

their Regiment; compleat by the end of *April*. A great number of Boats are providing for the use of the Troops of the Empire, which will be brought as far as they can by Water; and Commissaries are appointed to provide all things necessary for them; It's hoped that these Forces will all be in *Hungary* about the middle of *May*, where the general Rendezvous is intended to be held before the end of that Month. Several private Persons have advanced Two Hundred Thousand Florins upon the Monies to be raised by the Ecclesiasticks, which have been put into the Hands of Count *Rabata* Commissary General, to be employed towards the providing the Magazines he has Orders to make in the most considerable places of *Hungary*.

*Cologne, April 3.* The Deputies which our Magistrates sent to the Elector of *Trier* to pray his Interposition for the composing the Differences between the Elector of *Cologne* and this City, returned hither the 31. past; but we do not yet know the success of their Negotiation. The 600 men raised by this City for the Emperor's assistance parted from hence the 29th of the last month under the Conduct of the Count *de Thann* the Imperial Minister for *Bonne*, and we since hear that they have from thence continued their march to *Coblentz*. The Letters from *Vime* of the 25th past inform us, that the States of *Suabia* were separated after having resolved to make up their Troops in the Emperor's Service to the number of 5000 men. They write from *Munick* that the Elector of *Saxony* passed privately through that place on the 23. of the last month in his return home from *Penice*; And that he had already given orders for the march of the 3000 men with which he has promised to assist the Republick.

*Marfeilles, April 6.* They work very diligently at *Thoulon* and here on the Men of War and Gallies designed against the *Tripolins*; And it's believed that by the latter end of the next Month 15 Men of War and as many Gallies, with five Gallions for their Bombs and Carcasses will be ready to put to Sea. The *Tripolins* are fitting out all their Ships, thinking them more secure at Sea than in Port.

*Paris, April 14.* We have an account from *Genoua*, that their Doge and four Senators parted from thence the 29th past, intending to take their journey through *Savoy*. And several Gentlemen of their Train are already arrived here to prepare things for their reception, The Canal designed to be brought from the River *tire* to *Verfaillies*, is begun, and *Monfieur de Louvoy* has taken several journeys to give orders for the halting the Work.
