

and 6th years of the reign of King William the 4th, intituled 'An Act to amend the law touching letters patent for inventions,' and of another Act, made and passed in the session of Parliament, held in the 7th and 8th years of the reign of Her present Majesty, intituled "An Act for amending an Act, passed in the 4th year of the reign of His late Majesty, intituled 'An Act for the better administration of justice in His Majesty's Privy Council, and to extend its jurisdiction and powers,'" and of "The Patent Law Amendment Act, 1852," Theodore Jones, of No. 1, Upper Vernon-street, Pentonville, in the county of Middlesex, Accountant, and who is executor of the last will and testament of Orlando Jones, the Patentee hereinafter named, Theodore Brook Jones, of No. 4, Clapton-square, Hackney, in the county of Middlesex, Accountant; Anna Matilda Jones, of the same place, Spinster; Alfred Orlando Jones, of the same place, Gentleman; Alfred Jones, of York-road, Montpelier, Bristol, in the county of Somerset, Gentleman; Edwin Jones, of No. 1, Clapton-villas, Lea-bridge-road, Upper Clapton, in the county of Middlesex, Accountant; Isabella Jones, of No. 1, Upper Vernon-street, Pentonville, in the county of Middlesex, Spinster; Matilda Jones, of the same place, Spinster; Maria Jones, of the same place, Spinster; Henry Barber, of No. 4, Canonbury-lane, Islington, in the county of Middlesex, Colonial Broker; Thomas Evans, of Upper Clapton aforesaid, Drysalter; and William Walton, of No. 60, Barbican, in the city of London, Hop Merchant, all or some of which said parties are assignees or proprietors of the letters patent hereinafter mentioned, intend all and each of them to apply by petition to Her Majesty in Council for a prolongation of the term of sole using and vending the invention of Orlando Jones, formerly of the City-road, in the county of Middlesex, Accountant, since deceased, of "improvements in treating or operating on farinaceous matters, to obtain starch and other products, and in manufacturing starch" granted to the said Orlando Jones, for England, Wales, and the town of Berwick-upon-Tweed, and the Islands of Jersey, Guernsey, Alderney, Sark, and Man, and all Her said Majesty's Colonies and Plantations abroad, by letters patent under the Great Seal of the United Kingdom, bearing date at Westminster, on the 30th day of April, in the 3rd year of the reign of Her present Majesty Queen Victoria, being the year of our Lord, 1840.

And notice is hereby given, that all the several above-named parties and each of them intend to apply by Counsel to the Judicial Committee of the Privy Council, on the 28th day of November next, or if the said Judicial Committee shall not sit on that day at the then next sitting of the said Judicial Committee, or as soon after as Counsel can be heard, for a time to be fixed for hearing the matter of their said petition; and that on or before the said 28th day of November next, caveats must be entered, and that all persons intending to enter caveats against such application as aforesaid, must enter the same at the Council Office, on or before the said 28th day of November next.—Dated this 11th day of October, 1853.

*Wilson, Harrison and Bristow*, 1, Copthall-buildings, London, Solicitors for the Petitioners.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

1250. Henry Gilbert, of Kensington, in the county

of Middlesex, Gentleman, has given notice at the Office of the Commissioners of his intention to proceed with his application for letters patent for the invention of "improvements in apparatus for cleaning boots and shoes."

1254. And William Carr Thornton, of Clackheaton, in the county of York, Machine Maker, has given the like notice in respect of the invention of "improved machinery for making wire cards."

As set forth in their respective petitions, both recorded in the said office on the 20th day of May, 1853.

1278. And George Irlam Higginson, of Meeting House-lane, Mary's Abbey, Dublin, Sugar Refiner, has given the like notice in respect of the invention of "improvements in machinery or apparatus for evaporating or concentrating liquids."

1279. And Frederick Russell, of Clarence-gardens, Regent's-park, in the county of Middlesex, Mechanic, has given the like notice in respect of the invention of "improvements in raising and lowering windows, shutters, blinds, and similar appendages."

As set forth in their respective petitions, both recorded in the said office on the 25th day of May, 1853.

1323. And Alfred Whaley Sanderson, of Cable-street, Lancaster, in the county of Lancaster, Tea, Coffee, and Spice Merchant, has given the like notice in respect of the invention of "improvements in preparing effervescing powders."

As set forth in his petition, recorded in the said office on the 28th day of May, 1853.

1349. And Joseph Whitworth, of Manchester, in the county of Lancaster, Engineer, has given the like notice in respect of the invention of "improvements in machinery for cutting and harvesting corn, grass, and other crops."

1350. And Joseph Whitworth, of Manchester, in the county of Lancaster, Engineer, has given the like notice in respect of the invention of "improvements in machinery for perforating or punching paper, card, and other materials."

1352. And William Thorold, of Norwich, Civil Engineer, has given the like notice in respect of the invention of "improvements, in the construction of portable houses and in machinery for raising, moving, and lowering the same."

As set forth in their respective petitions, all recorded in the said office on the 2nd day of June, 1853.

1363. And Ferdinand Louis Gossart, of Paris, in the Empire of France, 52, Rue Montmartre, and of 16, Castle-street, Holborn, in the city of London, has given the like notice in respect of the invention of "a system of permanent circulation of caloric intended to produce and over-heat steam, gas, and liquid."

As set forth in his petition recorded in the said office on the 3rd day of June, 1853.

1399. And Alexander McDougall, of Manchester, in the county of Lancaster, Manufacturing Chemist, has given the like notice in respect of the invention of "improvements in the manufacture of potash and soda ash."

As set forth in his petition, recorded in the said office on the 7th day of June, 1853.

1406. And Henry Bernoulli Barlow, of Manchester, in the county of Lancaster, Consulting Engineer and Patent Agent, has given the like notice in respect of the invention of "improvements in machinery for spinning, doubling, and
