Certificate of the General Board of Health for Closing the Burial Ground of Saint George's Church, in the municipal borough of Wolverhampton.

WHEREAS, upon the representation of the Local Board of Health for the municipal borough of Wolverhampton, in the county of Stafford, acting under and for the purposes of the Public Health Act, 1848, that the burial ground attached to Saint George's Church, in the said borough, was, at the date of such representation, in such a state as to be dangerous to the health of persons living in the neighbourhood thereof, the General Board of Health appointed for the purposes of the said Public Health Act have, in pursuance of the provisions of that Act, directed Robert Rawlinson, a superintending inspector appointed for the purposes of the same Act, to visit the said borough, and there to make public inquiry and examine witnesses with respect to the state of such burial ground :

And whereas the said inspector having previously given the notices directed by the said Act, proceeded upon the said inquiry in the manner directed by the said Act, and hath reported in writing to the said General Board upon the state of the said burial ground, and the means of interment existing within a convenient distance of the same :

And whereas such inquiry and report have been duly certified to the Right Reverend the Lord Bishop of Lichfield, within whose diocese the said

church is situated, and copies of the said report (accompanied by a notice stating that within a time stated therein, being a period of not less than one month from the date of the publication and deposit thereof, written statements might be forwarded to the said Board with respect to any matter contained in or omitted from such report, or any amendment to be proposed therein), have been duly made, published, and deposited as directed by the said Public Health Act, and the time for forwarding such statements has now elapsed, and all such statements as have been received by the said Board have been duly deposited as required by that Act.:

Now, therefore, we, the said General Board, do hereby, under our hands and official seal, certify, according to the provisions of the said Act,

That the burial ground attached to Saint George's Church, in the said municipal borough of Wolverhampton, being a district to which the Public Health Act, 1848, has been applied, is in such a state as to be dangerous to the health of persons living in the neighbourhood thereof, and that sufficient means of interment exist within a convenient distance of such burial ground.

And we direct,

That from and after the 15th day of November 1851, it shall not be lawful to bury or suffer to be buried, any further corpses or coffins within or under the said burial ground.

Provided always, that where by any faculty legally granted, or otherwise, there is any right of interment in any private vault or brick grave actually constructed, erected, or made within such burial ground before the date of this certificate, it shall be lawful for the said Local Board of Health from time to time, on application being made to them, and on being satisfied that the exercise of such right will not be prejudicial to health, to grant licence for the exercise of such right during such time, and subject to such conditions and restrictions, as the said Board may think fit; but such licence shall not prejudice or otherwise affect the authority of the ordinary, or of any other person who, if this certificate had not been made, might have prohibited or controlled interment under such right, nor dispense with any consent which would have been required, nor otherwise give to such right any greater force or effect than the same would have had if this certificate had not been made.

Given under our hands, and under the seal of the General Board of Health, this 30th day of September 1851.

(Signed)

Shaftesbury.
Edwin Chadwick.
