE.

THE Commissioners of the Northern Lighthouses hereby give notice, that a Lighthouse has been erected on Buchanness, on the coast of Aberdeenshire, forming the Eastern Foreland of Scotland, which will be lighted on Tuesday the 1st day of May next, and will continue thereafter to be exhibited every night, from the going away of day-light in the evening till the return of day-light in the morning.

The following Specification of the Position of the Lighthouse, and the Appearance of the Light, is given by Mr. Stevenson, Engineer to the Commissioners.

The peninsular piece of ground called Buchanness, is situate in lat. 57 deg. 30 min. North, and in long. 1 deg. 47 min. West. From Rattray Briggs the light will be seen over the eastern part of the town of Peterhead, bearing S. S. W.  $\frac{1}{4}$  W. distant nine miles. From Cruden Scares, N. E. distant six miles; and from Girdleness, N. E.  $\frac{3}{4}$  E. distant 25 miles. The lantern is open or glazed from N. by E. to S. W. by W. and intermediate points easterly. The bearings are taken by compass, and the variation is about 27 deg. West.

This light having a somewhat novel appearance, from the quick revolution of its reflector-frame, will be known to Mariners as a flashing light, or twinkling light, which, in every five seconds of time, emerges from a state of partial darkness to a transitory or momentary light, resembling a star of the first magnitude. It will thereby be readily distinguished from the slow motion and red colour of the Bell Rock Light toward the South, or from the stationary light of Kinnaird-Head toward the North.

The light will be from oil, with reflectors, elevated

130 feet above the medium level of the sea. In clear weather it will be seen at the distance of six leagues, and intermediately according to the state of the atmosphere.

By order of the Commissioners of Northern Lighthouses,  
C. Cunningham, Secretary.  
Edinburgh, 10th April 1827.
