NOTICE TO MARINERS.

BUCHANNESS LIGHTHOUSE.

**T**HE Commissioners of the Northern Lighthouses hereby give notice, that a Lighthouse has been erected on Buchanness, on the coast of Aberdeenshire, forming the Eastern Foreland of Scotland, which will be lighted on Tuesday the 1st day of May next, and will continue thereafter to be exhibited every night, from the going away of daylight in the evening till the return of day-light in the morning.

*The following Specification of the Position of the Lighthouse, and the Appearance of the Light, is given by Mr. Stevenson, Engineer to the Commissioners.*

The peninsular piece of ground called Buchanness, is situate in lat. 57 deg. 30 min. North, and in long. 1 deg. 47 min. West. From Rattray Briggs the light will be seen over the eastern part of the town of Peterhead, bearing S. S. W.  $\frac{1}{4}$  W. distant nine miles. From Cruden Scares, N. E. distant six miles; and from Girdleness, N. E.  $\frac{1}{2}$  E. distant 25 miles. The lantern is open or glazed from N. by E. to S. W. by W. and intermediate points easterly. The bearings are taken by compass, and the variation is about 27 deg. West.

This light having a somewhat novel appearance, from the quick revolution of its reflector-frame, will be known to Mariners as a flashing light, or twinkling light, which, in every five seconds of time, emerges from a state of partial darkness to a transitory or momentary light, resembling a star of the first magnitude. It will thereby be readily distinguished from the slow motion and red colour of the Bell Rock Light toward the South, or from the stationary light of Kinnaird Head toward the North.

The light will be from oil, with reflectors, elevated 130 feet above the medium level of the sea. In clear weather it will be seen at the distance of six leagues, and intermediately according to the state of the atmosphere.

By order of the Commissioners of Northern Lighthouses, C. Cunningham, Secretary.
