A. H. STONE, Registrar and Public Administrator.

Edward Barnard, Agent-General for Crown Colonies,
5, Cannon-row, Westminster.—January, 1855.

NOTICE.

County Courts' Registry, No. 2, New Street,
Spring Gardens.

REDUCTION OF FEES.

THE Lords Commissioners of Her Majesty's Treasury have been pleased to order that the following reduced fees should be taken for Searches, &c., namely:

Table of Fees.

	s.	d.
For every search for a judgment or petition for protection made at the Registry	0	6
For forty searches, to be made within two months (<i>to be paid in advance</i>)	10	0
For every certificate of search, obtained either through the Clerk of the Court or by a letter to the Registrar	2	0
For having the record of any judgment removed from the register (<i>to be paid to the Clerk of the Court</i>)	1	6

The registry of county courts' judgments was established to afford to traders a ready means of ascertaining the solvency of parties, and to enable executors and administrators to discover what judgment debts they are bound to satisfy.

In the registry can be found the name, address, and occupation of every party against whom a judgment has been recorded since March, 1847, in any of the county courts throughout England and Wales, for £10 and upwards, and which remains unsatisfied at the time the search is made.

INSOLVENCY.

Also the name, last address, and occupation of every party who has applied for protection from his creditors to any of the county courts since June, 1854.

Patent Law Amendment Act, 1852.
Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

1889. Thomas McNally, of William-street, Bridge-street, Blackfriars, in the city of London, Carpenter and Builder, has given notice at the Office of the Commissioners of his intention to proceed with his application for letters patent for the invention of "improvements applicable to window sashes or shutters."

As set forth in his petition, recorded in the said office on the 29th day of August, 1854.

1905. And Julian Bernard, of Club-chambers, Regent-street, in the county of Middlesex, Gentleman, has given the like notice in respect of the invention of "improvements in the manufacture of combs."

1908. And John Macmillan Dunlop, of Manchester, in the county of Lancaster, Engineer, has given the like notice in respect of the invention of "improvements in machinery or apparatus for preparing, cleaning, and cutting india rubber and gutta percha."—Partly a communication.

As set forth in their respective petitions, both recorded in the said office on the 31st day of August, 1854.

1914. And James Danks, of Birmingham, in the county of Warwick, Glass Cutter, has given the like notice in respect of the invention of "an improvement or improvements in inkstands, which improvement or improvements may also be applied to the stoppers of bottles, the packing of pistons and other like purposes."

As set forth in his petition, recorded in the said office on the 1st day of September, 1854.

1919. And Henry Bernoulli Barlow, of the city of Manchester, Patent Agent, has given the like notice in respect of the invention of "improvements in machinery for cleaning cotton and other fibrous materials."—A communication.

As set forth in his petition, recorded in the said office, on the 2nd day of September, 1854.

1927. And James Parker of Birmingham, in the county of Warwick, Locomotive Superintendent, has given the like notice in respect of the invention of "an improvement or improvements in the smoke-boxes of locomotive engines."

As set forth in his petition, recorded in the said office on the 4th day of September, 1854.

1942. And John Henry Pape, of Paris, No. 19, Rue des Bons Enfants, has given the like notice in respect of the invention of "improvements in wind musical instruments."

As set forth in his petition, recorded in the said office on the 5th day of September, 1854.

1951. And Paul Adolphe Garnaud, of Paris, in the Empire of France, and of 16, Castle-street, Holborn (City), London, has given the like notice in respect of the invention of "improvements in certain gazogene apparatus used for the production of aerated liquids."

As set forth in his petition, recorded in the said office on the 7th day of September, 1854.
