

**N**OTICE is hereby given, that Charlotte Smith, wife of Jabez Smith, of Bedford, in the county of Bedford, to whom letters patent were granted on the 14th day of May, 1849, for her invention of "improvements in certain articles of wearing apparel," has applied by petition to Her Majesty's Attorney-General, for the leave and fiat of the said Attorney-General to enter a disclaimer for the purpose of disclaiming a certain part of the specification of the said invention as in the said petition mentioned.—Dated this 27th day of December, 1854.

*Robertson, Brooman, and Co., No. 166, Fleet-street, London, Agents for the above-named Charlotte Smith.*

**N**OTICE is hereby given, that in pursuance of an Act of Parliament, made and passed in the session of Parliament held in the fifth and sixth years of the reign of His late Majesty King William the Fourth, intituled "An Act to amend the law touching letters patent for inventions," and of another Act, made and passed in the session of Parliament held in the seventh and eighth years of the reign of Her present Majesty, intituled "An Act for amending an Act, passed in the fourth year of the reign of His late Majesty, intituled 'An Act for the better administration of justice in His Majesty's Privy Council and to extend its jurisdiction and powers,'" and of the "Patent Law Amendment Act, 1852," John George William Kuper, George Elliot, and Richard Atwood Glass, all of Camberwell, in the county of Surrey, and of East Greenwich, in the county of Kent, Wire Rope Manufacturers and Copartners, who are assignees of the letters patent hereinafter mentioned, and claiming a beneficial interest under or in respect of the said letters patent, intend to apply by petition to Her Majesty in Council, for a prolongation of the term of sole using and vending the invention of John Baptist Fried Wilhelm Heimann, formerly of Ludgate-hill, in the city of London, Merchant, of "improvements in the manufacture of ropes and cables," granted to the said John Baptist Fried Wilhelm Heimann, for England and Wales and the town of Berwick-upon-Tweed, by letters patent, under the Great Seal of the United Kingdom, bearing date at Westminster, the eight day of March, in the fourth year of the reign of Her present Majesty Queen Victoria, being in the year one thousand eight hundred and forty-one. And notice is hereby given, that the said John George William Kuper, George Elliot, and Richard Atwood Glass, intend to apply by counsel to the Judicial Committee of the Privy Council, on the first day of February next, or if the said Judicial Committee shall not sit on that day, at the then next sitting of the said Judicial Committee, or as soon after as counsel can be heard, for a time to be fixed for hearing the matter of their said petition, and that on or before the said first day of February next, caveats must be entered; and that all persons intending to enter caveats against such application as aforesaid, must enter the same at the Council Office on or before the said first day of February next.—Dated this twenty-first day of December, 1854.

*Gatty and Howard, Angel-court, Throgmorton-street, London, Solicitors for the Petitioners.*

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

**N**OTICE is hereby given, that—

1800. Julian Bernard, of Club-chambers, Regent-street, in the county of Middlesex, Gentleman, has given notice at the Office of the Commissioners of his intention to proceed with his application for letters patent, for the invention of "improvements in the manufacture of boots and shoes or other coverings for the feet."

As set forth in his petition, recorded in the said office, on the 17th day of August, 1854.

1830. And William Vitruvius Greenwood and John Saxby, of Brighton, Engineers, have given the like notice in respect of the invention of "improvements in signal lamps."

As set forth in their petition, recorded in the said office on the 19th day of August, 1854.

1854. And Aristide Balthazard Bérard, of Paris, in the French Empire, Engineer, and Chevalier of the Legion of Honour, has given the like notice in respect of the invention of "certain improvements in the manufacture of gas, coke, and other products from coal and in apparatus for that purpose."

As set forth in his petition, recorded in the said office on the 23rd day of August, 1854.

1875. And Richard Archibald Brooman, of 166, Fleet-street, in the city of London, Patent Agent, has given the like notice in respect of the invention of "improvements in obtaining motive power."—A communication.

As set forth in his petition, recorded in the said office on the 26th day of August, 1854.

1878. And Auguste Antoine Jegras, Mechanician, of Paris, a town of the French Empire, has given the like notice in respect of the invention of "an improved apparatus for regulating the level or flow of liquids."

1883. And George Burch, of Waltham-cross, Cheshunt, in the county of Herts, has given the like notice in respect of the invention of "improvements in the manufacture of pulp."

As set forth in their respective petitions, both recorded in the said office on the 28th day of August, 1854.

1886. And James Lamb Hancock, of Milford Haven, Pembrokeshire, has given the like notice in respect of the invention of "improvements in machinery for draining land."

1890. And Louis Napoleon Langlois, Gentleman, and Jean Baptiste Clavières, Mechanical Engineer, both of Paris, France, and of 4, South-street, Finsbury, London, have given the like notice in respect of the invention of "a new mode of constructing steam boilers."

1893. And John Fisher Williams, of 19, Artillery-place, West Bunhill-row, has given the like notice in respect of the invention of "improvements in joining cast iron tubes."

As set forth in their respective petitions, all recorded in the said office on the 29th day of August, 1854.

1921. And Pierre André Decoster, Civil Engineer, of Paris, in the French Empire, has given the like notice in respect of the invention of "certain improvements in extracting the saccharine parts of the sugar-reeds and of other sacchariferous substances."

As set forth in his petition, recorded in the said office, on the 2nd day of September, 1854.
