

1255. And John Charles Pellenz, of Aix-la-Chapelle, in the Kingdom of Prussia, has given the like notice in respect of the invention of "improvements in the manufacture of iron wheels."
As set forth in his petition, recorded in the said office on the 1st day of June, 1855.
1263. And Henry Cartwright, of the Dean, Broseley, in the county of Salop, has given the like notice in respect of the invention of "an improved steam cock."
As set forth in his petition, recorded in the said office on the 2nd day of June, 1855.
1347. And John Avery, of 32, Essex-street, Strand, London, Patent Agent, has given the like notice in respect of the invention of "improvements in oscillating steam-engines."—A communication.
As set forth in his petition, recorded in the said office on the 13th day of June, 1855.
1418. And John Louis Jullion, of Combe House, Tovil, in the county of Kent, Analytical Chemist, has given the like notice in respect of the invention of "the manufacture of paper, card, and mill-board, from certain vegetable productions."
As set forth in his petition, recorded in the said office on the 21st day of June, 1855.
1436. And Auguste Edouard Loradoux Bellford, of 32, Essex-street, Strand, London, Patent Agent, has given the like notice in respect of the invention of "improvements in breech-loading fire-arms, and cartridges relating thereto."—A communication.
As set forth in his petition, recorded in the said office on the 22nd day of June, 1855.
1470. And Louis Joseph Frédéric Margueritte, Chemist, of Paris, in the Empire of France, and of 32, Essex-street, Strand, London, has given the like notice in respect of the invention of "improvements in the manufacture of glass and crystal."
As set forth in his petition, recorded in the said office on the 27th day of June, 1855.
1479. And John Skelley, of Kilcurry, in the county of Longford, Ireland, has given the like notice in respect of the invention of "improvements in the construction of carriage wheels."
As set forth in his petition, recorded in the said office on the 28th day of June, 1855.
1489. And John Weems, of Johnstone, in the county of Renfrew, North Britain, Tinsmith, has given the like notice in respect of the invention of "improvements in drying grain and other substances."
As set forth in his petition, recorded in the said office on the 29th day of June, 1855.
1507. And James Connor, of Coventry in the county of Warwickshire, Carver and Gilder, has given the like notice in respect of the invention of "improvements in apparatus for communicating between the engine drivers and the guards of railway trains."
As set forth in his petition, recorded in the said office on the 5th day of July, 1855.
1515. And James Bullough, of Accrington, Robert Willan, of Blackburn, and John Walmsley, of Accrington, all in the county of Lancaster, have given the like notice in respect of the invention of "improvements in machinery or apparatus for warping by power."
As set forth in their petition, recorded in the said office on the 6th day of July, 1855.
1560. And Frederick Howorth Edwards, of Newcastle-upon-Tyne, in the county of Northumberland, Civil Engineer, has given the like notice in respect of the invention of "improvements in obtaining motive power from fuel, air, and water."
As set forth in his petition, recorded in the said office on the 12th day of July, 1855.
1566. And Joseph Henry Tuck, of Pall-mall, in the county of Middlesex, Civil Engineer, has given the like notice in respect of the invention of "improvements in apparatus for condensing or exhausting atmospheric air or other elastic fluids."—A communication.
1580. And Henry Grafton, of Rolles-buildings, Fetter-lane, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in the manufacture of fire lighters, which are also applicable for other burning purposes."
As set forth in their respective petitions, both recorded in the said office on the 13th day of July, 1855.
1594. And Joseph Henry Tuck, of Pall Mall, in the county of Middlesex, Civil Engineer, has given the like notice in respect of the invention of "improvements in blowing apparatus, and other apparatus and engines in which air and other elastic fluids are used."—A communication.
As set forth in his petition, recorded in the said office on the 16th day of June, 1855.
1613. And Charles Toye, of No. 42, Gloucester-street, Queen-square, Middlesex, Mechanic, has given the like notice in respect of the invention of "improvements in looms for weaving pile and terry fabrics."
1618. And William Ball, of Ilkeston, in the county of Derby, and John Wilkins, of Nottingham, have given the like notice in respect of the invention of "improvements in the manufacture of warp fabrics."
1620. And Auguste Edouard Loradoux Bellford, of 32, Essex-street, Strand, in the county of Middlesex, Patent Agent, has given the like notice in respect of the invention of "a new or improved method of condensing vapours and smoke."—A communication from Professor Frederic Kuhlmann, of Lille, France.
As set forth in their respective petitions, all recorded in the said office on the 18th day of July, 1855.
1654. And Charles Goodyear, of No. 25, Avenue-road, St. John's-wood, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in the surfaces used for printing."—Partly a communication.
As set forth in his petition, recorded in the said office on the 21st day of July, 1855.
1664. And Charles Goodyear, of 25, Avenue Road, St. John's Wood, in the county of Middlesex, has given the like notice in respect of the invention of "an improvement in manufacturing moulded articles made of compounds of india rubber."—A communication.
1666. And Charles Goodyear, of No. 25, Avenue Road, St. John's Wood, in the county of Middlesex, has given the like notice in respect of the invention of "improvements in the manufacture of combs."
1667. And Charles Goodyear, of 25, Avenue-road, St. John's Wood, London, has given the like notice in respect of the invention of "improvements in the manufacture of boats and other vessels."
As set forth in his petitions, all recorded in the said office on the 23rd day of July, 1855.
