

suffer to be buried, any further corpses or coffins in, within, or under any or either of the said burial grounds.

Provided always, that where, by any faculty legally granted or otherwise, there is any right of interment in any private vault or brick grave actually constructed, erected, and made within any of such burial grounds before the date of this certificate, it shall be lawful for the said Local Board of Health, from time to time, on application being made to them, and on being satisfied that the exercise of such right will not be prejudicial to health, to grant licence for the exercise of such right during such time, and subject to such conditions and restrictions as the said Local Board may think fit; but such licence shall not prejudice or otherwise affect the authority of the ordinary, or of any other person who, if this certificate had not been made, might have prohibited or controlled interment under such right, nor dispense with any consent which would have been required, nor otherwise give to such right any greater force or effect than the same would have had if this certificate had not been made.

Provided also, that the term "brick grave" shall, for the purposes of this certificate be held to include those graves only which are walled up with brick or stone, set in mortar or cement, to or near to the surface of the ground, and then arched or otherwise covered over with brick or stone.

Given under our hands and under the seal of the General Board of Health, this 8th day of March, 1853.
