

at his office in Stafford; and that copies of so much of such plans, sections, and books of reference as relates to each parish in, through, or into which the intended works will pass or be situate, with a copy of the said notice, will, on or before the said 30th day of November instant, be deposited with the parish clerk of each such parish, at his residence; and on or before the 31st day of December next, copies of the proposed Bill will be deposited in the Private Bill Office of the House of Commons.

Dated this 10th day of November, 1853.

Rowland Price, Solicitor, Stourbridge.

In the Matter of the Joint Stock Companies' Winding-up Acts, 1848 and 1849, and of the Newcastle-upon-Tyne Marine Insurance Company.

NOTICE is hereby given, that all parties claiming to be creditors of this Company are to come in and prove their debts before the Right Honourable Sir John Romilly, the Master of the Rolls, the Judge to whose Court this matter is attached, at his chambers, in Rolls-yard, Chancery-lane; and until they shall so come in, they will be precluded from commencing or prosecuting any proceeding for recovery of their debts.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that the petition of Frederick William Alexander de Fabeck, of No. 18, Norfolk-street, Strand, in the county of Middlesex, praying for letters patent for the invention of "the construction of bridges, viaducts, lintels, beams, girders, and other horizontal structures and supports," was deposited and recorded in the Office of the Commissioners on the 25th day of February, 1854, and a complete specification accompanying such petition was at the same time filed in the said office.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that provisional protection has been allowed

17. To Julian Bernard, of 15, Regent-street, in the county of Middlesex, Gentleman, for the invention of "improvements in the manufacture of boots and shoes, part of such improvements being applicable to the manufacture of garments."
