

be examined, taxed and allowed by that officer, and paid under the sanction of the Judge of the said Court.

Agents and all other persons holding powers of attorney, prize orders, assignments or other instruments, by virtue of which they may be legally entitled to claim the share belonging to any captor, are requested, with as little delay as possible, to transmit the same, accompanied by the usual documents, to the Prize Branch of the Department of the Accountant-General of the Navy, Admiralty, Somerset House.

Due notice will be given, by future advertisements in the London Gazette, of the date proposed for the commencement of distribution; and, at the same time, the amount of an individual's share in the respective classes will be announced.

NAVAL PRIZE MONEY.

Department of the Accountant-General of the Navy, Admiralty, Somerset-House, May 7, 1855.

NOTICE is hereby given, to all persons interested therein, that preparations are now making for the intended distribution of proceeds arising from the salvage of the Cuthbert Young, captured on the 26th June, 1854, from the Riff Pirates, by Her Majesty's ship Prometheus.

Agents or other persons having any just and legal demand, unliquidated, against the said proceeds, are required to transmit the particulars of any such demand to the Registrar of the High Court of Admiralty, in order that the same may be examined, taxed, and allowed by that Officer, and paid under the sanction of the Judge of the said Court.

Agents and all other persons holding powers of attorney, prize orders, assignments, or other instruments, by virtue of which they may be legally entitled to claim the share belonging to any captor, are requested, with as little delay as possible, to transmit the same, accompanied by the usual documents, to the Prize Branch of the Department of the "Accountant-General of the Navy, Admiralty, Somerset-House."

Due notice will be given, by future advertisements in the London Gazette, of the date proposed for the commencement of distribution; and, at the same time, the amount of an individual's share in the respective classes will be announced.

NOTICE is hereby given, that a separate building, named Ebenezer Particular Baptist Chapel, situated at Bewsey-street, in the parish of Warrington, in the county of Lancaster, in the district of Warrington, being a building certified according to law as a place of religious worship, was, on the 2nd day of May, 1855, duly registered for solemnizing marriages therein, pursuant to the Act of 6th and 7th Wm. IV., cap 85.

Witness my hand this 5th day of May, 1855.

Thomas Geddes, Superintendent Registrar.

Patent Law Amendment Act, 1852.

Office of the Commissioners of Patents for Inventions.

NOTICE is hereby given, that—

2731. John Comstock, of the city and county of New London, in the State of Connecticut, United States of America, has given notice at the Office of the Commissioners of his intention to proceed with his application for letters

patent for the invention of "improvements in trip hammers."

As set forth in his petition, recorded in the said office, on the 27th day of December, 1854.

2746. And Andrew Dietz and John G. Dunham, of Raritan, State of New Jersey, United States of America, have given the like notice in respect of the invention of "improvements in mowing and reaping machines, by which the sickle, cutting the grain, is moved or worked directly by the driving wheel or its equivalent without the necessity of cog-wheels, cranks, &c."

As set forth in their petition, recorded in the said office on the 29th day of December, 1854.

2756. And Eugène Mayeur, of No. 62, Tredegar-square, London, acting as Agent for Thomas Piatti, of Port Maurice, in the Sardinian States, has given the like notice in respect of the invention of "a new hydraulic pump or machine, based on the centrifugal principle, for the purpose of raising, forcing, or exhausting (even muddy) waters or other fluids, and applicable to the wants of agriculture, industry generally, and to the salvage of ships."—A communication from the aforesaid Thomas Piatti.

2762. And John Henry Johnson, of 47, Lincoln's-inn-fields, in the county of Middlesex, and of Glasgow, North Britain, Gentleman, has given the like notice in respect of the invention of "improvements in obtaining motive power."—A communication from Jacques Eugene Armand, of Paris, in the Empire of France, Civil Engineer.

2764. And Samuel Smith Shipley, of Stoke Newington, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in fittings suitable for dressing-cases, and for other purposes of elegance and utility."

As set forth in their respective petitions, all recorded in the said office on the 30th day of December, 1854.

16. And William Kendall and George Gent, of Salford, near Manchester, in the county of Lancaster, Machinists, have given the like notice in respect of the invention of "improvements in machinery or apparatus for cutting metals, either solid or tubular."

21. And Alexander Southwood Stocker and Samuel Darling, both of No. 11, the Poultry, Cheapside, in the city of London, Manufacturers, have given the like notice in respect of the invention of "certain improvements in the manufacture of bottles, pots, jars, tubes, and other receptacles, part of which improvements are applicable to various other purposes for commercial and domestic use."

As set forth in their respective petitions, both recorded in the said office on the 3rd day of January, 1855.

37. And Jean Baptiste Edouard Rüttre, of Paris, Empire of France, Manufacturer, has given the like notice in respect of the invention of "improvements in the treatment of rags and other goods formed partly of wool and partly of vegetable fibres, in order to separate the vegetable fibres from them, and obtain the wool in its pure state."

As set forth in his petition, recorded in the said office on the 6th day of January, 1855.

45. And Robert McCall, of Pallas-Kenry, in the county of Limerick, Ireland, has given the like notice in respect of the invention of "certain improvements in the manufacture of iron and steel."
