

To the Guardians of the Poor of the Poplar Union; and to all others whom it may concern.

Whereas by the Act eleventh and twelfth Victoria, cap. 123, intituled "An Act to renew and amend an Act of the tenth year of Her present Majesty for the more speedy removal of certain nuisances, and the prevention of contagious and epidemic diseases," and by virtue of an Order of Her Majesty's Most Honourable Privy Council, bearing date the 27th day of March 1849, directing that the provisions of the said Act be continued in force throughout the whole of Great Britain; We, the General Board of Health, are authorized to issue such directions and regulations as the said Board shall think fit for the prevention as far as possible, or mitigation of epidemic, endemic, and contagious diseases;

And whereas the crew of a Swedish vessel named the Anton, now lying off the Thames Police Station, Folley-wall, Poplar, have been affected with cholera, and two of them have died, the remainder having been conveyed to the hospital;

1. We, the General Board of Health, do hereby order and require the Guardians of the Poplar Union to cause their medical officer to enter and examine the condition of the said vessel, and any other vessel in which cases of cholera have occurred, to inquire into the causes of the outbreak of cholera among the crew, and to order the said vessel or vessels to be thoroughly cleansed and purified throughout, and the cargoes to be removed; if he shall think necessary;

2. And we further order that the said Guardians prohibit the survivors of the said crew or crews, or any other person, from returning to live on board the said vessel or vessels until the medical officer as aforesaid shall certify that they are in a perfectly safe and wholesome condition;

3. And we further order that the proceedings and arrangements as aforesaid shall be subject to the approval of any medical superintending inspector whom the Board may send to inquire into the condition of the said vessel or vessels; but that in the absence of such inspector the said medical officer to the Guardians shall act as directed aforesaid.

Given under our hands, and under the seal of the General Board of Health, this 16th day of August 1849.

(Signed) *Ashley.*

To the Guardians of the Poor of the Saint Austell Union; and to all others whom it may concern.

Whereas by the Act eleventh and twelfth Victoria, cap. 123, intituled "An Act to renew and amend an Act of the tenth year of Her present Majesty for the more speedy removal of certain nuisances, and the prevention of contagious and epidemic diseases," and by virtue of an Order of Her Majesty's Most Honourable Privy Council, bearing date the 27th day of March 1849, directing that the provisions of the said Act be continued in force throughout the whole of Great Britain; We, the General Board of Health, are authorized to issue such directions and regulations as the said Board shall think fit for the prevention, as far as possible, or mitigation of epidemic, endemic, and contagious diseases;

And whereas the parish of Mevagissey, in the Saint Austell Union, appears to be affected by formidable epidemic and endemic disease;

And whereas it has been reported to us, that a very great mortality from cholera has occurred in the said parish, and that the landing and mode in use there of curing fish in the midst of dwellings causes an offensive liquid to run into the streets and houses, which is exceedingly dangerous in the present state of the public health;

Now We, the General Board of Health, in further exercise of the power vested in us as aforesaid, do issue the directions and regulations hereinafter contained to extend to the above-mentioned parish of Mevagissey;

That no fish be allowed to be landed or cured, during a period of six weeks from the date of this present Order, within the limits of the parish of Mevagissey, except in such parts thereof or in such mode as the medical superintending inspector, or, in his absence, one of the medical officers of the aforesaid parish, shall certify that it can be done with safety to the health of the inhabitants.

Given under our hands, and under the seal of the General Board of Health, this 16th day of August 1849.

Masters' Office, Southampton-Buildings,
Thursday, 9th day of August 1849.

In the Matter of the Joint Stock Companies' Winding-up Act, 1848, and of the Grand Trunk or Stafford and Peterborough Union Railway.

I RICHARD TORIN KINDERSLEY, Esq. the Master of the High Court of Chancery acting, by virtue of sections 97 and 98 of the above-mentioned Act, for William Brougham, Esq. the Master of the High Court of Chancery charged with the winding up of this Company, do peremptorily order that a call of five shillings per share be made on all the contributories of this Company whose names are included in the list of contributories, so far as the same has been at present settled by the said William Brougham, Esq. And I do peremptorily order each of such contributories as aforesaid, on the 4th day of September 1849, at ten o'clock in the forenoon, at the office of Mr. William Turquand the younger, of No. 1, Guildhall-chambers, in the city of London, to pay to the said William Turquand, junior, the Official Manager of this Company, the balance, if any, which will be due from him after debiting his account in the Company's books with such call.

61, Moorgate-Street, London,
August 16, 1849.

IN consequence of the number of Proprietors assembled in Brussels, on the 8th instant, being insufficient to constitute a legal Meeting, notice is hereby given, that the eighth Half-yearly General Meeting of the Shareholders in this undertaking, intended to have been then held, stands adjourned to Monday the 3rd day of September next, at one o'clock in the afternoon.

By order of the Board,
Joseph George, Secretary.
