NOTICE TO MARINERS.

RIVER HUMBER LIGHT-HOUSES.

Trinity-House, Hull, December 10, 1836.

NOTICE is hereby given, that the Corporation of the Trinity-house in Kingston-upon-Hull having, for the benefit of navigation, erected two light-houses near the bank of the River Humber, at South Killingholme, in the county of Lincoln, and another light-house near the bank of the said river at Paull, in Holderness, in the county of York, fixed or stationary bright lights will be exhibited in these light-houses on the evening of Friday the 30th day of December instant, and thenceforth continued every night from sun-set to sun-rise.

The lights at Killingholme are designated as the High Light and the Low Light, the former is about fifty feet, and the latter about thirty-five feet high. The light at Paull is about thirty feet high.

When the two lights at Killingholme are in one, they will bear N. W. $\frac{1}{4}$ N. and will lead ships and vessels coming from sea, a clear course up the Humber from Spurn. On approaching them the light at Paull will be seen, when ships must alter their course to the northward, but not steer for it until the High Light at Killingholme bears W.S.W.; at the same time strict attention must be paid to the state of the tide. Vessels bound up to the port of Hull must be guided by the lead round Skitter Sand, the Sand and Buoy bearing west from Paull Light-house.

N. B. In case of need, with Killingholme Lights in one, a vessel may take the ground with safety, the bottom being mud.

By order,
Wm. Bunney. Secretary.
